Crowing of a rooster during a dense fog off Majorca warned the captain of the steamer Jaime I that the vessel was near land, and the vessel was saved from being grounded by only a few feet.

Published through a store window during an automobile collision in Blackheath, England, Joseph Forster picked himself up unscratched and continued his walk home.

It is usually safe to say that when a child is pale, sickly, peevish and restless, the cause is worms. These parasites range the stomach and intestines, causing serious disorders of the digestion and preventing the infant from deriving sustenance from food. Miller's Worm Powders, by destroying worms, correct these faults of the digestion and serve to restore the organs to healthy action.

He was brought on Tuesday morning's train to Summerside and was taken by Percy L. Bowness' ambulance to the Prince County Hospital for x-ray treatment.—S.

—TRIBUTE TO H. M. DOWNING—The annual meeting of the Gentlemen's Club at Summerside was held on Monday evening when Dr. E. T. Tanton was elected president. Tribute was paid to the late H. M. Downing, past president of the Club, and the loss sustained by the members in his demise. Reference was also made of the late W. A. Stewart, a member of the Club, who is very much missed by his associates.—S.

—HOCKEYISTS DINED—A most enjoyable chicken dinner was served at the home of Mrs. Douglas Bell, Cape Traverse, in honor of the Bloodhound Hockey Sisters. This feast had been promised to the young ladies if they played good hockey, and the event was a great success. Had an equal quantity been consumed before the game, there would have been no game. Mention was made that W. McWilliams makes a snappy goal when it comes to eating. Mrs. Bell charmed the occasion with her personality in the capacity of hostess. The guests tripped the light fantastic until midnight.

IN MEMORIAM

DR. H. J. KEANEY
 Dr. H. J. Keaney passed away very suddenly from a heart attack on Wednesday, March 1st at his residence 385 Broadway, Everett, Mass.

He was one of the most outstanding physicians of the city of Everett, and was beloved by all, irrespective of class and creed.

His funeral was one of the largest ever held in the city, thousands coming to honor one whom they all loved and admired, the Mayor, Firemen, Police and all City Departments being represented. Interment was in Worcester Mass.

Much sympathy is felt and expressed in Eastern Kings for Mrs. E. McEachern (Maud Keays) who had been his housekeeper for upwards of twenty five years, and also his secretary, Miss Josephine Keays of Priest Pond, who had been in his employ for a number of years.

During 1932, 1,741,000,000 pounds of coffee were consumed in the United States.

BASE OF A HEDGE IMPORTANT

Hedges will thrive best if the soil is kept cultivated and free of weeds to a width of two feet or more on each side and an occasional top-dressing of well rotted barnyard manure is given. Some complete fertilizer will no doubt prove of benefit, especially if the soil is light, says the Department of Agriculture at Ottawa, but it should be kept off the foliage. As to the shape of the hedge, it is to be remembered that a broad top is liable to hold too much snow and thus spread the hedge. It cannot be too strongly emphasized that it is most important to have the broadest part of the hedge at the base, no matter what form it may take further up. The mistake was made at Ottawa of letting some hedges become broadest half-way up, with the result that the bottom became weak.

Locates Gold Vein in Dream

J. C. Hamdorf, of Western Australia, is convinced that there is a lot in dreams. At least it has proved so for him. When his blacksmith shop not far from Perth failed to earn enough for food, Hamdorf went a gold prospector and he went through more hard times. But one night he dreamed. "I dreamed that I met some prospectors," he said, "and they asked me where I expected gold. I said 'over there', and pointed to a bush south of the present boundary of the Wannaway Field. Next morning I went straight to the bush and started working. In a few minutes the indications were definite. My dream had come true." Hamdorf is now amassing a fortune in gold from the mine.

Singing Workers Rout Flu

Introduction of community singing by girl workers in a shirt factory in Brighton, has not only kept away the influenza during the epidemic in England, but has considerably increased the output of the employees. Not a girl has been absent from work since the singing-while-you-work plan was introduced. The girls wear bright colors and the decorations of the big sewing room are futuristic. The workers sing songs all day as they keep busy at their sewing machines. The woman overseer walks round the room watching the work and insisting that everybody sing. With a stick in her hand she beats time for "Pack Up Your Troubles," "Good Night, Vienna" and other cheerful ditties.

Colds Go OVERNIGHT

When You Take This Famous Tablet in Time

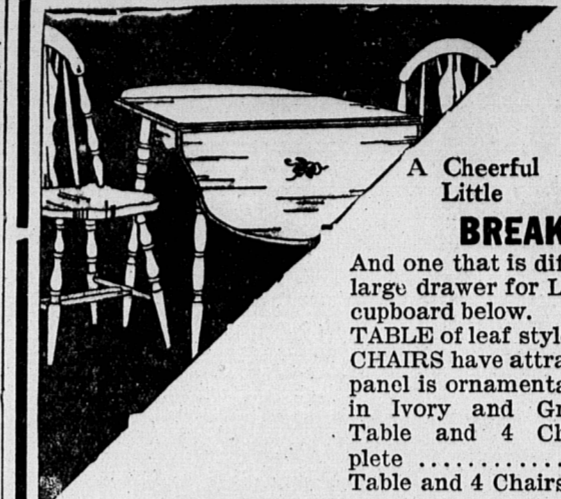

At the first sign of a cold, take Grove's Laxative Bromo Quinine. It usually expels the cold over night and thus prevents the infection spreading within the system. Grove's Laxative Bromo Quinine acts quickly because it does the four things necessary. It opens the bowels, kills the cold germs and fever in the system, relieves the headache and tones the entire system. Accept nothing else.

