GREEK GODDESS FOUND

ATHENS, July 13.—Archaeological excavations in the Athens' Agora yielded the last prizes of the season today, the largest statue being a delicately carved six-foot headless goddess of the Hellenistic period.

The shifting of 23,000 tons of earth in the two-acre area has yielded 800 inscribed tablets and 15,000 coins or every period, as compared with 300 and 9,000, the number of coins dug up in the two previous years, respectively. The season's most surprising Mycenaean grave is now believed to be a lone pocket.

The excavations ended for the season today and the American archaeologists, Prof. T. Leslie Shear of Princeton and his wife, Homer Thompson, Arthur W. Parsons, of Yale, and Dorothy Burr, will sail Thursday for New York, where they are due on July 25.

"What did your sister get with the \$5,000 she inherited last year?" "A husband."

Hold District Convention Of Institute

The Women's Institutes of Kelvin Grove, Sea View, Malpeque, Indian River, Margate, Graham's Road, Norboro, Emerald and Springhill, met in annual session at Kensington on Thursday afternoon and evening.

Mrs. Ray Meek presided. The meeting opened with the Ode and Creed.

An address of welcome was read by Mrs. John Johnson on behalf of the Margate Institute. Miss Gillis of Indian River replied.

Reports of the years work were brought in by the secretaries of the Institutes represented.

A paper on time savers in the kitchen was read by Mrs. Colin Donald of Sea View.

A very helpful address on Institute work and a demonstration on salads was given by Miss Hazard, Supervisor of Institutes.

Election of officers: President, Mrs. George Bowens, of Norboro; Vice President, Mrs. Austin Murphy, of Indian River; Secretary, Mrs. Ralph Bearsto, of Malpeque. The question box was then opened and a number of questions answered.

A delicious tea was served by the ladies of Margate Institute.

Evening Session

A delightful program was rendered by members of the various Institutes. It opened with instrumental music by Indian River orchestra.

Hon. Dr. McMillan then gave an excellent address on education and public health.

Resolutions were passed to give support to the Dental Clinic; to hold a short course in Kensington each Institute to send two representatives to the course. A vote of thanks was also passed to the speakers and others who assisted in the program.

Our food is prepared and served to you in a clean homelike manner.

This Establishment is under entirely New Management.
A GOOD PLACE TO EAT.

Candies Fruit Sodas Ice Cream.

Girl Guide Camp

The Second Charlottetown Company will hold their first annual camp at Canoe Cove from July 27 to August 5. By means of funds earned by the Guides themselves and by donations of kind friends it is possible to pay the rent of the buildings and equipment, the cook's wages and other general expenses and charge each Guide for her meals only. The equipment to be rented will include stove, dishes, mattresses, sports equipment, etc.

The girls will sleep in huts and the staff in tents which are being borrowed. A large and handsome first aid kit has been donated to the Company by Mr. H. G. Rogers and will be put in charge of the camp nurse. Arrangements will be made for a near-by doctor to visit the camp in case of need. The bathers will be divided into three groups according to their ability to swim and dive, namely pollwogs, swans and mermaids. All bathing will be in charge of a silver medalist of the Royal Life Saving Society.

Besides bathing the daily program will include flag raising, breakfast, bed-making and inspection, patrol duties, Guide test work, dinner, canteen, Court of Honor, rest hour, free time, sports, tea, games, story telling, sing-song and tape. An abundance of good wholesome food will be provided which will be prepared by an experienced cook and it is hoped that every camper will return home healthier than ever for the experience.

Applications should be mailed to the Treasurer on or before July 18th. Guides will arrive in camp in full uniform any time in the afternoon of the 27th. Tea will be served at 5.30. Parents will please arrange for transportation to and from camp or phone the Captain and some arrangement can be made. Will all those who have kindly offered to lend tents please phone 674 and they will be called for in the morning of the 27th.

"The Jollies Of 1933" Rehearsals Making Remarkable Progress

Mr. Desre J. Bourque, Theatrical Director who is directing "The Jollies of 1933," a Musical Revue to be presented August 3rd and 4th under auspices of The Gyro Club, is reporting unusual progress.

With the large cast of over one hundred and fifty, rehearsals are held with different groups, morning, afternoons and evenings. Yesterday afternoon Mr. Bourque held a rehearsal at the Guide's Camp across the harbour.

The groups are showing talent in their dancing and Mr. Bourque predicts that this will be one of his most successful productions.

