Anchor SHINGLE STAINS

The Best Preservative of Undressed Wood

Anchor Shingle Stains indefinitely postpone, if not absolutely prevent wet or dry rot. They show up the grain of the wood, giving delicately artistic finish, not only to the surface coated, but to the entire building.

We have used infinite pains in the selection of pigments best suited to combine with our specially treated COAL TAR CREOSOTE, and our success has been proportionate with our care.

Anchor Shingle Stains are being very largely used on the roofs, and in many instances also on the bodies, of the most attractive houses in our midst; they are also employed with excellent results from an economic standpoint on sheds and other outbuildings.

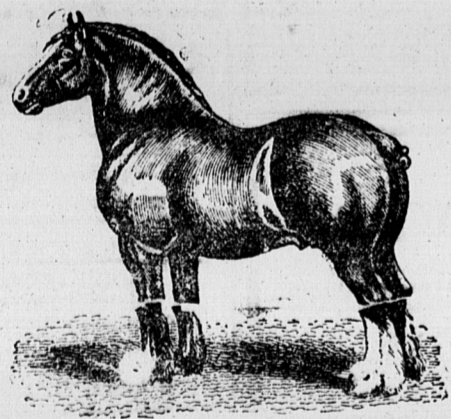

If your dealer cannot at the moment supply Anchor Shingle Stains, please write us to arrange for you.

SUMMERSIDE, ALBERTON AND PRINCE COUNTY

—It pays to buy in this Province.

—Harry Mill, Kensington, left last Wednesday morning for Calgary where he will locate. At the depot he was surrounded by the pupils and staff of Kensington Business School and was escorted with an address expressive of true worth that the pupils emphasize in him, and hopes for the best of good luck for him in the Great West. He was also presented with a beautiful amethyst stick pin. Mr. Mill was much surprised and visibly affected, and replied in terms that show he fully appreciated the kind and good wishes of his fellow-students and his teachers.

—The death of Earnest Champion at the early age of 15 Years has cast a deep gloom over his home in Darnley. He was a bright active lad, strong and always quite well until late in April when he was suddenly stricken with a severe form of typhoid fever. Despite all that medical skill and nursing could do, he passed away early on Thursday Morning of last week, deeply lamented by a large circle of relatives and young people. In the absence of Mr. Hattie Stewart Canadian Order of Foresters at Kensington are having a special meeting tonight (Monday) for initiation of several candidates.

—J. B. Guadet, representing the Rock City Tob Co Ltd, has received the sad intelligence of his father's death which occurred in Yarmouth Ville, Maine, a few days ago.

—Brace, McKay & Co., Summerside, have received an exceptionally large shipment of lawn mowers, screen doors and windows and screen wire and they can positively save you money, besides giving splendid selections. 5-15dmturth3w.

ing of the children in the home most difficult.

"Nevertheless, we emphatically assert the validity of such marriages when duly solemnized, and we maintain that once consummated they are indissoluble.

"No marriage should be annulled because of the divergent religious convictions of the party; nor because of the ecclesiastical connection of the one solemnizing the marriage.

CHURCH AND STATE MUST UNITE

"The Church and State, though separated by law, must unite in protecting those who have been married by a duly competent officer, authorized by the State for the solemnization of marriages, and in upholding their civil status and rights. Nor should the State permit marriage to be annulled for an ecclesiastical offence, or because it is a contract to the Canon or law of the church of Rome, or contrary to the laws, rules, and regulations of any religious organization whatsoever.

"At the same time, we fully admit the right of any ecclesiastical or religious body to make and enforce such spiritual penalties as may be in accordance with its own rules; but without impeaching or interfering with the civil status of the parties concerned.

OPINION ON CIVIL LAW.

"We do not desire to express any opinion upon the civil law. We leave that to our final court of justice. But we would remind you that decisions of various judges have differed upon this question in the Province of Quebec. It is in the interest of all our citizens to have the law clearly defined.

"Whatever may be the proper interpretation of the existing law, it is of the greatest importance that there should be one uniform marriage law for the whole Dominion.

"In conclusion, we urge upon all the duty of safeguarding in every way the sanctity of marriage, and we deprecate and deplore all interference with legally sanctioned family life, as fraught, not only with injustice, humiliation, and suffering to the parties concerned, but as imperilling the fundamental basis of our social system.

"We commend you to the grace of God, and pray that His Holy Spirit may in all things direct and rule your hearts.

"Signed on behalf of the House of Bishops of Canada.

"S. P. Rupertsland, Primate.

"Charles Ottawa, Archbishop of the Ecclesiastical Province of Canada."

WOMEN'S FEET GET LARGER.

The women's feet are growing larger and that the manufacturer has to cut out the regular 1A and 1AA sizes are contended by shoemen, says the Boston Post.

A shoe dealer of national experience says:—"Women's invasion of the commercial world undoubtedly resulted in their feet growing larger. That is the generally accepted explanation of the fact among shoemen. It is entirely logical. It is not long ago that women went about with mincing steps, walked as if on air. Their feet then were small and pretty when in a good shoe. Having gone into business now on a large scale, women must have business shoes. The dainty things they used to wear wouldn't last a week now under the ordinary strain the boots would be put to.

"The manufacturer used to mark the size of the shoe honestly, but a woman who three or four or five years ago used to wear a No. 2 couldn't wear a No. 3 now with peace of mind, no matter how comfortable it might be. There's no reason. The fact doesn't call for one. The fact remains however, that the woman who has been wearing a 2 simply will not be content to advance the size of her boot with the growth of her foot.

"Now, if you don't believe it, glance along the pedal extremities in any elevated, and compare the size of boots the ladies are wearing with those they wore a few years ago. Or stand for a moment on the curb with your back to the pedestrians and listen to the patter of feet.

"Try to pick out the ladies. Ten to every three times you'll miss. But don't let your wife see you."

"If you want to be properly equipped for that fishing trip you'll have to get your tackle here. Our stock was selected by expert, practical anglers, men who know just what's needed for local waters, and we bought such a large and extensive stock that every taste can be satisfied.
