Financial Disaster Forecast in Europe

LORD ROBERT CECIL GIVES GLOOMY FORECAST OF EUROPEAN AFFAIRS (Special to The Guardian.) LONDON, July 9.—Lord Robert Cecil, who represented Britain in the preparation of the League of Nations Covenant in Parliament today said he believed that Europe was on the verge of a financial disaster of incalculable magnitude. They might get through or they might not. The news from Italy, he said, looked exceedingly bad. Anyone, said Lord Robert, who at present really squandered money was doing a very serious injury to the welfare of his country. He did not wish, as had been suggested, to see the complicated machinery of the Board of Trade used for restrictions on imports employed more than was absolutely necessary.

FIENDISH WORK OF BOLSHEVISTS

SHOT 750 WORKMEN ON PETROGRAD FRONT WITHIN FEW DAYS USING WORKMEN AS SHIELD (Special to The Guardian.) HELSINKI, July 9.—According to trustworthy information received, the Bolshevists shot 750 workmen on the Petrograd front, between June 10 and 21. The rising at the Petrograd works resulted in 212 executions. The Bolshevist front line is composed of workmen and behind them are the Letts and Chinese ready to turn machine guns on them should they refuse to advance. A decree is published by the Petrograd press of the 29th ordering the mobilizing of 10,000 children under seventeen to dig trenches.

LONDON, July 9.—Twelve million yards of balloon cloth which the government had acquired for war purposes have been sold in a single transaction, the price being around five million dollars. They purchased forty million yards of airplane linen for twenty million dollars, and it still is a mystery who was the purchaser. There is no confirmation that American capital is behind either transaction.

Further Development Of Promising Industry

IONA GYPSUM COMPANY ENLARGING ALREADY WELL ESTABLISHED BUSINESS (Special to The Guardian.) P. J. Webb and S. N. MacEachern of Sydney who are in Charlottetown this week in the interests of the Iona Gypsum Co., Ltd., gave the Guardian a brief outline of the work which the company is doing. The company was organized in 1913 shortly before the war broke out. A most modern and up-to-date plant was built and operations begun immediately. Notwithstanding the fact that the plant was in its infancy and that within a few months after its initial opening there was a general depression the world over owing to the outbreak of the war, the company during the periods that the plant was in operation should, despite its lack of shipping facilities on earning of 15 per cent.

GRAND MEETING AT HOPE RIVER

THE GOVERNMENT SPEAKERS OBTAIN A ROUSING RECEPTION (Special to The Guardian.) PREMIER CHEERED TO ECHO (Special to The Guardian.) Decidedly Popular Sentiment Favours the Government Candidates (Special to The Guardian.) A crowded house with many of those present standing met the candidates at Hope River Tuesday night. Mr. W. H. Hogan presided and was accompanied on the platform by Hon. Murdoch Kennedy, Mr. A. J. McNevin, Mr. Cyrus Crosby, Mr. A. B. Warburton representing Mr. Cousins who is indisposed, Premier Arsenault, Mr. P. S. Brown, Mr. Doyle and Mr. Moffatt. The meeting was most enthusiastic and as far as could be judged was overwhelmingly Conservative in sentiment. The Liberal speakers had nothing to offer but the usual petty criticisms without suggesting anything better. The name or platform of the leader of the Opposition was never mentioned by the Liberal speakers. Mr. McNevin showed that the chief plank of the Liberal platform as published by Mr. Bell consisted of things already done by the Government or undertaken by them, and offered absolutely nothing new. He further showed up the inaccuracies of the statement made by the Liberal speaker.

Olympic Arrives On Her Last Trip

(Special to The Guardian.) HALIFAX, July 9.—The White Star Liner Olympic arrived this afternoon on what is said to be her last trip with returned soldiers to this port. She brought more than 5000 soldiers and there were on board besides a number of civilians. The men got away in good time, the Canadian National Railways having trains ready. Asked for an opinion on the peace treaty Hon. C. J. Doherty, Minister of Justice who was aboard, said that such a convention could not of course be expected to meet entirely the views of any individual nor to satisfy to the full desires of any of the nations concerned. This much however, he thought would be conceded that it was the result of an earnest endeavor on the part of the leading statesmen responsible for it to conciliate the frequently antagonistic views of the nations concerned, give fair consideration to the just aspirations of each of them and to lay the basis for an enduring peace that would secure to the world in the largest measure possible of the fruits of the victory that had been so dearly bought.

