MONTRÉAL, July 7th.—"More homely" was the verdict of a women's club member who participated recently in her club's taste test . . . comparing Heinz Cream of Tomato Soup with a leading competitive brand. Interesting comment to all of us who like our soups to be high in quality—tops in taste—yet "jiffy-quick" to prepare! And this lady's preference for Heinz Soup was strongly seconded by her club friends. Heinz Soup and the other brand were identified by numbers only in this society's taste test. And, as in five similar tests—Heinz was the favoured choice—in this case, by almost 90% of the ladies! Comments ranged from "perfect," "no improvement could be made," "Why not ask your grocer for any one of the delicious HEINZ CONDENSED SOUPS," and "make this taste test in your own home? The result, I'm willing to bet, will be the beginning of a long friendship between your family and the House of Heinz!"

FREE CANNING RECIPES

This Free Booklet will help you to give your family delicious Summer fruits all year round! The most helpful booklet of its kind that I know . . . I'm sure it will be your most-valued guide to truly successful canning and freezing! Even if you've never canned before—with your FREE COPY of "The New Method for Canning and Freezing Finer Fruits" . . . well—you just can't miss! With Lily White, you'll get truer flavour at their home in Hope River on Friday evening, June 24. To the strains of "Here Comes the Bride" played by Miss Helen Reid, the bride was escorted to a chair decorated with pink and white streamers. The gifts were opened by Mrs. Louis Reid and Miss Frances Reid read the accompanying verses. The many lovely presents were arranged by Miss Noelle Turner. Marion graciously expressed her thanks and all joined in singing "For She's a Jolly Good Fellow." Refreshments were then served by the ladies and the remainder of the evening was spent in singing and dancing.

PHONETICS ARE FINE EXCEPT IN SCHOOLS
Time is coming when words like "cough" and "through" will be spelled "kof" and "thruo."
Isaac James Pitman, grandson of Sir Isaac Pitman, visited Winnipeg recently and told news reporters that phonetic spelling was an outcome of writing by sounds. He said the study of shorthand in England had progressed to the point where advocates already wrote "telefons" for "telephones" and "alkology" for "psychology." But listen kids. If you want to get out of the forth grade, do your spelling in the conventional manner.
