The Bicycle Doctor.
Brick Bicycle Repair Shop.

Don't Neglect Your Watch

If you allow your watch to run too long without cleaning, or with damaged parts it may be worn so badly as to destroy its usefulness as a timepiece. Better have it examined by your Watch Doctor and if in need of repairs he will advise you accordingly and perhaps save your watch.

WE BOAST on our repair department turning out first-class work only. WE GUARANTEE ALL OUR WORK; if you have not given us a trial it will pay you to do so and we will be pleased to see you at GREAT GEORGE STREET.

Nine Boils On Neck.

Anyone who has ever been troubled with boils can sympathize with poor old Job. There was no Burdock Blood Bitters in those days, so Job had to suffer in silence. Now-a-days no one need endure the misery of boils.

All they have to do is take B.B.B. when their blood will be cleansed of all impurities and every boil will quickly disappear.

Miss Lydia Moody, Ruseom, Essex Co., Ont., sends the following statement of her case: "Some time ago my blood got so out of order that many boils appeared on my body and prevented me having any rest. I had nine on my neck at different times, and quite a number of small ones came on my shoulders and arms.

"Our next door neighbor, seeing the condition I was in, told me to take B.B.B. for my blood, and I did so.

"After I had finished the first bottle I found that some of the boils had disappeared and all the rest were getting much smaller. I then got two more bottles, and by the time I had these nearly all gone there was not a boil to be seen. Besides this, a headache, from which I suffered greatly, left me, and I improved so much in health that I am now a strong, robust girl."

General Alban the governor of Panama, personally directed the operations from on board the British steamship Taboga, seized by the Columbia authorities and saved the situation there.

Dr. Chase Cures Piles

Without the Danger, Pain or Expense of an operation—The Only Guaranteed Cure.

From nearly every town and village in Canada come letters from persons who have been rescued from the miseries of piles by using Dr. Chase's Ointment.

Mr. F. Stokes, 116 Dunlop street, Barrie, Ont., writes:—"I was troubled with blind, itching piles for years, and could get nothing to stop the constant itching. I was always in pain until a friend of mine told me of the wonderful cures Dr. Chase's Ointment had made among his acquaintances.

"I only used one box and am entirely cured. In gratitude for this marvelous cure and for the benefit of others suffering as I did, I send you this record of my case."

When operations and every other means have failed to cure you, you can begin the use of Dr. Chase's Ointment with perfect confidence that it will cure you. It has never failed to cure piles and will not fail you; 60 cents a box, at all dealers, or Edmondson, Bates and Co., Toronto.

ISAAC OKENHAM,
Principal & Proprietor,
Ch'town, Aug 3, 1900 d & w f

THE SCOTTISH CANADIAN MINING COMPANY

of London, Canada.

Are You Satisfied With 3 per cent?

If not you must do as others have done—
get out of the old rut and shew your faith in something outside a chartered Bank!
Nature has filled British Columbia so full of Mineral that it runs over in many places, and all that is necessary to get it out is—
Money!

There are properties now working where only sufficient money was needed to "grubstake" the men who first started, and which are now turning out ore in fabulous quantities. These, though, are exceptions.

As a rule, the precious metals have to be sought for earnestly, and much time and labor expended in the getting of them.

Very few men are rich enough to run a mine alone—co-operation is necessary. Union is strength! A number of men get together and form a company to acquire and operate a certain property. Those who get in earliest get the lowest price stock and the most risk. As the price advances the risk lessens (or should) until at length the mine pays dividends. For instance Le Roi (Rosland) were some few years ago offered here in the east at 5 and 10 cents per share, and they were hard to sell at that. Now they are quoted at £8:10:0 (£42.50) each in England and the last dividend was \$1.25 per share. At the same time the person buying low took all the risk of the property paying, or of losing his or her money. In this instance \$50.00 worth of stock is now worth \$42,500.00 and the net dividend amounts \$1,250.00 on 1,000 shares.

A little over a year ago a property was offered some men in London, Ontario, who carefully investigated it, merits and, when satisfied, took it up, formed a company and started in to develop it.

The company is the "Scottish-Canadian Mining and Development Co., of British Columbia, Limited," and the property "The Rob Roy Mine."

The first shot was exploded Aug. 1st, 1899, and to day the company have 380 feet of rock tunnel driven, have built cabins, trails, mine works, etc., have surveyed the property preparatory to Crown Granting, and have shipping ore, as the Upper Level is now producing. All this is less than one year from time of starting.

There is no reason at all why Scottish-Canadian Shares should not prove just as profitable as those before mentioned, as the "Rob Roy Mines" have magnificent surface showing, which have been proved, as a depth of the tunnels. In addition the management is a careful and conservative one, getting a dollar's worth of work for every dollar spent; and watching outlay very closely.

The company is free of debt, and only has to sell enough stock to carry on the work till shipments can be made to the Smelter.

Purchasers of stock to-day get in low, with the added advantage that there is hardly any risk in the shares now, development having shewn that "Rob Roy" contains ore in apparently inexhaustible quantities.

The directors are well-known men, mostly from London and vicinity, and altogether, these shares offer a most promising field for profitable investment.

The shares are fifteen cents each, \$15.00 for 100 shares (not less than 100 sold), \$150.00 for 1,000 shares. The par value is \$1.00 each, so that the investment of \$150.00 buys \$1,000.00 worth of stock, and there can be no more calls or assessments on the shares.

If you buy a hundred or a thousand shares of stock you can never be called upon to pay a cent more than the fifteen cents per share, in any way, shape or form.

Many a man has a few hundred dollars to invest in something likely to bring better returns than he can get in the bank, and these shares are offered as being just what he needs.

Full particulars with reports, assays, etc., cheerfully given on application to

A. E. WELCH, Manager.
209 Dundas Street, London, Canada.
