COULD NOT REST NIGHT OR DAY

With Irritating Skin Humour—
Whole Body Affected—Scalp
Itched All the Time and Hair
Fell Out—Wonderful Result
From

APPLICATION OF CUTICURA REMEDIES

"I am never without Cuticura Soap and Cuticura Ointment since I tried them last summer. About the latter part of July my whole body began to itch. I did not take much notice of it at first, but it began to get worse all the time, and then I began to get uneasy and tried all kinds of baths and other remedies that were recommended for skin humours; but I became worse all the time. My hair began to fall out and my scalp itched all the time. Especially at night, just as soon as I would get in bed and get warm, my whole body would begin to itch and my finger nails would keep it irritated, and it was not long before I could not rest night or day. A friend asked me to try the Cuticura Remedies, and I did, and the first application helped me wonderfully. For about four weeks I would take a hot bath every night and then apply the Cuticura Ointment to my whole body, and I kept getting better, and by the time I used four boxes of Cuticura I was entirely cured, and my hair stopped falling out, but I continue to use the Cuticura to my scalp. It keeps all dirt out and scalp always clean. I always use Cuticura Ointment on my face after shaving, and have found nothing to equal it. I will never be without it." D. E. Blenkinship,

RECOMMENDED TO ALL MOTHERS

"I have used Cuticura Ointment for chafing of infants, and as they grew older all skin diseases were given treatment with that and the Cuticura Soap. I never found it necessary to call a doctor, as these Remedies are a sure cure, if used as directed. I am glad to recommend them to all mothers." Sincerely yours, Mrs. F. A. Kennard,

MINERAL WEALTH ALONG HUDSON BAY

W. Beech Returns From an Exploration Trip—Many
Prospectors Busy—The Climate of the Country is
Said to be No Colder Than Winnipeg.

OTTAWA, April 2.—With a report of untold mineral wealth, awaiting only the means of transportation to Liverpool, William Beech has returned from the shores of Hudson's Bay, where he had been prospecting. He is at present registered at the Strathcona hotel, where he will await the opening of navigation to return to the claims that he has staked out and legally registered.

Mr. Beech says that he found copper, plumbago, mica and iron, while the Hudson's Bay Company's factor showed him samples of gold from the bay region which has been brought in time and again by Eskimo and explorers. Copper abounds in large quantities, and is chopped out of the rock in large chunks by the natives, who hammer it, in its virgin purity, into pipes, trinkets and dishes, or use it to patch guns. Most of the copper comes from the vicinity of the Chesterfield inlet.

Within a few miles of Fort Churchill there are valuable plumbago deposits. The mineral, in a sample brought down by Mr. Beech, is of a soft, leafy nature, and is evidently of a very fine grade. Mica abounds in enormous quantities in some of the rocky districts and both the white and brown colors can be procured. Six miles from Churchill Mr. Beech found iron ore, samples of which he has forwarded for analysis. The ore is located on the shores of the bay and would not have to be transported to vessels for shipment to either England, Halifax, Boston or New York.

Mr. Beech has made an exhaustive exploration of the mineral regions. He went north on his second trip on May 27 last and remained until Dec. 21. The trip down he made on snowshoes and by dog train. Starting on snowshoes from Churchill, he covered the lonely trail to Smith Lake, a distance of 200 miles, alone. From Smith Lake, he continued his long journey, which took up 42 days with a Hudson Bay Company dog train.

A companion, Jack McRae who was with him, returned to civilization by boat. Last year the Hudson's Bay Company's packet lost her rudder in the Atlantic, but the Dominion government came to the aid of the company, and sent the steamer Neptune into Churchill with the cargo and mails from disabled craft. The trip from Churchill to Halifax was made in ten days, despite a rough sea.

Mr. Beech is the first man to stake a mining claim at Hudson Bay and register it with the Dominion government. He has located deposits of mica, iron and plumbago. Not having gone to the copper region, he has so far ignored that valuable metal, but will try later to locate the mines from which the natives obtain it in such abundance.

OTHER CLAIMS STAKED.
Others are prospecting in the region, and he came across stakings placed by J. W. Fyrell, late of the Dominion government geological survey, now of Hamilton, and Lieut Col Turnbull, who are seeking mineral in the same district as Mr. Beech. Others evidently intend penetrating the region, as there is considerable inquiry made of Churchill from outside as to the mode of procedure and cost of getting there from the nearest points of civilization. The trip is an expensive one, as no Indian can be induced to go more than 200 miles away from his home and when that distance is covered he has to be sent back at once and others obtained to replace him. This makes the trip doubly expensive and difficult.

On his way out to Norway House, Mr. Beech met ten dog trains headed for Scott's Lake, a point 400 miles to the north. These were loaded with supplies for survey gangs, who, for the Canadian Northern railway, will mark out the route of its new line to Hudson's Bay. The climate in and about Churchill, says Mr. Beech, is no colder than Winnipeg, and seldom remains for an excessive period. The Churchill river, never freezes over until the middle of January, and on Nov. 9 last he was on that river in a Peterboro canoe. He came down the river, and the Hudson's Bay Company people said that he was the first man to come down that dangerous stream for 27 years, and they recorded his feat. The river is very

FOR YOUR STOMACH.

When you eat your dinner tonight, take a thought about your little stomach. First you fill it with soups, then fish, meats, salads, a dozen and one other things, and wind up with ice cream, coffee and perhaps wine. You see you are pretty hard on your stomach to make it bear all these cultivated tastes of yours, eating and drinking, morning noon and night. Is it any wonder that it is sore, tired, painful and tired? How can it help burning, pain, giving off fermented gases? Why don't you try Huteh tablets? Get them at any drug store and give your stomach some assistance. Take it a day or two and you will have to confess that Huteh is the greatest preparation for pains in the stomach you ever came across in your life. Don't forget! Take one after each meal. This makes Huteh do the most good. A big bottle \$2.00 for \$1.00—For sale by all Druggists.

BLOOD HUMORS

PIMPLES
BLOTCHES
ERUPTIONS
FLESHWORMS
HUMORS

Many an otherwise beautiful and attractive face is sadly marred by unsightly blotches, pimples, eruptions, fleshworms and humors, and various other blood diseases. Their presence is a source of embarrassment to those afflicted, as well as pain and regret to their friends.

BURDOCK BLOOD BITTERS

This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear. Miss Annie Tobin, Madoc, Ont., writes: "I take great pleasure in recommending your Burdock Blood Bitters to any one who may be troubled with pimples on the face. I paid out money to doctors, but could not get cured, and was almost discouraged, and despaired of ever getting rid of them. I thought I would give B.B.B. a trial, so got two bottles, and before I had taken them I was completely cured and have had no sign of pimples since." Burdock Blood Bitters has been manufactured by The T. Milburn Co., Limited, for over 30 years, and has cured thousands in that time. Do not accept a substitute which unscrupulous dealers say is "just as good." "It isn't."
