

"Unconscious for Hours in a Puddle of Water"

"I had a very bad accident last summer," writes Mrs. S. of New Brunswick. "While on driving my horse I suddenly and I remember nothing more until I awoke in a puddle of water, suffering from the most agonizing pain in every part of my body. A doctor was working over me and I soon lost consciousness again. Finally I did awaken suffering intense pain and then they told me that I had lain unconscious at the side of the road in a puddle of water for hours before I was finally picked up. They told me that I had my forearm broken, my leg dislocated and two ribs fractured and that I was not to be moved for at least a month or six weeks. Being of an active athletic build and accustomed to a lot of exercise I soon became nervous and restless and suffered intense pains with headaches. I was as thoroughly run down as anyone could possibly be. Fortunately I was young and had a wonderful constitution and I was not suffering any longer from the effects of my accident. It was the reaction from an active outdoor life and lying in bed in the hot weather which had affected me. You must remember also that before my accident, I was weak from a former illness. Before my illness, my weight was usually 150 lbs. and I must have lost about 60 lbs. The trouble with me was that I could not seem to get any strength. I could not eat and I had no appetite. I tried several preparations but without any effect. A nurse was visiting on day and told me how her young brother had become strong and well by taking Carbol. She said, "Auntie, why don't you try it. I am sure it will do you good." Those were the most precious words that child ever uttered, because from the first bottle of Carbol I noticed a decided improvement and today I am well and strong entirely because of Carbol. I now weigh 160 lbs. and I can again get back my old strength and energy. I can now be on the golf from morning until night without feeling the least fatigue.

Carbol is sold by your druggist and if you cannot see your druggist, write to me and I will send you a bottle for any good return the empty bottle to him and he will refund your money.

LOCALS PLAY—The Pioneers of Summerside, cross sticks with the Regals, Thursday night at Alberton. It is understood that the Pioneers are considered the best team in Summerside but that they have had the breaks against them all season. This should prove a good game and while your correspondence has no doubt as to what the result will be, yet there is always the uncertainty of unknown qualities. B.

HOCKEY—Their friends are glad to see our invincible Regals home again, and to have an opportunity of obtaining first-hand knowledge concerning the game they played so successfully against St. Allison University. While everyone now knows the score was 1-0, the information that very poorly shows the wonderful game the Regals put up. Our boys playing in "golden jacks" else Mr. Allison would not have scored and the game would have been 1-0. It appears that, King of the Regals and their supporters to see that his supporters were not properly initiated with the Regals and that, almost the entire of the Regals, the speed of a bullet, struck him with such force as to dislocate his arm. His doubling up caused the puck to fall safely between the posts of the net, and Mr. A. had scored. When we remember that Monte Allison played off with Dalhousie for their inter-collegiate championship, and that the latter was by a mere "fudge" as each player says that the team with diminished strength who can play Monte A. a game on their own, they must be "bad" team. Our boys are exactly that. Hats off to Macdonald! Out of the six goals the Regals of Alberton scored in their two games from home. Monte Allison scored five. He is Gordon Ramsey, the best defenseman the Regals have, and as good as there is in the Province. When it comes to speak of King of the Regals, did any of you know that this ever saw his superior any time anywhere? B.

ALBERTON VS TIGNISH—The writer, while not in any way disposed to apoplexy, came near suffering a stroke, when he read the empty babblings of some enthusiasts from Tignish concerning the merits of their social and hockey team. However, as it may be as well to go over the facts in order that we our readers may form their own opinion, it might be stated that upon receipt of a challenge from Tignish, three or four of Alberton's 1st Regals, together with a few numbers of our 2nd team journeyed to Tignish, to rink to which the Tignish players refers with such evident pride consisted of a few boards in a field, the boards being attached to iron posts. Here and there, with the aid of a microscope one could discern lumps of some substance, which upon enquiry, one was told consisted of ice. The game, if it could be dignified by such a name, had not proceeded very far, however, Alberton scored two goals. One of the early Tignish players realizing the game was lost unless something radical was done, proceeded to scatter the Regals promiscuously so to speak, around the boards. When the bell rang for the 3rd period, the Regals did not have a 1st team man on the ice capable of playing. Not being satisfied with this, the same husky who had placed our best men hors de combat, attempted to beat up a few more of the Regals after the game. Oh, yes, the Tignish fellows are some sportsmen. Speaking of nerve and audacity, this same husky brought his team down here the following Monday and though his physical constitution had been determined upon, wiser counsel prevailed, with the result that four of the 1st Regals, assisted by two of the 2nd team, went on and in a game which really did not give the Alberton boys exercise, thrashed the Tignish crowd to a farthing. Score 11-1. We can only state that, with the possible exception of the "Ables," that we have the best team in the Province. And many also say, that we can keep the Ables jumping from the first bell till the last. And we wouldn't want to see our Tignish friends betting too much money on this Charlottetown friends either. There would be many times during the game, when he would be apt to experience a sinking feeling in his stomach. B.

Don't use prepared shampoos or anything else that contains too much alkali, for this is very injurious to the scalp and makes the hair brittle. The best thing to use is just plain Mulsified coconut oil shampoo, which is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get Mulsified at any drug store, and a few ounces will last the whole family for months. Simply put two or three teaspoonful of Mulsified in a cup of warm water with a little warm water, then massage the hair with water and rub it in. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly, and evenly, and is soft, fresh looking, bright, curly, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure you get Mulsified Beware of imitations. Look for the name Watkins on the package.
