**TO BE REMEMBERED.**

Think what the world has to forgive Germany for! She has lowered the standard for international morality below anything that had been thought possible. She has asserted that right has no place in the ordering of the world's affairs if might can be effectively brought to bear against the grossest ambition and aggression. She has planned the carrying out of her schemes with deliberate cruelty as one of her chief weapons! The use of terror, through the slaying of the innocent—peaceable citizens, concerning travelers, women and children—has been adopted by her as a deliberate national policy, and, as far as the world can judge, this awful return to the most relentless savagery has had the approval not only of her military advisers but of her Kaiser and political rulers, her men of mind and her people at large. Germany, as a national entity is an outlaw among the nations, and must remain so until she sees the enormity of her guilt. All humanity has to vindicate itself against her. Her people as individuals are as blood-guilty as the nation in its organized form until they renounce the wrong and accept the moral code of the rest of the world. In no form of religion known to mankind is forgiveness promised without repentance, for such forgiveness would amount to complicity in the offence.

There can be of course no hope of the warped mind of Germany returning to a state of moral sanity, except through the material punishment of the nation. The moral salvation of the country depends upon her defeat. Spontaneously she will never see the wrong she has done the world. It must be proved to her first by showing conclusively that international crime does "not" answer. Failure would make her question herself. Success would be taken by her as Heaven's approval of her hideous methods, and she would seek to establish firmly among mankind the theory of unrestrained and uncontrolled brute force which all that is best in modern humanity has been seeking for generations to combat and discredit.

But no amount of German military success would ever justify the free nations of the world in accepting the demoralized German race as moral equals. It will have to regenerate its character before it can be regarded with a modified toleration by peoples who have not lost their sense of honor, of humanity and of civility. And that will be a long process. Many a year will pass before a German ceases to be looked at askance. That is a just Nemesis. In the future will be the badge of all that tribe the minds of men of other nations. Their "kultur" will be countered by scorn and loathing. How long that feeling will last will depend upon the length of time it takes the German race to realize that they cannot outrage the conscience of the world for be forgiven until they have repented bitterly and brought forth fruits of humanity meet for repentance. Catholic Record.

**INSTITUTE MEETING.**—On Thursday evening Nov. 8th the Elmira Women's Institute met at the home of Mrs. Raymond McPhee. Eleven members and four visitors were present. On this occasion we had the pleasure of a visit from the Assistant Supervisor, Miss Saunders. After the reading and adoption of minutes the result of the Winter Party was given out. The sum of \$13.50 was realized, which goes for Red Cross purposes. The Institute decided to send Christmas boxes to the soldiers who have resided in the district, also to send money to Canon Simpson, for the purpose of providing a Christmas box for the Prisoner of War captives by the Institute. Miss Saunders then gave a talk on Utilizing Left Overs which was very interesting. After a vote of thanks was tendered, Miss Saunders and Mrs. McPhee the meeting was brought to a close by the singing of the National Anthem. The next meeting was invited to the home of Miss Mary McPhee.

**HYMENEAL.**—An interesting event took place at St. Malachi's Church, Kinkora, on Oct. 23rd, when Miss Mary E. Roberts, one of the island's best teachers, became the bride of Mr. Charles A. McKenna, a popular farmer of Newton Cross. Rev. J. J. McDonald, P. P. performed the ceremony in the presence of the immediate friends of the contracting parties. The bride, who was neatly attired in a blue serge suit and white picture hat, was attended by her sister, Miss Libbie, while Mr. Francis Rooney ably supported the groom. After partaking of a sumptuous dinner at the bride's home, the bridal party left for their future home in Newton Cross, where a large number of invited guests, including Rev. M. Smith, tons, had assembled to welcome them. In the course of his remarks, Fr. Smith welcomed the bride to his parish, and made fitting allusions to the good qualities of the groom. The many useful and costly presents received testify to the esteem in which both bride and groom are held. All join in wishing Mr. and Mrs. McKenna a long and happy wedded life.

**TO UNFURL FLAG FOR SOLDIERS**

**DORCHESTER.** Nov. 14.—The ranks of the various athletic associations are constantly being thinned by enlistment. Among the many associations to suffer in this manner is the St. Philip's A. A. of Roxbury. Nearly every branch of the service is represented by members of this organization including bakers, ambulance drivers, seamen, infantrymen, coast artillerymen and even the Klitties are represented in this group.

William Sullivan and John Toohy, members of last season's basketball team, have answered the call and are now with the Old Ninth Regiment, now the 101st Regiment Infantry, the former in E. and the latter in F. Company.

The cross country team has lost some of its former members in Herbert Williams and Walter Owens who are also with the 101st Regiment Infantry in F. and E. Companies, respectively. William Whitty, another member of cross country team and a former resident of P.E. Island, is now doing his bit to make the world safe for democracy and has joined the famous 236 O. S. Battalion N. B. Klitties.

Other members who have heard and answered the call are: Edward Stanton, former vice-president of the association, who has joined the Field Hospital Ambulance Drivers' Corps, John Judge of the Quartermasters' Corps, Michael Russell, E. Company 101st Regiment Infantry, now stationed in France, Corporal James McGonagle H. Company 101st Regiment Infantry, Russell Kelly, 19th Company Coast Artillery Corps, Joseph O'Leary U.S.S., Virginia and Harry Dolan, Bakery No. 17, Regular Army, stationed at Fort Ethan Allen.

These members will be remembered by their associates when a large service flag will be unfurled in their honor at the ninth annual ball of the St. Philip's A. A. Monday evening in Intercolonial Hall.

City and State officials will be present and a feature of the occasion will be a patriotic dance by little Miss Brophy, who is well known throughout New England as one of the cleverest child dancers of her age.

The committee in charge is composed of Thomas J. Brady, James McGee, Edward Kelleher, Fred Moynihan, Frank Driscoll, Andrew O'Neil, Patrick McGee and Michael Downey.

The William Whitty referred to is the son of the late Stephen Whitty of this city.

**SLOCUMBE POGIS** is not a gay place, and the commercial traveller was hard put to it to discover some means of getting away the evening. In the bar of the only hotel he entered into conversation with its solitary occupant, a railway porter.

"Anything going on here just now?" he asked; "picture-palace, lectures, political meeting, or anything amusing?"

The porter stroked his chin reflectively. "Well—er—no, nothing of that kind. But—Ah, how I come to think of it, we're shutting a goods train this evening down at the station at about ten o'clock, if you care to come and look on!"
