BROKEN-DOWN NERVES

HOPELESS CONDITION CURED BY "FRUIT-A-TIVES"

MILFORD HAVEN, ONT., Aug. 20th, 1910
I was a complete invalid, three years ago, with Stomach Trouble, Constipation and Broken-down Nerves. I could not sleep at night and my Doctor did me very little good. I was almost helpless until I began to take "Fruit-a-tives" in small doses. I have taken about three dozen boxes in all and, thank God, to-day I am well and strong - able to do my own work - and have a baby fifteen months old, and six children in all.

HORSE RACING AT MONCTON SLIMLY ATTENDED

MONCTON, August 14 - More good racing was witnessed on the Moncton speedway this afternoon in the maritime circuit meet. There was a small attendance. Five heats were required in the 2.18 class, before Prince Louis won out. In the 2.24 trot and pace two accidents occurred during the afternoon. William Cummings, A. E. Trites' driver, being in both. In the first heat of the 2.24 class, Cummings, who was driving Freda Posey, was thrown from the sulky in the first half, but his horse went all the way round without break and saved distance. In the first heat of the 2.18 class, there was another mix-up, in which Cummings was severely shaken up. He was driving Leonard Wilton and collided with Candy Girl. Leonard Wilton was thrown and the sulky smashed. Cummings pluckily finished the race with Wilton getting second money. The summary:

without question one of the funniest comedians that has ever been seen in vaudeville, and in the character of the amateur paper hanger who mixes his numbers and pads the wrong flat, he keeps his audiences in a constant paroxysm of laughter. Only those who have found by actual training in the hard school of experience, how really difficult it is to paper a room, can imagine the ludicrous mishaps that befall the unfortunate Simms during the twenty minutes he is on the stage. Other strong attractions engaged for the same week are Alexander & Scott, late of Cohan & Harris' Minstrels, in "From Virginia;" Keller Mack & Frank Orth, the song writer and the
