Born and brought up in King's County and living there for a long and honorable lifetime the community was loath to part with a citizen that helped to carve out a pioneer place in P. E. 100 PERSONS CURED OF ECZEMA
Within the past few months over 100 persons have written to the Zam-Buk Co. reporting their cure of eczema, rashes and skin diseases by Zam-Buk!
Does this not prove that Zam-Buk is something different?
Don't you need it in your household?
Miss Mary McQuig, 913 St. Catherine Street W., Montreal, says: "I do not know words powerful enough to express my gratitude to Zam-Buk. Eczema broke out on my scalp and hands. The irritation of the scalp was so bad that I could not sleep or rest, and I feared I should have to have my hair cut off. On my hands the disease appeared in sore patches, the burning and itching of which drove me many times to spells of weeping. I went to the dispensary, but they referred me to a skin specialist, who said that mine was as bad a case of eczema as he had seen. He gave me some ointment, and then a second lot, but neither gave me any relief.
"I was in a very bad condition when Zam-Buk was introduced, but I soon found out that it was different from all the other remedies. I persevered with the Zam-Buk treatment, and each box did me more and more good. The irritation and smarting soon disappeared, then the sores began to heal, fresh healthy skin grew over the parts which had been sore, and I am now quite free from all traces of eczema, both on head and hands. My hair has also been saved."
Zam-Buk is also a sure cure for piles, eruptions, sore throats, cuts, burns, and all eruptions and sores, or Zam-Buk Co., Toronto, for price, in these bottles.

NOVA SCOTIA STEEL and COAL COMPANY, Limited
6 p. c. Perpetual Debenture Stock
at 98 and accrued interest
Issued in denominations of \$100 or multiples thereof. Interest payable by cheque half yearly, 1st January and July, at par at any branch of the Bank of Nova Scotia or Royal Bank of Canada.

PURPOSE of ISSUE
The proceeds of the Debenture Stock now being issued will be used to repay a part of the expenditure on capital account for the past year, and the balance will be applied in equipping a new colliery, a new open hearth plant, and other improvements and additions to plant and equipment to provide for still larger outputs, thereby adding to the earning power of the Company.

BUSINESS of the COMPANY
The Nova Scotia Steel & Coal Company, may be termed a self-contained Company, in that it not only owns and operates its own Blast Furnace, Open Hearth Steel Furnaces, Forges and Finishing Mills, but also owns and operates the Coal, Iron Ore, Limestone and Dolomite necessary in the production of Iron and Steel. Its output of ore and coal is such that it is enabled to sell in the domestic or foreign markets to manufacturers or others, more than twice as much coal as is consumed in its own works, and practically three times the quantity of ore required for its own furnaces. The Company owns its own railway and the equipment necessary for the movement of the coal, ore and other supplies between its mines and quarries, coal and ore docks, furnaces, etc.
The Company also operates a fleet of large modern coal and ore freighters of an aggregate deadweight capacity exceeding 80,000 tons; the coal and ore so freighted approximating one million tons each season.

SECURITY back of DEBENTURE STOCK
This debenture stock is secured by a mortgage and ranks immediately after the first mortgage bonds of the Company which are limited to \$6,000,000. After making provision for the bonds issued there remain assets valued at an amount nearly five times the Debenture stock issued.

EARNINGS of the COMPANY
The Company has a varied source of income, from the sale of iron ore, from the sale of coal and from the sale of finished products. As the holder of the Common stock of the Eastern Car Company, the Nova Scotia Steel & Coal Company will receive all dividends that may be paid upon that stock.

The average earnings of the Company for the past three years (after providing interest and sinking fund) on the Bonds amounted to \$723,500 per annum, equal to over four times the interest on the Debenture Stock outstanding.
Application forms, copies of legal opinion of Mr Hector McInnes, K. C. and prospectus containing letters from the president and also the General Manager of the Company will be supplied upon application to
