ELEVEN ROOMS WITH KITCHEN

Lower Canada, N.S.
We have had considerable experience in heating our six different houses in forty years of married life — stove of all kinds, base burners and furnaces. Last year we purchased another house. We decided to put in an Enterprise Pipeless Furnace and it gives us perfect satisfaction. It is the last word in heating equipment for comfort and low cost of fuel. Eleven rooms with kitchen are heated and the only fire used all winter, were in the Enterprise Pipeless and the kitchen range, and the home was perpetual summer.
