

The Secret of Beauty

The secret of feminine beauty is not as many suppose in complexion powders, creams, etc. Beauty is helplessly dependent upon the working order of the stomach, bowels, liver and kidneys. How many thousands of women have lovely forms and figures, but oh! their complexion. Take one of

IN MEMORIAM

MISS KATHERINE E. MACKINNON
The death took place in New Glasgow N. S., Monday evening, Oct. 16, after only one day's illness of Acute Diabetes. Miss Katherine E. Mackinnon, she was 47 years of age and a graduate nurse of the Colorado Training School for nurses, and had followed that noble calling for twelve years, ten of which was passed in Colorado and the last two in Los Angeles, Calif., where two of her sisters reside. Mrs. L. H. Johnson and Mrs. Robert Smiley. She was a faithful member of the Presbyterian Church for twenty years. She leaves to mourn besides the sisters mentioned above, her mother, widow of the late John Mackinnon, and a brother Finlay and sister Etta on the home- stead in Mt. Royal and two brothers Robert H. of Roxbury, Mass.; and John E. of Boston, Mass., besides a large number of friends and relatives. Her body was brought to Mt. Royal and laid beside her father and brother in the Presbyterian Cemetery there.

Lt. S. B. Simpson Died Gallantly Leading His Men

Canon Simpson has received the following letter from the O. C. of the 5th Mounted Rifles: "It is with the deepest regret that I have to inform you of the death of your son who was killed in action on 1st October in the Somme area. "He was killed whilst leading his company to the assault of a German trench, urging his men to follow him to the last. "The Battalion feels his loss very deeply as he had endeared himself to the officers and men by his personal bravery, and by his great gallantry and personality.—D. C. Draper, Lieut. Colonel, O. C., 5th C. M. R. Battalion."

FELL FROM LOFT; HURT; THEN WELL

HOW A MAN WHO LANDED ON WOOD PILE AND WAS SORE FROM HEAD TO FOOT FOUND QUICK RELIEF.
Once upon a time Edwin Putnam, who lives in the quiet hamlet of Wendell Depot, Mass., climbed up into a loft to get some building material, just as many another man living in the country must often do. Suddenly he slipped and fell. Ten feet below was a pile of wood, knotted and splintered. It was a nasty tumble, and Mr. Putnam was injured painfully in the back, he was covered with bruises, and was sore from head to foot. The next day he bought a bottle of Sloan's Liniment which had been recommended to him. Within a very few hours the soreness had vanished and the lameness had disappeared. He was an active man once more. Sloan's Liniment can be obtained at all drug stores, 25c, 50c and \$1.00.

KILLS PAIN

Painful Swellings Reduced Muscular Strains Ended

SUCH TROUBLES NOW QUICKLY RUBBED AWAY BY POWERFUL REMEDY.
If you have any muscles that are strained and weak, that are frequently subject to rheumatic pains; if you have any painful swellings that refuse to go away—get busy with Nerviline. This is the very sort of trouble that Nerviline is noted for curing quickly. "I have proved Nerviline simply a wonder in reducing a hard, painful swelling it followed an injury I received in my left leg and caused me great pain and discomfort. The muscles were strained and sore, and no other remedy gave the ease and comfort I got from rubbing on Nerviline. There is a soothing, pain-relieving power about Nerviline that touched the root of my trouble. Nerviline reduced the swelling, it destroyed the pain, it brought my limb back to perfect condition." The experience of Mr. Bowen, whose home is in Middlesex, is not unusual. Thousands are proving every day that muscular pains of every kind, chronic rheumatism, lumbago, neuralgia and sciatic will yield to Nerviline. When nothing else can possibly cure, Nerviline is an old-time family pain remedy, used nearly forty years with great success. The large family size bottle costs 50c., trial size 25c., at all dealers.

Sympathetic References To Fallen Soldier

The following letters received by Mrs. P. Bearsto of this City, mother of Gunner Wendell Bearsto, who was severely wounded, and has since died in a hospital in France, will be of much interest to the many friends of the brave young artillery man: S. S. M. Hospital, 13 E. L., France, 7, 10, 16.

