

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women - Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break, or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some derangement of the organs. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all these peculiar ailments of women.

Read the convincing testimonials of Mrs. Oakes and Mrs. MacNamee. Mrs. J. P. Oakes of Prince of Wales Hotel, Head of St. Margaret's Bay, near Halifax, Halifax County, Nova Scotia, Canada, writes: "Dear Mrs. Pinkham—

After what your Vegetable Compound did for me, I am a firm believer that it is a wonderful medicine, and that any woman who is troubled with any of the ills we suffer from should try it and she will soon be convinced of its worth. Six bottles changed me from a peevish, dependent, sickly, ailing woman to a sweet-tempered, healthy one, who rarely ever has a pain now, and who before was rarely without one. As a regulator, strengthener and a tonic, I think it has no superior and I certainly endorse it."

THE ROOT OF NEURALGIA HEAD-ACHE

Is an irritable condition of the nerves caused by cold. Relief comes quickly from Nerviline, the great pain reliever of today. "I consider Nerviline a magical remedy for neuralgia," writes Mrs. G. Harris of Baltimore. But I never worry if Nerviline is in the house. A few applications never yet failed to kill the pain. I can also recommend Nerviline for stiffness, rheumatism and muscular pains. In use nearly fifty years; try Nerviline yourself.

It Came Hard. In France, as in most other countries, it is necessary to give one's age when making a statement in a court of justice as well as in many other official proceedings. But Frenchwomen of mature years are noted above all other women for their unwillingness to state their age. On one occasion a lady who had to testify was accompanied to the court by a numerous company of her friends, and when the magistrate asked, "How old are you?" there was such a coughing and clearing of throats as of people suffering from severe colds that all that could be heard in the courtroom was "—ty years!" Through the amiability of the magistrate this more than half suppressed response was allowed to stand, but the tribunals are not so lenient. On another occasion a magistrate asked a woman: "What is your age, madam?" "Whatever you choose, sir," answered the lady. She was under oath. "You may put down forty-five years, then," said the magistrate to the clerk. "What is your occupation, madam?" "Sir," said the witness, "you have made a mistake of ten years in my age." "Put down fifty-five years, then," said the magistrate. "Your residence?" "Sir," exclaimed the lady, "my age is thirty-five years, not fifty-five!" "At last we have your statement," said the magistrate, and he proceeded with the examination.
