

Skin Covered With Eczema-- Now Clear and Healthy

Marvelous Healing by Well Known Remedy

There is nothing so simple in its origin and afterwards so difficult to get rid of as skin disease. On the first sign of irritation, roughness, or eruption, anoint the place with Zam-Buk. This herbal ointment will speedily banish all trouble.

When the skin is already aflame with eczema, or poisoned or ulcerated, Zam-Buk is the one external application powerful enough to get to the root of the disease. It quickly replaces unhealthy tissue by new clear skin. You will be astounded at the quick soothing and healing of Zam-Buk.

MEDICAL TREATMENT BRINGS NO RELIEF

"My daughter's face and neck were covered with a mass of sores, which our doctor diagnosed as eczema. He prescribed treatment which we tried for two months without relief. The

poor child's face had to be swathed in bandages and she was confined to the house. I was about to call in a skin specialist, when I heard how Zam-Buk had healed many sufferers from this dread disease, so I purchased a box of ointment and tablet of soap. After a few days treatment there was a great improvement; day by day the sores disappeared and within a month my daughter's face was entirely cleared of any sign of the terrible disease, without a single scar. I can't say too much of the wonderful healing power of Zam-Buk."—Mrs. H. A., Toronto, Ont.

IF YOU have a sore inflamed or blotchy skin, or suffer from salt rheum, a scalp troubles, poisoned wounds, or piles, you will find Zam-Buk quickly soothing and healing. It is also a marvellous first-aid for cuts, burns, etc. Zam-Buk Ointment 50c. box, Zam-Buk Medicinal Soap 25c. cake.

Y'S MEN'S CLUB—The first meeting of the Y's Men's Club under the new executive was held last evening at the Y. M. C. A. Parlors with Mr. Willard Spencer in the chair. The meeting was largely attended. Two new members, Mr. Ray Groom, of the T. Eaton Co. staff and Mr. W. R. Shaw, Provincial Livestock Superintendent, were admitted to the Club. Mr. Shaw, who was the speaker of the evening, gave a very interesting talk on "Ideas in Agricultural Work" in which he stressed the importance of cooperation between city and country. He also discussed prices received by and cost of production to the farmer, comparing these figures with the prices of the manufactured article. The total value of agricultural products, exclusive of the products of the fox industry, last year amounted to \$31,000,000. The president, Mr. J. M. McFadyen, announced that the meeting two weeks hence will take the form of "Ladies' night." Mr. J. A. McNair, chairman of the Games Committee read the schedule of the first section of the bowling league. After the meeting the members repaired to the bowling alleys and rolled two exciting games. It was also announced that the club will organize a hockey team.

ENTERTAIN ISLAND FRIENDS—Mr. and Mrs. Myran Seaton of Maple Avenue, Bridgewater, Mass., entertained a large group of friends at their home on Christmas evening. The house was appropriately decorated with Christmas greens, candles and a beautiful tree. Much merriment was created by humorous games, magic jokes and dancing. A special feature was a step dance by Howard MacKinnon. Excellent music was furnished by Miss May Sturdy and Jack Inman. The out of town guests were Miss Janie Ferguson, Miss Ruth Villet, Miss Blanche Villet, Miss May Beer, Miss Helen Armstrong, Miss Hilda MacKinnon, Brookfield, Miss Frances MacKinnon, Chestnut Hill, Miss May Sturdy, Arlington, Miss Gertrude Villet, Brockton, Victor Moore and Howard MacKinnon of P. E. I. Homer Casey, Donald MacFadyen, Lowell, Archie MacKinnon, Seymour Matheson, Alston, Charles Ferguson, Beverly, George Irving, Canton, Jack Mortin, Quincy and Edward Robbins of Cambridge. Neighborhood guests were Miss Celia MacDonald, Miss Ida Matheson, Mr. and Mrs. Charles MacKinnon, Mr. and Mrs. Jack Inman. The hostess served a delightful luncheon and was assisted by Miss Matheson and Miss MacDonald. The merry hours sped by all too quickly, after thanking Mr. and Mrs. Seaton for their delightful hospitality and the opportunity of meeting together for a happy reunion of friends, the guests departed by auto to further enjoy the spirit of Christmas so much in evidence in most of the homes which were gaily illuminated for this festive season.