One of the outstanding parts in the Revue, the Honored Character, will be "The Queen Of The Jollies"; and to name her the cast is holding a contest among the members.

The members of the cast nominated a number of Candidates and one of these will be elected as The Queen.

All Candidates are members of the Cast and a voting coupon appearing in this issue will serve as votes. They will be solicited by members of the "Jollies" cast.

NEW LIFE FOR BELTS

The belts or sashes on your silk dresses will lose much of their charm and detract from the costume itself if you allow them to become limp and "stringy." You should take steps, when they are new, to preserve their crisp freshness. An excellent idea is to take a piece of grosgrain ribbon, a trifle narrower, but the same length as the belt and sew it on the wrong side. Use grosgrain ribbon the same shade as the belt itself, if you can get it—otherwise white will do.

HAPPINESS

There are few days set down in the calendar of a man's life in which happiness comes in her own pure and original beauty. When she does, she is attended by holy affections; she comes as when she first wandered in the garden of Eden, and fills the heart with her presence. Fame, wealth, and ambition, the idols of the years, are not there, but love and her tender relations and holy ties, at once the image and the boon of its Divine Creator. Sweet roses grace the thorny way. Along this vale of sorrow; The flowers that shed their leaves today, Shall bloom again tomorrow. —Montgomery.

TOURISTS

If you are interested in Historical Sketches and Folk-lore, get "An Island Scrap Book" by Benjamin Brenner, at Carter's Book Store or the Maritime Stationers, Charlottetown. 1803-7-15-31.

The Presbyterian Church In Canada

ST. JAMES' CHURCH
Minister: Rev. R. Moorhead Legate, B. D., D. D.
Public Worship:
Morning at Eleven O'clock.
Evening at Seven O'clock.

STRANGERS AND VISITORS CORDIALLY INVITED.

REPORT OF CONVENTION OF F. W. I. C.

The first joint session of the F. W. I. C. Board with the Manitoba W. I. Con. opened with the singing of O Canada. Mrs. Bulloch, Pres. of Manitoba W. I., welcomed the delegates in a few well chosen words. Mr. W. C. McKilloan, Dean of Agriculture, extended a cordial welcome to the delegates on behalf of the staff of the University of Manitoba. He emphasized the fact that the F. W. I. C. is a unifying influence as it is open to all classes, creeds and offers opportunities for all varieties of interest.

Mrs. Cameron's official address was much appreciated.

Dr. Helen McMurchie's address was very inspiring. She said medical science and school health service are reducing disease among the young citizens of Canada. Education and parental care has lowered the mortality rate for mother and child. No one can do for home and country what a mother can, and the best thing for her to do is to care for her health.

Miss Bertha Omer, director of the Saskatchewan Home Makers Club, told of the extensive work being done among the families of the dried out areas, who have sought new homes, where lumber and fuel are plentiful, roads and railroads are lacking, but the pioneers of 1933 are creating them.

We were very pleased to listen to Miss Helen MacDougall, Truro, N. S. She gave an encouraging report of the work being done in her province.

Mr. Putman, the only man at the convention, gave an interesting talk on Girls' Clubs.

Junior girls have their own courses for one or three months duration on nutrition, home nursing and sewing. 2,535 attended last winter in Ontario.

You will find the convenors reports in the report of the Biennial Con. as there will be one for each W. I. on P. E. I.

In the reports you will find much of interest for your programs.

It was emphatically pointed out that Convenors' reports must contain only news of such activities as are definitely connected with Women's Institutes. Monday evening the Board of the F. W. I. C. the Advisory Board of the Manitoba W. I., members of the Winnipeg Free Press Club and other guests were happily entertained at dinner with Mrs. G. C. Duncan presiding. A jolly feature of the evening was the introduction of the provincial representatives. Federal officers and Press women, with intimate sketches of each.

I have often wondered, when reading articles in the Family Herald, written by Mirium Green Ellis, if the author was a man or woman.

She is a real live woman, and I shall be even more interested in her articles now that I have had the pleasure of meeting her.

Cora Hind, another newspaper woman, kindly inquired about our famous Island Farmer, the Hon. Walter M. Lea. (She was on the boat to Europe).

Tuesday evening the session opened at 8.00 in the Auditorium of the Residence, Mrs. Cameron presiding.