Entertainment Committee

During the year 1932-33, addresses pertaining to Education were given by His Excellency, Rt. Rev. J. A. O'Sullivan, Rev. Francis J. Lyons, C.P., Rev. Richard O'Neill, Monsignor M. McDonald, Mrs. W. J. McIntyre, and Mrs. James Coady.

On Sept. 9, 1932, our Sub-division entertained delegates to the Diocesan Convention and on Feb. 20, 1933, the Corpus Christi Choir. Both entertainments took the form of cards, luncheon and a musical program.

On Sunday afternoon, April 2, 1933, a party of young ladies and gentlemen, under the auspices of the C. W. L. entertained the patients of the Sanatorium in a delightful musical program. Those contributing to this were Miss L. Blanchard, Miss N. Murray, Miss M. Paquet, Messrs. A. Blanchard, A. McKearney, C. Howatt, W. Morgan. Special thanks are due these young people for making possible this enjoyable hour for the patients; also to Mr. J. A. Gesner and Dr. J. E. Blanchard, for kindly giving their cars for the convenience of the party. Musical programs were arranged for our regular meetings, as well as for the opening of Diocesan Convention; the following ladies and gentlemen contributing: Mrs. W. J. McDonald, Mrs. B. Brown, Misses Lucy Blanchard, N. Murray, K. Hornby, W. Moran, K. Hughes, C. Hughes, B. Gaudet, M. Paquet, C. Kenny, B. Blanchard, Messrs. A. Blanchard, A. McKearney, A. Connolly, W. J. Brown, S. Doyle, J. Blake, L. Doiron, Corpus Christi Choir.

The sincere thanks of the committee are extended to His Excellency, Bishop O'Sullivan, and to the other gifted speakers, for their intellectual contributions; and to all those young people who so unselfishly gave their time and talent.

Respectfully submitted, **REGINA MURRAY**, (Convener), **AGNES McDONALD**, Committee.

The President then called on His Excellency, who expressed his gratification of the work done and congratulated the President and members on the reports presented. He urged the retiring officers to still continue their interest in the work of the League, as the value of its service to the community is inestimable. He paid a well deserved tribute to the splendid and capable manner in which the retiring president, Mrs. Casey, had directed the activities of the Sub-division and gave his blessing to all present.

W. F. Stephen Resigns From National Dairy Council

(By H. L. Trueman)

The resignation of W. F. Stephen as Secretary-Treasurer of the National Dairy Council of Canada marks the retirement from active service of one of the best known figures in organized agriculture in Canada. For half a century he has been prominently identified with many of the leading movements in the dairy industry. Born May 28th, 1883 near Huntingdon, Quebec, of Scotch parentage, he naturally became associated with the early development of Ayrshire cattle in Canada. It is recorded that as a lad of six he led his father's first pure-bred Ayrshire, into the show ring. Subsequently the progeny of

that calf became one of the leading herds in Canada and the boy who led the calf became one of the prominent judges of Ayrshires and other breeds of live stock, officiating at all the principal Canadian shows and many in the United States, including the National Dairy Show.

In his early days at Huntingdon Academy and McGill Model School he showed marked organizing ability. At the age of twenty-two he became a director of the Quebec Ayrshire Breeders' Association. The year 1893 found him showing several of his herd of Ayrshires at the World's Columbian Exposition at Chicago. It was at this show that prominent Canadian exhibitors proposed the amalgamation of the Ontario and Quebec Ayrshire Breeders' Associations. Mr. Stephen was one of the men who put this proposal forward and five years later he was chosen to sit on the board of directors of the newly formed Canadian Ayrshire Breeders' Association. He became President in 1904 and permanent Secretary in 1906.

The next ten years were full of activity in connection with the growing association. In addition he managed the Huntingdon Fair and was active in building up the Ormstown Show. Municipal affairs played a large part in his earlier life and with other local Council men inaugurated the good road movement in western Quebec.

Mr. Stephen was twice married. In June 1897 to Miss Janet McFarlane of Huntingdon, who died in January 1910. Two years later he married Miss Laura Rose, of Guelph, Ontario, widely known as a Woman's Institute lecturer and instructor in dairying. Together they were active in Church and community work in Huntingdon, where they made lasting contributions to the progress and welfare of the Methodist and United Church. They now take a leading part in Church activities in St. James' United Church in Ottawa.

In 1919 the work of the Ayrshire Association had grown to demand his full time and in 1920 he started the Canadian Ayrshire Review. This journal is now widely known as the official organ of the Association. In the twenty-one years of his service as Secretary of the Ayrshire Association the membership was built up from two hundred and sixty to over sixteen hundred, with greatly increased registrations of cattle and improved finances.

During this period Mr. Stephen was more than an Ayrshire enthusiast; until 1911, when he sold his farm to two young Scotchmen, Mr. Gilbert McMillan, and Mr. Matthew Leggat, he was one of the leading dairymen of Eastern Canada. His own herd had grown to eighty-five head, all descended from the calf his father purchased

Amendment To Sweepstakes Bill By The Senate

(Canadian Press)

OTTAWA, April 4—The Sweepstakes Bill as it leaves the Senate will likely be limited to one sweepstake in each province per year. An amendment to this effect was passed in the Senate today along with amendments to change the provisions to apply only to sweepstakes the proceeds from which would go to hospitals.

When the bill came up for third reading, Senator A. D. McRae, its sponsor, urged that it be given the final reading today but Senator George P. Graham and others insisted that it be left over until tomorrow. It will therefore come up tomorrow.

Senator McRae explained that since the bill was introduced, several provinces had brought down their budgets and in each case the grants to hospitals had been decreased. There was accordingly all the more need to have this bill pass so that these institutions could use this method of raising funds.
