Recall Of Stilwell Seen As Ominous

NEW YORK, Oct. 31-(Tuesday) -(AP) — Brooks Atkinson, Chungking correspondent of the New York Times, who has just returned to the United States, said in a page one story in the Times today that recall of Gen. Joseph W. Stilwell from the China-Burma-India command was agreed to by President Roosevelt at the demand of President Chiang Kai-Shek, and declared:

"Inside China it represents the political triumph of a moribund Anti-Democratic regime that is more concerned with maintaining its political supremacy than in driving the Japanese out of China."

Recall of Gen. Stilwell was announced Saturday in Washington where it was said he would be given an important new assignment, which was not disclosed. Atkinson disclosed that Gen. Stilwell left Chungking Oct. 21st.

"America," Atkinson wrote, "is now committed at least passively to supporting a regime that has become increasingly unpopular and distrusted in China, that maintains three secret police services and concentration camps for political prisoners, that stifles free speech and resists democratic forces.

"The fundamental difference between the Generalissimo and Gen. Stilwell has been that the latter has been eager to fight the Japanese in China without delay and the Generalissimo has hoped that he would not have to."

CHURCHILL—

(Continued from page 1)

the end of the German war before the end of spring or even before we reach the early summer."

As for the Pacific war, the Prime Minister said that "when the whole of this Japanese problem is examined on military grounds alone it would certainly not be prudent to assume that a shorter period than 18 months after the destruction of Hitler would be required for the final destruction of Japan's will or capacity to fight."

Mr. Churchill coupled his words of warning against an attempt to shift the present government with a defence of its policies — a government, he said, "that has waged the war with unsurpassed success and that has shaped or carried out within the last two years a program of reform and social legislation which might well have occupied the whole parliament in the ordinary conditions of peace."

Saying no one under 30 in Britain has ever cast a vote, because electoral rolls have not been revised, he said that defeat of Germany would serve as "the pointer which will fix the date of the general election."

Postal Authorities To Take Action

OTTAWA, Oct. 31 — (CP) — Action is to be taken against persons who include matches or lighter fluid in parcels destined for overseas, Postmaster General Mulock said today.

Col. Mulock said that fires aboard one ship in Montreal and another in Saint John, N.B., recently had destroyed or damaged several hundred bags of parcels on their way overseas.

When the partially destroyed parcels were returned to the base post office here for salvaging and repacking they were opened and found to contain matches and lighter fluid. Action would be taken against the senders of these parcels, the type of action to be decided by the Department of Justice.

The public had been warned through the press and radio against sending matches or lighter fluid overseas. Some had not heeded the warnings.

Paton in recognition of the fact that his command has led Military District No. 6 in Seventh Victory Loan subscriptions, it having exceeded its objective by 210 per cent. Wing Commander Blunden led the parade. The Navy detachment was in charge of Lieut. E.L. Freeman, that of the Army was commanded by Lieut. J.J. MacDonald, and the Air Force detachment was in charge of Flt.-Lt. Cameron, R.C.A.F. The C. A.(B)T.C. band was in attendance.

Big Election Rally In N. Y.

By HAROLD FAIR

NEW YORK, Oct. 31 — (CP) — New York witnessed tonight one of those election year spectacles so popular with Americans — a big Madison Square Rally complete with Broadway stars.

Staged by the Liberal Party, which supports President Roosevelt, the meeting brought the Democratic Vice Presidential candidate, Senator Harry Truman of Missouri, to the same platform with Vice President Henry Wallace for the first time since Mr. Wallace was rejected as the President's running mate at last summer's convention in Chicago.

It brought to the Garden also such celebrities as Frank Sinatra, tap-dancer Bill Robinson, actor Victor Borge, and singers Ethel Merman and Jan Kiepura. Entry was by tickets — $1.20 and 60 cents.

While they held forth in the Garden, Gov. Thomas E. Dewey, Republication Presidential nominee, was in Buffalo proposing a post-war prosperity program and calling President Roosevelt's promises "worthless."

The President, meanwhile, added a Thursday night radio speech from the White House to his campaign wind-up and planned a closing tour through New England, capped by a Saturday speech in Boston. Before that speech, he will talk informally in Bridgeport and Hartford, Conn., and Springfield, Mass., during a Saturday daytime tour.

As the candidates swung into the final week of their campaign, Mrs. Roosevelt declined at her news conference in Washington today to forecast the result of the Nov. 7 vote and told reporters she had made no wagers. She described herself as "constitutionally a pessimist" about election results.

Mr. Roosevelt, however, disclosed at his news conference he had made one bet—a 25-cent evenmoney wager on how one state will go. He would not tell reporters the details. The President said he hasn't had time yet to make his customary guess on the outcome of the election nationally.

While Senator Truman spoke tonight, Gov. John W. Bricker of Ohio, Republican Vice-Presidential nominee, rested in Columbus, O., before striking out tomorrow on his final tour which begins with a speech in Toledo.

The Republicans got more press support today when the Christian Science Monitor of Boston, in an editorial stating it had "weighed the issues developed in the Presidential campaign" said it had concluded that " the election of Governor Dewey would better serve the welfare of the United States."

Erwin Canham, managing editor, said the Monitor had endorsed Wendell Willkie, 1940 Republican candidate, but "not as explicitly" as it now backed Gov. Dewey.

Ontario Potato Shipments To U. S.

LONDON, ONT., Oct. 31 - (CP) —Robert McGubbin, Liberal Member of Parliament for Middlesex West, said tonight that the Prices Board is prepared to approve shipment of 50 cars of potatoes from this district to the United States to relieve a reported surplus in this area if it is found that such a surplus exists. He said there was a possibility of a relaxation of restrictions barring shipment of potatoes to the United States.

For travelling, the bride wore a two piece dress of American Beauty Crepe, velvet trimmed, a biege coat and black accessories. On their return, a delicious supper was served at the home of the bride's parents. The table looked very lovely with the two wedding cakes on crystal stands adorning the centre. A souvenir of the South African War, the personal dinner knife of her uncle, the late Major Raymond Seller was used by the bride to cut the cakes. Prior to her marriage, the bride was a graduate attendant nurse. Mr. and Mrs. MacKinley will reside in North River on the old MacKinley homestead, where the groom is engaged in farming.