Mr. Robert England, Pres. of the Canadian Club, Winnipeg, was the speaker of the evening. His subject was, Some aspects of rural life in Western Canada.

Folk songs and dances given by Polish, Ukrainian and Scottish groups under the auspices of the Winnipeg Folk Art Society, was much enjoyed by all present.

Wednesday evening the joint session opened at 8.30 o'clock with Mrs. Cameron presiding and Lady Tupper on the platform.

After singing "O Canada," the President gracefully introduced Lady Tupper, who spoke briefly.

The presentation of a humorous play, "The Spite Fence," was much enjoyed.

Thursday evening the Board of the F. W. I. C. and the delegates to the Manitoba Convention enjoyed a dinner in the residence. W. C. McKilloan, Dean of Agriculture, presided.

The Hon. D. G. McKenzie, Minister of Agriculture and Immigration, the Hon. John Braken, Premier of Manitoba, and Dr. John MacLean, Pres. University of Alberta, delivered addresses of welcome, which Mrs. W. F. Cameron, Pres. F. W. I. C. replied to.

The address of the evening was given by Dr. J. W. Dafoe, Editor-in-Chief of the Winnipeg Free Press, who gave a wonderful address on "The Economic Conference."

Friday the Winnipeg W. I. entertained the Board at luncheon or picnic given in our honor. After

Girl Guide Camp

The Second Charlottetown Company will hold their first annual camp at Canoe Cove from July 27 to August 5. By means of funds earned by the Guides themselves and by donations of kind friends it is possible to pay the rent of the buildings and equipment, the cook's wages and other general expenses and charge each Guide for her meals only. The equipment to be rented will include stove, dishes, mattresses, sports equipment, etc.

IN MEMORIAM

MRS. MALCOLM MACKENZIE

At Canoe Cove, P. E. Island, on the 18th day of June, 1933, a highly respected Christian woman passed to her Eternal Home. We refer to the death of Mary Stewart Campbell, beloved wife of Malcolm MacKenzie. She was a daughter of the late Neil Campbell and Catherine MacLean his wife, and was born at Argyle Shore on January 12th, 1861. She was twice married. Her first husband, John MacEachern, died when quite a young man. Her second husband survives her. There are two sisters, Flora Ann, wife of Roderick MacRae, of Canoe Cove, and Euphemia, wife of Hugh MacPhee, of New Dominion. She leaves a large circle of friends and relatives who must feel keenly the loss of one who endeared herself to all who knew her. Besides her sorrowing husband there is a niece Flora Campbell, wife of Donald MacDonald, who had made her home with Mr. and Mrs. MacKenzie for the greater part of her life, who waited upon her aunt during many periods of illness, and who was with her at the last. To her as well as to the husband much sympathy is extended. Mrs. MacKenzie was a devout and sincere member of the Church of Scotland and when able, was zealous in her attendance at worship. Her life and words for many years were a testimony of the application of God's love to her through Jesus her Lord.

The funeral which was largely attended was held on June 20th, at Canoe Cove cemetery. The services were conducted by Rev. Ewen MacDougall.

Trinket Boxes Being Ramsacked

Women in London and Paris are re-discovering the charm of hair ornaments, writes Victoria Chappelle in the London Daily Mail. Trinket boxes are being ransacked for old-fashioned pieces of jewelry and the diamond star, so popular some 25 years ago, promises to come back into fashion.

A diadem of jet, with a matching cloak of black sequins, has been introduced by a dressmaking house in London, but what promises to be more fashionable than anything else at the moment is the hair-plate.

This is usually made to match the wearer's own hair, although the other evening I saw a dark-haired girl with a dazzling fair plait across her head. The braid is mounted on a semi-flexible band, which clips on like an old-fashioned snood. At each end of the plait a little tuft of the hair is left free.

At a smart theatrical first night recently a pretty burn-haired woman wore a new type of ornament composed of a band of small leaves and flowers made of crystal and shell. And in Paris they are being made of metal.

It is in Paris, too, where the new craze for evening hats is spreading. Simply made of mere scraps of silk or velvet, they are trimmed with large plumes of exotic birds, or are composed of leaves sprayed with pure gold or silver.

Mrs. Smith—"You know, dear, you hold that umbrella over me every bit as nicely as before we were married, in fact you are even more careful."

Mr. Smith—"Yes, I have to pay for your dresses now"

doing justice to the delicious lunch

we spent a social hour in the pavilion, where the members of the F. W. I. C. expressed pleasure at meeting with the Winnipeg W. I. in their home city and thanked them for all their kindness.

