Mr. James A. O'Brien had considerable work done on his out-buildings this fall also some shingling on the house which made quite an improvement.

Mr. John Byrne, who has been employed with Bruce Stewart and Co., for quite some time as blacksmith, and who was injured some time ago is able to be out again. A piece of iron struck him in the side during work causing injury to several of his ribs. —B

HERMITAGE W. I.

The regular monthly meeting of Hermitage Women's Institute was held at the home of Mrs. Aeneas Curran. A good attendance of members was present, also two visitors. Meeting opened in usual way the president occupied the chair. It was agreed that members collect in district in aid of Salvation Army drive. And the amount of \$15.15 has been passed in for same.

Miss Janie Acorn and Mrs. Percy Acorn have kindly donated two large quilts and one crib size for Red Cross. Knitting has also been handed in.

The School and Sick committees then gave their reports. A contest which was very amusing, was put on by Mrs. Curley. Prize was won by Miss Janie Acorn. November meeting at the home of Mrs. Joseph Larkin. Roll call will be responded to by paying "annual dues". Meeting closed by singing of National Anthem. After which a delicious lunch was served by the hostess.

CADETS DO WELL

More than 200,000 Air Training Corps cadets have had at least an hour's flying in Royal Air Force planes.

"I'll tell you one thing," says Squadron Leader Charles Stuart Dowie, D.F.C., Bar—
 "We can't win this war with an even balance of power—it must be a decisive superiority. The more support, the shorter the war!"
 "The better we're backed up by the folks back home—the better we fight!"

SETTING THE PACE FOR VICTORY

Squadron Leader DOWIE knows what he's talking about! Fifty flights over enemy territory taught him. He knows you can't stop at being just as good as the other man—you've got to be *better* and have *more of everything!*

He knows the Jerries are tough! Once they nearly got him when he visited Hamburg in a death-dealing Wellington! It was a close call—but those Canadians did what they set out to do... released a surprise packet of bursting bombs right where it hurt Jerry most—on one of his precious war factories.

Then they streaked for home... if you can call it streaking... peppered with flak—the bomb doors hanging open... flaps sagging... and the hydraulic system knocked out! You lose a lot of height quick in a jam like that—and bucking a strong west wind doesn't help much! But they made it—safely—with less than ten minutes' gas to spare. That's *war* as they know it... split-second decisions... nerves tensed

to trigger quickness... brains alert to death and danger.

That's their job—tackled in the true Canadian spirit! Tackled by boys from prairie farms... from northern bushlands... from peaceful Canadian seacoasts... from little towns that have borne and bred men with the spirit of Squadron Leader Dowie!

They're fighting this war—and they know what's needed! When they ask for more planes, more equipment, more guns—there's only one answer... "more of everything on its way!"

We can do it—we're Canadians too! It means more and more work... greater self-denial... **MORE VICTORY BONDS!**

Show these boys we're in there fighting with them... they're putting everything they've got into this war... put everything you've got into **VICTORY BONDS.**

For it's **VICTORY BONDS** that will deliver the goods... it's **VICTORY BONDS** that will shorten the war.