Pretentious Program Of U.S. Anarchists

(Special to The Guardian.) NEW YORK, July 9.—The arrest of President Wilson and John D. Rockefeller, the opening of all jails and the formation of a Soviet organization throughout the country to take over the government were advocated in the Anarchist's Soviet Bulletin, according to Archibald H. Stevenson who produced a copy of the bulletin at the hearing of the Lusk investigation committee today in the city hall. The copy of the bulletin was identified by Glenn Fimmel, an attendant at the New York Public Library as being one of the 150 he had picked up on July 3 in the corridors of the library. Mr. Stevenson read into the record the following extract from the bulletin: "First make it known that as soon as you are organized strong enough into your Soviets you are going to open the doors of every jail in the country; you will free not only the political victims of capitalism but also the economic victims of capitalism, whose voice striving for betterment of conditions is their only crime, for remember, all criminals are not in the jail houses. During the period of reconstructing the capitalist society in the commune we will have to put into jail all such honorable exploiters, oppressors, rulers, misleaders, hypocrites as Woodrow Wilson and Rockefeller. Putting every harmful Government official or capitalist in jail will give us the chance to free ourselves. Start to act and if you want to be a real action, organize into workers' Soviets wherever you are."

McNeill reported on the transactions of the Dominion Medical Council at its recent annual meeting in Ottawa at which Dr. McNeill was elected Vice President for Canada. One of the most interesting addresses ever given before the Society was that of Colonel (Dr.) R. H. McDonald, D. S. O., who spoke of surgical experiences in France. Dr. McDonald who went through the whole war and gained high distinction through the progress of military surgery in a most interesting manner. The next annual meeting will be held at Summerside.

U.S. Congress Considers Prohibition

(Special to The Guardian.) WASHINGTON, July 8.—The House will begin consideration this week of legislation in force on war-time national prohibition. It is the belief of the "dry" leaders that this bill will be passed in the House by the end of the week and by the third week in July it is thought there will be drastic laws to enforce the prohibition which the country entered on July 1. Representative A. J. Volstead, chairman of the House Judiciary Committee, intends to ask the Rules Committee tomorrow for a rule to bring the bill before the House immediately. The Rules Committee probably will gain the rule and four days will be given to debate.

Last Night's Ball Game

Charlottetown and Summerside put up a fine exhibition of ball at the C. A. A. grounds last evening. The game was attended by a good number of enthusiastic fans who certainly got a run for their money. Up to the beginning of the fifth innings only one score crossed the pan. Good pitching and smart fielding made the opening innings interesting and demonstrated that both teams could play real ball. With Charlottetown leading at the opening of the fifth innings Summerside by clever base running and timely hitting evened up the score in their opening half of this inning. In their half Charlottetown staged a batting rally which combined with two errors by Summerside gave the Locals five runs. Score 5-1. Summerside opened the sixth inning with a bunch of hits which opened for a time to put the game on ice for the western town. Campbell, however, pitching clever ball held them down to four tallies. Score 6-5. Charlottetown was retired in one, two, three order in their half of the sixth, Lyle having the batters at his mercy in this session. Summerside again got Campbell for a few hits in the seventh and two men made the circuit of the bags giving them the edge in the score column 7-6. Charlottetown again went down before Lyle in this inning without scoring. (With both pitchers pitching snap by ball in the eighth neither side scored.) Campbell held Summerside scoreless in their half of the ninth while Charlottetown by bunting hits drove Gordon and Francis over the home plate with the winning runs. The final score was 8-7. Mayor Wright who opened the game out one across the centre of the pan to formally open the baseball season. This kindly interest on the part of the mayor and the large attendance by the citizens of Charlottetown is greatly appreciated by the boys and it is hoped as time goes on interest in sport of all kinds will receive the encouragement which it so well deserves. Prince Edward Island in the past has been famous for its athletes who won fame for the province in all parts of the world. The boys of today many of whom have proved their courage and resourcefulness in the distant battlefields of Europe will prove themselves no less able when it comes to contests in fields of friendly rivalry. Let the name of P. E. I. again shine forth as a symbol of all that is best in sport. Efforts are being made to bring over some of the best of the mainland teams and as arrangements are made full details will appear. The line up of last night's game was as follows:— Charlottetown. Catcher..... Murphy Francis..... Pitcher..... Lyle Campbell..... First Base..... Morris Kinsman..... Second Base..... Graves Milford..... Third Base..... McEachern MeEachern..... Short Stop..... Grady Saunders..... Right Field..... Stewart Cameron..... Centre Field..... England Gordon..... Left Field..... Gaffney Diamond.....

