Egg Production Is Holding Steady

Egg production in Prince Edward Island is holding steady with the arrival of more pullet eggs in receipts, reports Mr. F. M. Nash, supervising poultry products inspector. Warm weather of the past few days has not helped the general quality of the product. Other Maritime points are absorbing all receipts. Retail sales have strengthened some as most stores are inclined to lower prices of A Grades as the demand generally fell off. Operators of grading stations are quoting producers for ungraded eggs Grade A Large 60, A medium 53, A Pullet 36, Grade B 39, Grade C 28.

Wholesalers are quoting for the graded pack in new cases f.o.b. station Grade A Large 65, Grade B 44, the cartoned graded pack is retailing at Grade A Large 75, Grade B loose 56-59.

Poultry prices have strengthened slightly and local dealers are quoting for chicken live 5 1-2 and up No. 1's 23, fowl No. 1's over 6 lbs. 21, five to six 19, dressed chicken 5 1-2 and up, milkfed A 36, Grade B 33, fowl 5 lbs. and up, Grade A 25, Grade B 23. Chicken and capons continue to

Among The Farmers Federation Of Agriculture News

C. F. A. Meetings Your secretary attended the sessions of the Canadian Federation in Ottawa last week, and it was certainly an inspiration to see those men from all the provinces representing a variety of producer groups in Canada, sit down and discuss our farm problems from different viewpoints until agreement was reached.

Many people refer to such trips as a relaxing change or a pleasure outing. But, when you have to study and concentrate for three full sessions per day and then try to gather up information on side issues from other provinces after hours there is little time to relax.

Dairy Meeting On Wednesday the Board of the Dairy Farmers of Canada met to make final arrangements for presenting the margarine appeal to

the Privy Council. This will be heard next January. The price support policy on butter was discussed and the Deputy Minister of Agriculture, Mr. Taggart who was invited in to the meeting expressed the view that the Government anticipated little or no trouble in disposing of the Canadian butter supply now in storage.

It was revealed that in some areas where there was no control over marketing, that local creameries without any good reason were selling butter at a price that would undermine the whole support policy. This was being done right in this Province up until a couple of weeks ago. But, after calling factory representatives to
