

Blue-jay is the delightful way to end a corn. A tiny cushion, cool as velvet, fits over the corn—relieving the pressure. The pain ends at once. Soon the corn goes. Blue-jay leaves nothing to guess-work. You do not have to decide how much or how little to put on. Each soft downy plaster is a complete treatment with just the right amount of the magic medication to end the corn.

A Corn will mar a pretty face

That corn is reflected in your face. Pain is disfiguring. If you keep that corn it will hasten crow's-feet. To carry a corn for days is to show those days, unfavorably, in your looks. The constant dull irritation makes its mark in frown lines which do not always come out. Then there's the undaintiness of it. For the sake of personal charm and comfort—let Blue-jay end that corn in 48 hours.

MISS DELLA GALLANT, Summerside, returned home yesterday after visiting friends in Charlottetown. Mrs. Catherine Marshall returned to her home in Nova Scotia yesterday having spent the week in Ch' Town, the guest of her niece Mrs. W. C. Dugan, Kent St.

Mr. R. H. Davison, the popular manager of the New Learmont Hotel, Truro, N. S., who has been visiting his home and friends during exhibition week left yesterday morning on return to Truro.

Messrs. Colin Ripley, Russel King and Walter Briggs and son returned to their homes in Nova Scotia after having motored over in Mr. King's car. This was Mr. King's and Mr. Ripley's first trip to the island. They had a wonderful time and hope to return next year.

As for fielding ability, where is there a club that can produce a better infield combination than that presented by the National League winners? It is on a par with, if not better than, the Washington infield, and that is really the best compliment that can be given.

Another unusual feature of the Pittsburgh team is that Odams and Melinns, the best-known veterans of the club, are the only members of the entire organization who have been in a World Series. Adams was in only one, in 1909, with Pittsburgh, but Melinns has seen service in four. Adams is the only player remaining with the club from its championship winners of 1909.

It will be remembered that Pittsburgh and the Boston Americans were the first clubs to engage in a World Series in 1903. C. L. Phillips of Pittsburgh made a unusual record in pitching in 1903 when he went three full games without giving a base on balls. He also has pitched the most innings in a series, his total being 44.

Things that fans can watch for particularly from a Pittsburgh standpoint in the World Series are: the base running of Carey and Cuyler; the pitching of Albridge, Meadows and Adams, the hitting of Cuyler, playing his second season in a World Series; the speed of the brilliant infield combination of Grantham, Moore, Wright and Traynor, and the heavy hitting of the entire team.

Glenn Wright, shortstop, will carry a unique record with him to the World Series, that of having played every game with Pittsburgh since he started his major league career in 1924. Cuyler joined Pittsburgh in 1923 and ran along side of Carey as a base stealer in that short time is an unusual performance. Cuyler, as a hitter, is rated by Rogers Hornsby and J. L. Bottomley of the Cardinals in league hitting.

Pittsburgh will enter the World Series a much stronger team than the Giants of 1924. It is a well balanced organization with strength in every department. Although inexperienced as a whole in World Series play, the club has just won an uphill struggle which has called for the same perseverance that Washington needed in the pennant race of 1924. The team did not really start for the top of the league until the middle of May, and then it climbed steadily all season until finally the Reds and Giants were passed and left far behind. Washington will have a tremendous task on its hands to outplay the smoothly working Pittsburgh organization.

POLICE COURT.

Two men charged with drunkenness were fined \$10 or thirty days at the Police Court yesterday. A prohibition case was dismissed as was also the case against four persons residing in the east end of the city, who were charged with being drunk and disorderly. Another prohibition case, a case for assault and battery, and a drunk and disorderly case, were adjourned.

RAZING WATER TANK.—Workmen have almost completed taking down the water tank that for about sixteen years has stood in the railway yards just at the bottom of Hillsboro street. The average life of these tanks is said to be twelve years, so that it can be seen that this particular one has given good service. Hereafter the city pressure will be used for watering engines in the local yards.

BUFFALO FOUND.—Last night while passing the United Church, Police Officer Doyle noticed two men acting in a suspicious manner and on overtaking them found them carrying off a buffalo, evidently taken from some vehicle nearby. Officer Doyle confiscated the rug and it is now at the Police Station waiting to be claimed by its owner.

FANS EAGERLY LOOKING FOR FAST WORK

NEW YORK, Sept. 29.—As a result of the clinching of the National League pennant by Pittsburgh, fans are now looking forward to seeing one of the fastest organizations in the history of baseball represented in the World Series of 1925. Followers of baseball will say that G. P. Grantham, M. G. Carey, H. S. Cuyler, C. L. Phillips, Edward Moore and H. J. Traynor should make base-running history in the coming series.