GREAT BRICK STAIRCASES LEADING INTO DEEP PIT AWE MESOPOTAMIAN EXPEDITION.

PHILADELPHIA, Jan. 8—The tombs of three great Kings of Ur of the Chaldees, the earliest of whom reigned about 4300 years ago, have been discovered in Mesopotamia by the joint archaeological expedition from the British Museum and the University of Pennsylvania Museum, it was announced by Horace H. F. Jayne, director of the latter.

The tombs are those of Ur-Engur, his son, Dungi, and the latter's son, Bur-Sin. Ur-Engur is credited with building the magnificent ziggurat at Ur. Their tombs constitute one of the great monumental ruins existing in Mesopotamia, according to C. Leonard Woolley, field director of the joint expedition. The three Kings reigned during the golden age of Ur's history, he said.

HUMAN BEINGS HAVE NOT LEARNED HOW TO CONTROL THE MACHINE THEY HAVE CREATED, DECLARES SIR BASIL BLACKETT—EXTERNAL WAR DEBTS FACTOR IN WORLD-WIDE DEPRESSION

LONDON, Ont. Jan. 8—Hon. G. H. Ferguson, Canada's High Commissioner to Great Britain, tonight said "au revoir" to the Conservative party and to the people of Ontario. In his last public appearance before sailing for England, Mr. Ferguson received the thanks of the party and of the province at a mammoth meeting which at times gave full vent to its enthusiasm. There were no announcements of importance; no great news "breaks." The meeting was solely and simply one of good will and good wishes to the man who had for ten years guided the destinies of the Province of Ontario—and to the woman who had stood beside him in adversity and prosperity, Mrs. Ferguson.

From every county in the province men and women came tonight to the meeting here. Some of them had made perilous trips over icy roads by automobile. Even Mr. Ferguson himself had driven from Toronto. And London itself turned out almost en masse to bid Godspeed to the departing statesman. From political, industrial and educational life, representatives attended. And all had words of praise for the new High Commissioner. All agreed too, that he was peculiarly fitted for his new position, and that the choice was a wise one.

Seldom, if ever, in the history of Western Ontario has there been such a remarkable display of affection for a man in public life. And Mr. Ferguson at times showed effects of it. He was almost overcome with emotion as he rose to his feet to address the gathering after his introduction by Hon. Arthur Sauve, Postmaster General of Canada.

DEATH

(Continued from page 1)

Breeders' Association came into being he was for a number of years chief fox inspector for the whole of the Dominion. Since the government handed that Department over to the Association, Dr. Church did not take an active part in Government inspection. He was for three years secretary of the Summerside Driving Club and at the time of his death was secretary of the Gentlemen's Club, also an active member of the Summerside Racing Club.

Throughout the Maritimes he was a general favorite in racing circles and noted for his honourable dealings and was a familiar figure at horse trots generally in the capacity of an official. He was instrumental in bringing many good race horses to the Island racing tracks and gave a good deal of his time to the interests of horse racing in this province. He was one of the judges at the county fairs in New Brunswick this summer.

In his home he was a kind and affectionate husband and father, spending his leisure hours with his family, who will miss him sorely. Besides his widow and two small children, Miss June Louise and Master Wiley Granderson, there are left to mourn his parents and two brothers and sisters, namely: W. H. Church, Michigan; Harry Church, Waterford, Ont.; Mrs. F. R. Hannon, Los Angeles, and Mrs. D. C. McKay, of Melrose, Mass., to whom the Guardian extends sincere sympathy.