Friday afternoon from four to six we were delightfully entertained at the Government house, and visited the beautiful Parliament Building, which is situated nearby.

This pleasant part of the program brought to a close one of the happiest experiences of my life and I shall remember lovingly all the members of the F. W. I. C., the splendid women in charge at the college. Our hostess, M. L. Ouncan, Miss Calder, Miss Alexander, Miss Thompson, Mrs. Ames, and others that made the time we spent in the Residence so pleasant for us.

INSECTS CAN LAUGH AT OUR ATHLETE!

When man boasts of his speed, agility and strength, it is well for him to remember that there are few insects, however insignificant, which cannot make his finest feat look ridiculous.

He may be able to sprint 100 yards in ten seconds or to run a mile well under four and a half minutes; but there are flies, so small as to be scarcely visible, which relatively can do far more wonderful performances. One such fly, has been known to travel at a speed of considerably over 500 steps a second.

If man could rival that rapidity of movement, he could cover a mile in three seconds. He would, in fact be able to travel on his feet ten times as quickly as on a swift aeroplane.

A midge, it is said, can fly twice as fast as the swiftest man can run, and faster than a race horse can gallop. What, then, would be man's speed if he could travel at a rate proportionate to his relative size?

There is not a man living who can jump a distance of twenty-seven feet, or to a height of six and three-quarter feet. A flea makes light of jumping a hundred times its own weight.

A flea is not only the world's champion jumper, but is an insect Samson for strength, for it can lift and walk away with twenty-five times its own weight.

But the flea is a weakling compared with the horn-beetle, which is said to be able to lift two hundred times its own weight. If a 168-lb man had the same powerful muscles, he would make light of carrying a burden of fifteen tons.

ADDRESS AND PRESENTATION

At the regular monthly meeting of the St. Teresa's C. W. L., which was held on June 26, the Honorary President, Rev. I. R. A. MacDonald, was kindly and generously remembered.

This date marking the fortieth anniversary of his ordination to the holy priesthood, a very appropriate address was read by the Treasurer, Miss Ruth Cairns, while the President, Mrs. Peter O. MacDonald, presented a well filled purse.

Father MacDonald, though taken entirely by surprise, expressed his sincere thanks and genuine appreciation and showed that his services among the people of St. Teresa's Parish for the past thirty-six years was a Labor of Love.

Following is the address: Rev. I. R. A. MacDonald, St. Teresa's, P. E. I.

Reverend and Dear Father: As we reach the successive milestones on the road of life, and look back over the past, the memories of happy events are awakened within us. Today, Reverend Father, you celebrate the fortieth anniversary of your ordination to the Holy Priesthood, an event which must bring back happy memories.

During those years, excepting the first few, you have been our beloved pastor, you have tended well the flock entrusted to your care, and you have discharged your duties in a manner which reflects credit upon yourself.

We consider ourselves very fortunate in having one who has followed so closely the footsteps of the Good Shepherd, as the pastor of our souls.

We could not let this opportunity pass without showing in some small way our gratitude. Therefore, we, the members of the Catholic Women's League of St. Teresa's Parish ask you to accept this gift, not because of its intrinsic value, but as a token of our appreciation of your labors in our "Lord's Vineyard," and our best wishes for many more years of active service.

Our prayers for you, Reverend Father, will always be: Keep him dear Lord, the chosen one
Within thy heart so fair
No harm can come to him I know
If he is sheltered there.
Signed on behalf of the members of the Catholic Women's League of St. Teresa's Parish.
President, Mrs. Peter O. MacDonald; Secretary, Miss Marguerite Bradley

HARE AND HOUNDS

This jolly game for a number of players should be played outdoors near trees and wooded and likely hiding places. One player is the hare, another the huntsman, and the rest of the players, the hounds.

The hare is given five minutes start, at the end of which time the huntsman starts off, followed by the hounds. The hounds should be fixed before the start of the game, and one rule of the game is that the hounds must keep with the huntsman. The player who first sees the hare, or detects any sign of his whereabouts, shouts a loud "tally-ho!" and the chase is taken up by the huntsman and hounds.

THE JOLLIES OF 1933
Popularity Contest
To elect "The Queen of The Jollies"

Candidates Nominated by cast. Ballot Box at Jamieson's Drug Store.