Pittsburgh has relied mainly on heavy hitting and speed on the bases and in the field to bring its first pennant since C. B. Adams pitched himself to lasting fame in the season and World Series of 1909. And now, just 16 years later, Adams is again ready to do his part to bring another world championship to Pittsburgh. Adams tied the record for the World Series, made a World Series, and J. W. Coombs, pitching for the Philadelphia Americans in 1910. Now that Washington has won the American League pennant, two of the four pitchers who have won three games in a World Series without sustaining a defeat will be in the series of 1925.

May Break Records.

With Carey, Bigbee, Grantham, Moore, Traynor and Cuyler playing in their first World Series, base-running performances will certainly have to be watched. Carey and Cuyler are the two leading base stealers in the National League this year, and the others are making fine records. Pittsburgh has been famous for many seasons in base stealing, having led the National League last year and the year before.

In hitting, Pittsburgh leads the league this year with an average of about 200. There are 10 regulars on the club hitting for more than 200.

The National League pennant winners will take into the World Series a famous collection of veterans, as well as a colorful group of scrubs. Carey began his career with Pittsburgh in 1911. Lee Meadows in 1915, Bigbee in 1916 and Adams in 1909. J. P. Melinns started with the Athletics in 1909. Carey for many seasons has led his league in base-stealing, and this year his teammate, Cuyler, is giving him a race for honors.

Brilliant infield.

As for fielding ability, where is there a club that can produce a better infield combination than that presented by the National League winners? It is on a par with, if not better than, the Washington infield, and that is really the best compliment that can be given.

Close To A Record On Grand Circuit

COLUMBUS, O., Sept. 29.—Over a fast track Anna Bradford's Girl came close to a world's record in winning the final heat of the Ohio State Journal \$1,800 stake for 2.05 pacers, the feature of today's grand circuit racing card.

In the first heat of 5.8, Anna Bradford's Girl could do no better than finish third to Phil O'Neil. In the second heat, 3-4 mile, she won in 1.29 1/2. She also won the last heat of 1 1/4 miles in 2.33 1/2, and in doing so paced the final quarter in 28 3/4 seconds. The Murphy entry figured to win the Ohio Citizens' Stake for 2.07 trotters, but the event went to Cupid's Albiner, Ribbon Cane, of the Childs Stables, won the Evening Despatch \$1,800 stake for 2.15 pacers in straight heats.

The only class event on the card the 2.13 pace was won by Jean Gratian in straight heats.

Annual Meeting Of M.P.B. At Halifax

HALIFAX, Sept. 29.—According to word received by W. E. Stirling, vice-president of the M. P. B., the annual meeting date for the Maritime amateur governing body has been set by A. C. Millie, president for Halifax, on Thursday, Oct. 15. Mr. Stirling, representing New Brunswick, has strongly protested this arbitrary action in naming Halifax as the meeting place, on the ground that it works considerable hardship to New Brunswick clubs in sending delegates such a long distance when some central place such as Truro would do very well and thereby cut the cost of representation down and ensure a large attendance. A. W. Covey, honorary president of the M. P. B., and member of the executive, has also taken up the ends on behalf of New Brunswick, and some interesting developments are expected.

In conversation with Mr. Millie over the long distance telephone.

PRESIDENT WILL SEE FIRST GAME IN WASHINGTON

WASHINGTON, Sept. 29.—President Coolidge plans to attend the opening game here of the world's series between Washington and Pittsburgh after two games in Pittsburgh the teams will appear here on Friday, October 9.

Mr. Stirling pointed out the difficulties in the way of New Brunswick clubs in sending men to Halifax, and he was told that Cape Breton and the South Shore of Nova Scotia had specially asked that the meeting be held in Halifax. Mr. Stirling pointed out that Cape Breton and the South Shore were certainly not to sway such an important decision in the face of opposition from the strong New Brunswick clubs. It is not known where the island stands on the matter, but it is logical to assume that the island delegates would favor a central point for the meeting. Truro is no further from Cape Breton than Halifax, and Mr. Millie's motives in naming Halifax, his home town, are under suspicion here. All that New Brunswick is asking for Mr. Stirling said today is a square deal.

"We are not looking for any favors nor anything that is not due us, but I feel that the meeting should be held at a central point," he said yesterday. He is taking the matter up again.

A new angle to the situation became known today when it was learned from a reliable source that "Sammy Doyle, P. E. I. vice-president, is being boomed for the presidency.