(Special to The Guardian.) WASHINGTON, July 9.—Sale of 21,000,000 pounds of surplus sugar now held by the war department has been authorized, it was announced today, at a minimum price to be fixed by the United States sugar equalization board to cover the cost to the Government. The only condition of sale will be that none of this stock may be exported, investigation having shown that the principal shortage at present is in the states west of the Mississippi. Exports will be made to find purchasers in that section.

Fire at Dunstaffnage

A large barn owned by Mr. Alex McLeod, at Dunstaffnage was burned to the ground last evening. The blaze when discovered about 5 o'clock had gained great headway and in about an hour's time the building was completely consumed. Considerable farm machinery including a valuable mowing machine and binder were completely ruined. The house nearby was only saved by the hardest work on the part of the neighbors, who with the limited means at hand put up a splendid fight against the flames.

Bolshevik Forces Signally Defeated

(Special to The Guardian.) LONDON, July 9.—The Crimea has been entirely cleared of Bolsheviki, as a result of the advance of Gen. Denikin's troops west of the Dnieper River, according to a War Office statement issued last night. The advance was over a front of 70 miles and deprived the Bolsheviki of their sole line of communication between their main forces and those in Crimea. Gen. Denikin's volunteers have met with great success on all parts of the front, the statement says. They have reached a point on the Caspian Coast, 55 miles south west of Astrakhan, and another column on the banks of the Volga, northwest of Tchemolar. In capturing Tzaritzin Denikin's forces took 10,000 prisoners and a quantity of guns and, pursuing their advantage are now only 75 miles from Saratov. The volunteers have also rushed forty miles beyond Kharkarkov having captured Ekaterinoslav and Alendarovick.

American Soldiers Now Arriving

(Special to The Guardian.) WASHINGTON, July 9.—June saw a total of 342,686 men returned from overseas service, 92,780 of whom arrived in the last week of the month, according to a report today by the troop section of the railroad administration. The war department had estimated arrivals at 375,000. In the week ended July 5 there arrived 90,084 men. In addition three ships expected to arrive during the week with 5,420 men have not made port.

Bad Accident To Troop Train

(Special to The Guardian.) MONCTON, July 9.—The fourth military special from the Olympic at Halifax was derailed at about 1.30 this morning at Atkinson's Siding about four miles east of Thompson Station, some 43 miles west of Truro. It was the special containing the New Brunswick men and comprised eight cars and a caboose. The engine, one baggage and two passenger cars, remained on the track, breaking away from the others. Three cars left the rails and toppled over the embankment. Two cars and the van also left the rails but did not topple over. The trucks were torn off the caboose and the caboose was held up by a telegraph post. The road bed was badly torn up for about three hundred yards. The train was running 35 miles an hour when the cars rolled over. The kits fell on the soldiers and the men and kits were all mixed up. The men escaped through some of the open windows. Shortly afterwards they built fires alongside the track and kept themselves warm until help came. Eight New Brunswick men were hurt.

Splendid Meeting At Afton Hall

The joint meeting at Afton Hall on Tuesday evening was large, orderly and well conducted in every way, all the speakers being given an attentive hearing. Mr. John McLean presided and made an excellent chairman. The speakers in order were Messrs G. E. Hughes, L. L. Jenkins, B. W. LePage and Chester McLure. By previous arrangement the first speaker, Mr. Geo. E. Hughes was given ten minutes to reply to Mr. McLure. Messrs John McMillan and Theophilus Stewart also addressed the meeting. While all the speakers were given a most attentive hearing, Messrs Jenkins and McLure had good cause to feel flattered at the reception accorded them and they were given good reason to believe that the majority of the electors present are going to support them at the coming election. With reference to a report of the meeting in yesterday's Patriot in which Mr. McLure is represented as saying that "he was not in favor of giving the soldiers the increased gratuity which they were asking for," a gentleman who was present at the meeting authorized the Guardian to characterize the statement as an "unmitigated falsehood," a falsehood for which there was absolutely no foundation in fact. The matter of the soldiers' gratuity came up casually, was not specifically discussed by any of the speakers but all the speakers, Liberal and Conservative, expressed their willingness to do everything possible for the returned soldiers. This is the kind of report which the Patriot builds its hopes upon for the winning of the election. Its readers will henceforth know what reliance to place upon it.