Dear Mrs. Bearsto: Just a few lines to tell you that your son No. 35120, Gunner W. P. B. Bearsto, 3rd, Battery 1st, Brigade C. S. A., came in severely wounded in the abdomen, head and legs. His condition was very serious when admitted, and we did all we could for him. He was unconscious off and on and I am glad to say did not suffer any pain. He sent you his love. He passed away at 11.15 a. m., 6, 10, 16. He came in here on the 5, 10, 16. He was buried this morning and his grave will always be carefully kept. His belongings you will receive later. My deepest sympathy. Yours sincerely, (Sgd.) KATHLEEN HOLMES, Sister Q. A. L. M. N.S., McGill College.

My Dear Mrs. Bearsto: As secretary, it falls to my lot to express to you and yours, the deep and sincere sympathy of the Active Chapter in the death of your brave son Wendell, who has paid the supreme sacrifice for his God, King and Empire. Wendell was in every sense of the word our brother—and a brother to be proud of. He was a "Prince of a fellow" and a gentleman in that ever was one. A conscientious student and a clean athlete, Wendell was a boy who had a wonderful career ahead of him. We have now lost three of our fine boys, while a fourth has lost a leg. Such is the price Canada has to pay.

And yet Mrs. Bearsto what more glorious death could a young God fearing Canadian desire! And Wendell was one of that breed. May God comfort you! We can only express our heart-felt sympathy and believe me. Yours sincerely (Sgd.) MAURICE BUSBY, Sec. Epsilon, Phi. Fraternity.

Weather Forecast For November

WASHINGTON, D. C., Oct. 23.—Last bulletin gave forecasts of disturbances to cross continent Oct. 26 to 30, warm wave 25 to 29, cool wave 28 to Nov. 1. Temperature of that week, centering on Oct. 28, will average above normal. Don't forget that these dates are for the median, an imaginary line drawn from near New Orleans, St. Louis, Duluth, and northward. As all weather features drift eastward you must count from one to three days earlier according to distance west of that line and one to two and a half days for each of that line. The tropical storm moving northeast along the Atlantic coast, and their time cannot yet be successfully forecasted. During the week centering on Oct. 28, very severe storms are expected and our readers are urged to be prepared ahead of time for meetings of the country and we cannot locate them, but we are quite sure as to when they will occur. Heavy rains are expected during the week in large parts of the cotton states. Next warm wave will reach Vancouver near Oct. 30 and temperatures will rise on all the Pacific slope. It will cross ridge of Rockies by close of Oct. 31, plains sections Nov. 1, great lakes and Ohio valleys Nov. 2, eastern sections 3, reaching Newfoundland near Nov. 4. Storm wave will follow about one day after warm wave and cool wave about one day after warm wave.

Severe Cold Wave.

This will be a continuation of the severe storm period mentioned above, but the storm will decrease as they near the Atlantic coasts. Following this storm wave will come a severe cold wave that will cause a general killing frosts in large parts of the cotton belt. We also expect some severe tropical storms during this great continental storm period but cannot now give particulars.

Our forecasts for September were generally good, except less rain than expected in parts of southwest and middle west. Our temperature lines were somewhat defective. We still advise growers to sell their surplus grain while they might get higher prices by holding there are too many risks. "A bird in the hand is worth two in the bush" is an old and very true aphorism. We are now of the same opinion about cotton. The safest thing is to sell now while you can get good prices.

The discovery that the moon and sun control the tides was made not very many years ago. The scientists who occupied government positions in Europe scowled at the discovery, denied it but more common people saw the point and accepted the discovery. Very similar history has attended and still awaits planetary meteorology. November promises unusually warm weather from near 8 to 24. This will be quite favorable to live stock pasture and will save much feed. But during 24 a great change to colder weather will occur, for which farmers should be prepared.

SOLDIERS ARE NEEDING

more Zam-Buk. They are asking for it in their letters home. They say that nothing takes the place of Zam-Buk for cuts, burns, blisters, sores, etc. Pte. J. R. Smith of the "Princess Pats" writes: "Tell my friends, if they want to help me, to send some Zam-Buk. We find it very useful indeed, and we can't get too much of it." Pte. Johnson, writing home, says: "Mrs. — has offered to send me a rug. Ask her to send some Zam-Buk instead. It will be of more use here than all the rugs in creation." Nothing ends pain and heals so quickly as Zam-Buk, and being germicidal, if applied to a wound as soon as sustained, prevents all danger of blood-poisoning. The soldier who carries a box of Zam-Buk in his pocket will be saved much needless suffering. Don't let your friends go without. All druggists, or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.
