ANARCHIST KEPT PARIS POLICE AT BAY.

PARIS, April 28—Bonnot, the leader of an organized gang of auto bandits who have been terrorizing Paris and the surrounding district for months past and Doubois, a notorious anarchist, were shot to death today in the most thrilling encounter in the annals of French crime.

A garage at Choisy, Le Roi, six miles south of Paris, in which the bandits had taken refuge, was blown up by dynamite; after these two men had kept at bay for hours a large part of the police force of Paris, a contingent of gendarmes, two companies of republican guards and a company of engineers. Ten thousand spectators viewed the battle from points of vantage.

Bonnot and Doubois after wounding two policemen today took refuge in the garage. They were trapped in the building, which was at once surrounded. Reinforcements were dispatched to aid the police, composed of gendarmes, republican guards and engineers. A battery of artillery was on the way from Versailles, when a small detachment of soldiers succeeded in placing dynamite against the structure and blowing it out the wall.

Bonnot was captured alive. He was riddled with bullets and died on the way to the hospital. The great crowd that had gathered with cries of "Death to Bonnot," almost tore the bandit from the soldiers, several of whom were injured.

The Hippodrome announces the last three weeks of spectacle. Around the World and the Mammoth Durbar Circus. All those who have not yet seen the great double show will do well to arrange a visit during the short time that remains before the close of the Hippodrome season. Though year after years has broken records of attendance at the big playhouse, the fact remains that this has been the most prosperous of all seasons in the history of New York's latest theatre. These great spectacles comprise scenic visits to all parts of the world. Among the countries visited are England, Ireland,

Spain, Honolulu, Italy, Switzerland, Egypt, etc. Twelve star arctic features make up the circus program and the success of the colossal show is explained by its gigantic proportion and altogether gorgeous presentation.

NEW YORK EDEN MUSEE.

Captain Smith, late Commander of the ill-fated Titanic, is the latest figure shown in the Eden Musee collection. Standing on the steps of the Rulers of the World group in the Central Hall, the hero of the seas is

much commented on by the visitors to this famous resort. Among the extra attractions the coming week exceptionally interesting subjects are shown on the Cinematograph de Luxe in the Winter Garden. These exhibitions are given every hour, afternoon and evening. Daily concerts are rendered by the Contorno Ladies Sextette who offer splendid musical programs, both classical and popular. The tableau entitled "Under the Sea" in the Crypt draws much attention at this time. The group "World's Heroes" on land and sea, located in the Cen-

tral Hall, was also crowded with visitors during the past week. Additions have been made to the stereopticon gallery, which is freely patronized by the out of town visitors at this season of the year.
