Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, Aug. 31—The speech of Mussolini yesterday stressed the irrefutable armament race which is under way. The tone of Mussolini's speech together with the fact that a United States destroyer was attacked in the Spanish waters yesterday again bring the question of war to the front. However, the United States destroyer was not hit and it is very doubtful that any two European nations want to go to war at this time. Saturday's market gave a good account of itself and would look for an irregular firm market today. Opinion of about forty brokers list the following groups to be the best prospects in the immediate future. Rails, rails equipment, heavy steels, utilities, motors and motor accessory stocks.

TORONTO, Aug. 31—San Antonio—J. S. Perrin, President of the San Antonio Gold Mines reports that the mine is in excellent physical condition with large ore reserves as yet untapped. Directors of the company will meet shortly to consider action on the question of dividends.

TORONTO, Aug. 31—McLeod Cocksutt—It is reported from the field that McLeod Cocksutt is cutting station on 200 foot level. The four compartment shaft will enable drifting on this level while sinking continues to next level.

Forecast Progress In Steel Industry

(By Frank MacMillan, Associated Press Financial Writer)

(A. P. By Guardian's Special Wire)

NEW YORK, Aug. 31—Steels, motors and specialties gave a good account of themselves in today's stock market, but profit realizing put a few crimps in the rails and other departments.

The Associated Press average of 60 stocks yielded 2 1/4 of a point at 67.8. Transfers totalled 1,148,800 shares compared with 1,378,200 last Friday.

Helpful was the survey of the magazine "Steel" which forecast continued progress in this field with United States navy demand and prospective railroad orders expected to keep the industry flourishing.

Dividends and earnings were still the main motivating market influence. It was noted that during August disbursements were boosted on about 58 stocks. This was said to be among the largest number of increases for a single month on record.

The thinness of the stock list was exemplified by a drop of 10 points in Allied Chemical at 226 on a single transfer.

On the other hand U. S. Steel Preferred climbed 1 1/4 points to 140, a new five-year peak. Both U. S. Steel Common and Bethlehem finished unchanged at 70 3/8 and 67 3/8, respectively.

Gainers of fractions to a point or so and their final prices were: General Motors 67 1/4, Chrysler 115, Packard 11 3/4, Electric Auto 40 1-2, Studebaker 13 3/4, Murray Corp 21, Briggs Mfg 67, American Radiator 23 1-8, Consolidated Edison 43 7-8, General Cabwets 14 7-8, and Woolworth 54 1-2.

Loseers of as much as a point or more included Santa Fe at 82 3/4, Union Pacific 140, Delaware & Hudson 46 1-4, Borg-Warner 75 3-8, Douglas Aircraft 71 1-2, Standard Oil of New Jersey 62 7-8, Western Union 87, Westinghouse 139 1-4, Schenley 46 1-4, American Sugar Refining 63 and Commercial Credit 79 3-4.

Amongst Canadian issues record gains were general. Stocks to record fractional improvement included Distillers-Seagrams, Dominion Stores, Canadian Pacific, Canadian National, Bell Telephone of Canada, Ford of Canada, Hollinger, Imperial Tobacco and International Hydro-Electric Preferred, Canadian Pacific, International Nickel, Lake Shore and Shawinigan were slightly lower.

MONTREAL, Aug. 31—The stock market ended the month today with a late sell-off that unsettled the list.

A final hour burst of selling put losses of as much as a point in majority among metals, rails, construction and liquors. Banks held barely steady while utilities and papers were mixed.

Last board lot sale of International Nickel showed a gain of 1 1/8 at 54 1-8, but broken lots near the close sold at 53 3-4. Drops of a point each were posted for Noranda at 63 1-2 and Smelters at 53 3-4.

Montreal Power slipped a point in heavy selling to 31 7-8 while Bell Telephone and Canadian National dipped sizeable fractions. Fractional improvement was shown by Power Corporation and B. C. Power.

Feature of firm issues was Sherwin-Williams which moved a point higher to 19 1-2 while Lake of the Woods advanced 1-2 to 32, new high for a year or more. In papers, Rolland Preferred firmed a point and Bathurst gained a minor fraction. Dryden eased 5-8.

New York Curb

(Canadian Press)

NEW YORK, Aug. 31—Leading foreign currencies figured against the United States dollar today.

Gold bloc units drew some support from rumors that officials of the Bank of France were seeking to form an international monetary entente with the ultimate objective of currency stabilization.

French francs improved moderately in New York, while Dutch guilders and Swiss francs held steady. The pound sterling edged slightly higher.

The Canadian dollar held unchanged at par.

