

The dinner you are soon to give

AMBASSADOR PATTERN Orange Spoon

HAVE you silverware enough for the dinner you are soon to give—and for all the other dinners thereafter? Or are you trying to get along without many of the necessary pieces?

In "1847 Rogers Bros." it is quite easy to provide the half-dozen of things to make your silverware complete. The niceties of the well-set table are all here—salad forks, coffee spoons, orange spoons and serving pieces. All are reasonable in price. Yet all possess the beauty and durability that has endeared "1847 Rogers Bros." to generations of hostesses.

A sensible scheme is to purchase to-day the pieces you need most and to add to them as the occasion demands. This is the more feasible because leading dealers all over the Dominion carry "1847 Rogers Bros."

May we send you a copy of our booklet, "Etiquette, Entertaining and Good Sense"? Its illustrations of table settings are authoritative to the last degree. You will find it full of suggestions for successful entertaining. Write for it to-day. Meriden Britannia Co., Limited, Hamilton, Ontario.

Have Dark Hair and Look Young

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea. Grandmother kept her hair beautifully darkened, glossy, and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair. A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft, and beautiful.
