QUEEN'S CANADIAN FUND DONATIONS

Repeated bombing raids on British port areas and the industrial midlands has attracted fresh attention to the frightful suffering of the many thousands of civilians in Great Britain who are harried from shelter to shelter and finally driven into the open country by successive raids. Eventually places are found for them all places of relative security, but their belongings of all kinds are destroyed. The task of emergency feeding alone is difficult. The task of setting them up once more with some quantity of clothing and bedding is much more difficult.

To meet these enormous needs funds have been started in various parts of the world Her Majesty use of her name in connection with the Dominion campaign, which is officially known as "The Queen Canadian Fund for Air Raid Victims."

Every dollar contributed to the Queen's Canadian Fund goes without deduction to the Lord Mayor of London for distribution to the homeless and needy