BIRTH CONTROL

(Continued from page 1)

Pontiff utterly condemns. Marriage—its sacred, permanent character is reaffirmed by the Holy Father, who lists its blessing as children, conjugal fidelity, and honorable obedience to matrimonial obligations.

Modern woman: She owes obedience to her husband, but not at the sacrifice of dignity or to the point of obeying unreasonable requests.

Sex education: The Vatican condemns "exaggerated physiological education," although maintaining that the basis of happy or unhappy married life is laid in preparation during youth for matrimony.

Sterilization: No human agency has the right, the Pontiff declares, to impair or destroy the generative function of the body. He advised, however, that persons to whom sterilization would be applicable be not married.

LONDON, Jan. 8—References to birth control in the Pope's encyclical today recalled the resolution on birth control adopted after much discussion, last August, by the Lambeth conference of Bishops, representing Anglicanism the world over. The bishops did not entirely condemn birth control because they believed there might be extenuating, or in some cases, justifying circumstances.

VATICAN CITY, Jan. 8—Pope Pius XI in his encyclical issued today on the necessity for maintaining the sanctity of marriage, discussed the part which should be played by the State, and referred to the recent convention between the Holy See and the Kingdom of Italy as an example of cooperation between the Church and the State. Just laws must be made for the protection "of chastity, for reciprocal conjugal aid, and for similar purposes, and they must be faithfully enforced," he said.

HIGHLIGHTS FROM THE PAPAL ENCYCLICAL

MARRIAGE—Chaste wedlock is the principle and foundation of domestic society and of all human intercourse.

THE FAMILY—The family is more sacred than the State, and men are begotten, not for the earth, but for Heaven and eternity.

DIVORCE—The Sacrament of Marriage carries with it perpetual and indissoluble bond which cannot be dissolved by civil law.

BIRTH CONTROL—Contraception in any form is "an offense against the law of God and nature."

"COMPANIONATE" AND "EXPERIMENTAL" MARRIAGES—Are "hateful abominations, which reduce our truly cultured natures to the barbarous standards of savage peoples."

STERILIZATION—Magistrates have no direct power over the bodies of their subjects. Therefore when no crime has taken place, they can never inflict direct harm or tamper with the

TRADE WITHIN THE EMPIRE SAYS CLARK

High Commissioner For The United Kingdom Speaks At Saint John Banquet.

(Canadian Press)

SAINT JOHN, N. B. Jan. 8—The growth of trade between Canada and the West Indies was the subject of reference by Sir William Clark, High Commissioner for the United Kingdom, who addressed the Eastern Canadian Fruit and Vegetable Jobbers' Association, here tonight. Speaking at the Association banquet, on the subject of "empire marketing" Sir William referred to the trade agreement between Canada and the West Indies as "that admirable piece of practical business co-operation which has been arranged between Canada and the West Indies for the mutual promotion of their trade."

"The scheme has already proved itself" by its fruits—in the circumstances the obviously appropriate word said Sir William. He dealt with growth in importations of Jamaican bananas. Two years ago, he said, Canada imported direct from Jamaica only 57,000 bunches of bananas out of a total import of three and a half million bunches. During the past fiscal year total importations from Jamaica had increased to 3,720,000 bunches out of a total importation of nearly four millions. "Trade within the Empire" was the motto which Sir William suggested for adoption by his listeners both in their buying and selling. He dealt with the work of the Empire marketing board, of which he was a member before coming out to Canada. To word the close of his address, Sir William made brief reference to the coming Imperial Conference in Ottawa. He said that the Imperial Conference had itself declared that it had insufficient time in London to examine fully the various means by which inter-Empire trade could best be maintained and extended, and decided that its economic section should meet in Ottawa during the current year. "Surely," said Sir William, "it would argue lack of faith not to believe that when they meet here in Canada in the genial atmosphere of your Dominion some practical, substantial outcome will be attained."