LOOKING FOR OLD MAKE TYPEWRITER

(By The Canadian Press)

VANCOUVER, Aug. 31—Ald. Carl P. Dietz, Milwaukee, was here recently on a holiday and a strange quest.

The quest was a search for old typewriters.

Two years ago Dietz, seeing an old machine, remembered Milwaukee, claimed as birthplace of the typewriter, did not even have one in its museum.

He decided to collect all the old typewriters and today Dietz has 297 various makes, shapes and sizes.

C. Latham Sholes, he said, working with Carl Glidden in Milwaukee in 1866, built the first typewriter.

GUARDIAN LIONS LEFT UNFINISHED

(By The Canadian Press)

VANCOUVER, Aug. 31—The Court House at Vancouver has had some "unfinished business" on its hands for 24 years, it was rediscovered the other day when the granite lions guarding the portals of the city's hall of justice were cleaned by sandblasters.

The allowance for sculpturing the beasts ran out before the manes and ears were finished. John Bruce, stone-cutter went on to other work. He remained in Vancouver two months after the job, but no more money was voted. The government changed and the few thousand dollars needed were forgotten in the shuffle.

When the Court House was being built in 1908 the architects rented the animal section of a street shop for a night, spending hours taking photographs and measurements of the lions in various positions.

They kept this attention up so long one lion became angered and injured several people in a fit of temper.

RUBBER SHOES FOR DOBBIN

(By The Canadian Press)

EDMONTON, Aug. 31—The five a. m. serenade of clanking horse's hooves on the milkman's rounds will no longer be the daily torment of light sleepers if an experiment now under way in Edmonton is successful.

Several years ago the local dairies voluntarily introduced rubber-tired milk wagons. Now comes the notion of rubber horseshoes.

One dairy is trying the rubber shoes out on six horses. If the scheme works, it will probably be adopted by most milk wagons, bread rigs and ice carts in the city.

The rubber horseshoe is similar in shape to the steel shoe, but twice as thick, and carries a steel insert, completely covered in rubber, for firmness. The double thickness replaces caulks and allows the shoe to be twice as long as usual.

The new shoe is claimed easier on the hoof and frog of the horse's foot and is non-skid.

TAXI NOSES OUT CAR IN PARKING

(By The Canadian Press)

VANCOUVER, Aug. 31—The question "when is a taxi nos a taxi?" was one brought to the civic police and traffic committee recently by Ald. G. C. Miller.

The alderman explained he was returning from welcoming some city visitors and was on the point of backing his car into an empty space on Georgia St. when a taxi driver beat him to it.

"I complained and told him it wasn't a taxi stand," said Ald. Miller. "And what do you think he said? He came back with 'This isn't a taxi now, I'm going to eat'."

Taxi traffic officer Sidney Lloyd gave his decision in favor of the taxi driver. "When a taxi isnt for hire it's a private car," he explained.

MINING

(Canadian Press)

TORONTO, Aug. 31—The mining section of Toronto exchange pulled into the end of the month with a buoyant tone, showing a gain of a point in the gold group and about two in the miscellaneous mine listings. Trading centred chiefly in the secondary and cheap chiefs and the aggregate turnover was under the recent average.

The heavy traders of the yellow metal group at higher prices were San Antonio, up 17 cents, Francoeur, up 14, and Sullivan, Bidgood-Kirkland, Preston, Siscoe, Pioneer, Premier and New Gold—Pickle, Crow, McLeod-Cocksutt and Buffalo-Ankerite added 10 to 15 each.

Lake Shore was the outstanding heavy spot in the senior golds, dropping 1 3-4 to 56. Teck Hughes and Pioneer recorded narrow gains and Dome and McIntyre showed no change. Losses up to 5 came out for Bralorne, Chibougamau, McKenzie Airways and Red Lake and Central Patriots dropped 10.

TORONTO, Aug. 31—

POTATOES

On Tuesday, September 1st, I will re-open my office for business will farmers and dealers who intend to haul or wish to have their produce trucked to Charlottetown.

I have orders for table stock potatoes to be loaded at once. Orders for seed as soon as can be gotten ready. The potato outlook is good with new markets opening up.

Turnips are moving very slowly, principally because the weather in New York and Boston is still quite hot. With cooler weather there will be a much greater demand. We have to have orders for turnips this coming week.

Will be paying cash as produce is hauled.

EVERY AGE AFFECTED

All unknown and many known errors of vision are neglected. Results of this neglect are tremendous. Every eye is affected by faulty vision. Individuals everywhere are not getting out of life what they should because they do not see as they should and because they are continually under a strain.