Premier Has No Comment to Make

FORT WILLIAM, Ont., Jan. 8—Premier R. B. Bennett who passed through here tonight on his way to Ottawa, declined to make a statement on the question of the Federal Government absorbing 95 percent of the cost of the old age pensions scheme.

Premier John Bracken of Manitoba announced today this had been the substance of an undertaking transmitted to the premiers of the Prairie Provinces by Premier Bennett at a conference in Winnipeg.

Premier Bennett, declining to issue a statement in the matter, was surprised at the announcement being made.

Harvard Will Pay Students

BOSTON, Mass., Jan. 8—Plans to gather a group of distinguished young students and relieve them of all financial worries for a period of three to six years in order that they may develop their talents for the benefit of art and science were set forth in the report for 1929-1930 by President A. Lawrence Lowell, of Harvard University. Following the example of European universities, Harvard will house and feed these students and even pay those who require additional financial assistance.

THE N.B.-N.S. Hockey Dilemma

All of which does not show that the Maritimes are playing amateur hockey, but does show that the East has many friends. The writer does not contend that the Maritimes are "sky-white" or anything like that, but merely expresses the opinion that Canada, as a whole is similarly situated. If it comes down to playing the game according to the hard and fast book rule, not ten per cent of the teams would likely be able to do so.

Bank Hockey

It is rumored that manager and coach Logan, of the Bank of Nova Scotia Hockey team is daily putting his men through their paces in preparation for an important encounter, which is scheduled to take place in the near future. The personnel of the B.N.S. team has not been revealed, but it is understood they have some new stars on their line-up (not Upper Canadians or foreign ones either) and that a formidable aggregation will take the ice at the sound of the opening gong.

The Saint John Telegraph Journal says: The Nova Scotia papers are publishing some amusing statements regarding the predicament of the Eastern Nova Scotia Hockey League clubs. For instance the Halifax Herald refers to Sargeant, the Truro Bearcats' imported goalie, as "filling the hole left by Clarence Kuhn, more familiarly known as 'Skeet,' when he went to Fredericton some time ago."

As a matter of fact Sargeant was brought in to Truro to play goal, which necessitated Kuhn moving away if he was to continue active in hockey. That was lucky for Fredericton.

Looking 'Em Over

(By Tec.)

Greater Interest Than Ever
Tonight's hockey set-to between Summerside Crystals and Abegweit at the Forum, the third on the schedule of the P. E. Island Hockey League, is creating more interest than any previous tussle between these teams this year.

To remain in the limelight, the local puck chasers must come through tonight. They have simply got to beat Crystals in order to cut down a commanding lead in the race for the Provincial title. This is asking a lot as the Summerside aggregation at the present time have a higher rating than Abegweit. It is therefore up to locals to prove worthy of that confidence yet unshaken in their ability to come through.

This fixture should draw the largest crowd of spectators in the history of the game in this Province. Very rarely has there been so much controversy over a pending hockey game. No matter where one goes, the topic is—Will Abegweit trim Crystals Friday night? Judging by this, it looks as if the turnstiles at the big Forum will ring a merry tune.

No matter what comes or goes, let's hope "Chick" Williams is on the Abegweit defence tonight. "Chick" made a sensational comeback this season, and in each and every game, while playing behind the blue line, was the outstanding hockeyist on the ice. Give Williams a forward or two that can stay with him and take a pass as he lays it down, then watch the red light twinkle. This is no idle statement. The writer has watched Williams' times without number skating through a full forward line to snap a pass inside the board, of which he was a member before coming out to Canada. To word the close of his address, Sir William made brief reference to the coming Imperial Conference in Ottawa. He said that the Imperial Conference had itself declared that it had insufficient time in London to examine fully the various means by which inter-Empire trade could best be maintained and extended, and decided that its economic section should meet in Ottawa during the current year. The Eastern League officials are confronted with a stiff problem at the present time, but all things considered, they should emerge victorious. Being affiliated with the C. A. A. U. didn't help the Maritimes in the reinstatement war of some years ago. It looks as if being associated with the C. A. H. A. will not prove beneficial as regards hockey. Just another case of Maritime Rights, one might say.

Looking over New Brunswick papers, one finds a somewhat amazing expression of opinion by the older province writers. The Fredericton Gleaser admits the following: "While it is true that all four clubs (meaning the Southern New Brunswick loop) brought in developed players from other centres, the importations were made to conform with the requirements of the C. A. A., and there is no indication at the present time that the season will be highly successful."

In another column of the same paper one reads: "The situation referring to the alleged suspension of the Eastern League may mean the Maritime title for some team of the Southern N. B. league, and incidentally, qualification for the Allan Cup playdowns."

Apparently the late arrival of "Skeet" Kuhn to Fredericton was forgotten; also the Ottawa import, and Foster Dickson of New Glasgow who apparently didn't fill the bill. In other words, New Brunswick is similar to Nova Scotia in regard to importations.

The above is the fruits of trying to beat out a constitution. Both provinces are not sure which way the "cat" is going to jump, and in the meantime, consternation reigns supreme; while Prince Edward Island with all home grown products are sitting pretty, so far as the residence clause is concerned.

A good slogan for next summer should be "Get your players in early"—Say, six months ahead. This can be easily arranged if a club has the wherewithal—and what have you.

Cape Breton horsemen have been looking for a pacer capable of taking the measure of Ruby P., 2:04, the former Maine and New Brunswick Circuit star, and are finding it no easy task. Chancellor Cigar, 2:02 1/2, was thought to be capable, but the price placed on the Western pacer was \$4,000 plus freight from Colorado, as well as duty, and that was too steep for the miners. However they probably won't get a pacer that can turn the trick any cheaper.

Says They're O. K.

Halifax hockey fans may breathe easier. Not only will the Maritime hockey officials decide that the amateur status of Chumlie Lawlor and Frank Bellinger is okay but the big boys in Maritime hockey have decided to take the matter up with the Canadian Amateur Hockey Association—Halifax Chronicle.

PRESENTATION

On January the second the members and friends of the Kingston Baptist Church met at the home of Mr. and Mrs. Everett Holmes, to express in a tangible way their appreciation of Mrs. Holmes for her services during the past as organist and choir director.

The meeting was called to order by Mr. Stephen Ackland who in a short speech expressed the purpose of the meeting. Deacon Burgess Newton then presented Mrs. Holmes with a valuable present. Rev. W. R. MacWalker also made a very complimentary speech expressing his gratitude to Mrs. Holmes. In a few well chosen words Mrs. Holmes thanked all for their gift and kind words and assured them she was always willing to use her talents in this work.

The ladies then served lunch in their own special style, after which the remainder of the evening was pleasantly spent in games, music and social conversation.

After the meeting, the members and their friends enjoyed a game of whist. Twelve tables were occupied. The prizes, which were all donated were won as follows. Gentle men first prize Mr. J. J. Handran second Mr. J. B. Christopher, third Mr. Leo Gallant. Ladies first Miss Margaret Arsenault second Miss Margaret Gaudet, third Miss Edna Chalkson. After a dainty lunch served by the hostess, Mr. Isidore Doucette sold at auction a number of pies, boxes of home made candy and other articles, contributed by the members. The proceeds amounted to \$22.90, the money being sent to a young man of the district who is studying at the seminary in Halifax. A vote of thanks, moved by Mr. Hugh McKinnon was presented Miss Morrissey and her brother for their hospitality. In reply Mr. Morrissey expressed his pleasure at seeing so many friends present and also spoke in high terms of the good work being done by the Institute. After three hearty cheers for our host and hostess, the evening was brought to a close by singing the National Anthem. The February meeting will be at the home of Miss Cletie Arsenault.
