QUESTION OF NEW
(Continued from page 1)

Last summer said they were much impressed and had been very fortunate in having him in Ottawa.

"What can we do?" a leading officer of the Presbyterian and Knox Church women's associations said to the Guardian's correspondent today.

"Is it fair to try to attract a minister here from another of our congregations in these days? We must not only think of ourselves but of the other congregation which would be affected by such a move. On the other hand, we know there are able and competent men available both in Scotland and in the United States."

This argument was countered by other members of the Presbyterian and Knox Church women's associations who take the view that it is most desirable to young ministers of the church if the higher-paid posts are denied Canadians and given to men with overseas experience across the border. Such a practice, they claim, would seriously affect enrollment at Canadian Presbyterian theological colleges.

Wendy St. Andrew's, where Rev. Mr. Somers preached for a time this year, has fallen into the tradition of "importing" her ministers from Scotland. One of the most distinguished was the late Rev. Alexander Ferguson, recommended to the church by Lord Tweedsmuir, and who later succumbed to a heart attack when vacationing at Prince Edward Island a few days ago.

The matter, it is understood, includes descendants of Ottawa valley lumber tycoons, Prime Minister Mackenzie King and Veterans Affairs Minister MacKenzie, takes the view that the Presbyterian and Knox Church women are closer to the heart of Presbyterianism. But is this not discrimination against the native Canadian? Is it not discouraging to Presbyterian colleges in this country?

The matter, it is understood, is being placed before the Moderator, Rev. Charles H. Macdonald, and will be discussed prior to the next General Assembly of the church.

and some chocolate bars were taken.

Reports are coming in to the effect that some of the labourers brought over from Cape Breton for the potato picking season are finding themselves without sufficient money to provide their transportation home. Last year the National Employment Service supplied transportation both ways but this year it was provided coming here only. However of the more than four hundred men that came to work in Prince County only a few are represented as being in financial difficulty. Saturday night seven men bedded down at the Summerside Police Station claiming that they had no money to provide better lodging for themselves.

Every night last week there were some with the same complaint but the number was usually smaller. It is understood that quite a few requests have been received at the local Unemployment Insurance Commission office for money to get home but these have been turned down as no money is provided for this purpose. Last week messages were broadcast from the Employment Service asking the Cape Bretoners to apply at a local Unemployment Service office before leaving for home. This was done as the men can be placed in forestry jobs in the New Brunswick and Nova Scotia woods but no transportation is provided for this transfer. The pay for potato picking is usually \$3.00 a day with board.

Radar Played Vital Role In Bismarck Fight

LONDON, Oct. 26—(Reuters)—Radar, unsuspected by the German version of the sinking of a vital part in the great 1,750-mile hunt and ultimate sinking of the 56,000-ton German battleship Bismarck in the Atlantic May 24, 1941, by the Royal Navy.

The German version of the sinking was disclosed Saturday in the final instalment of captured German war documents dealing with "the Fuehrer conferences on naval affairs," released by the Admiralty.

The Bismarck, newly-completed and accompanied by the new heavy cruiser Prinz Eugen, was first "picked up" by the British cruiser HMS Endeavour on Oct. 26, 1941. The German vessel was spotted at 11.00 a.m. on Oct. 26, 1941. The Bismarck was seen at 11.00 a.m. on Oct. 26, 1941. The Bismarck was seen at 11.00 a.m. on Oct. 26, 1941.

Memoriam

In fond and loving memory of Mrs. Miner MacNevin who passed away on Oct. 25, 1944.

Sleep on beloved, sleep, and take thy rest.

Lay down thy head upon the Saviour's breast;

We loved thee well, but Jesus loved thee best.

Good night!

Calm is thy slumber as an infant's sleep,

But thou shalt wake no more to toil and weep,

Thrice in a perfect rest, secure and deep.

Good-night!

Agricultural Institute Branch Monthly Meeting

The monthly meeting of the Agricultural Institute of Canada, Prince Edward Island Branch, was held at "Birch Court" Experimental Farm, Wednesday evening Oct. 22.

Mr. R. C. Parent gave a talk on membership. He gave a brief history of the Institute from its beginning in 1920 up to the present time. There are now slightly over 1800 members active in agricultural work in agriculture. The main purpose of the Institute is to strengthen the status of agriculture in Canada with the idea of having it looked upon as a profession to raise the standards of agricultural training in universities and schools. There are five types of members in the Institute: (1) Regular members who are university graduates; (2) Junior members who are senior students at universities; and graduates for three years after graduation; (3) Associate members who are not university graduates but men who are holding important positions or going into agriculture; (4) Fellows, a person who has done some outstanding work in agriculture; and (5) Affiliate members which include those who are working in agriculture, but not of a technical nature. This class of membership applies only to the local branch.

The Institute has, during the past two years sponsored scholarships at various universities. This year there are twenty scholarships worth \$800.00 each. At the conclusion of the talk there was a very interesting discussion on the status of the various types of membership.

A short business meeting followed. Meeting adjourned at 10.30 p.m. after which a film was shown by Mr. John Martin of the Central Experimental Farm, Ottawa.

RECOMMENDS SALARY For Olympic Athletes

(By The Canadian Press)
TORONTO, Oct. 26—Recommendation that Olympic athletes be paid their regular salaries while competing in Olympic games was passed by the Central Ontario Branch of the Canadian Amateur Athletic Union, Saturday.

The recommendation passed by the Central Ontario Branch at its annual meeting is to be passed on to the Canadian Amateur Athletic Union and presumably from there to the International A. A. U.

It differs from other suggestions for "broken-time" payments to worker-athletes so far made to the international body in that it covers both hourly and salaried workers. Other suggestions have provided only for salaried workers.

Under the proposed payment plan, either the Canadian A.A.U. or the athlete's employer would

Forest Fire Situation In Maine Improves

(By The Canadian Press)
BAR HARBOR, Me., Oct. 26—While Maine authorities intensified precautions against pyromaniacs, dog-fired fire fighters managed today for the first time in a week to hold the line against far flung New England forest blazes which already have caused damage upwards of \$2,000,000.

As the death toll rose to 21, "under control" reports came in from nearly all areas.

In Maine—hardest hit with eight communities wholly or almost obliterated, 13 dead and scores injured—Governor Sumner estimated damage in that state alone "in excess of \$30,000,000." This was \$5,000,000 higher than previous estimates.

Throughout the state today fire reports were "good" or "under control."

Hildreth's office authorized a statement that authorities are watching closely the movements of all persons whom they have reason to suspect as firebugs.

There was no elaboration but Joseph P. Young, deputy chief of Maine State Police, said there has been no roundup of suspects and so far as he knows none is in custody.

Maine—the hardest hit—has eight communities wholly or almost obliterated, with 13 dead, scores injured and damage set at \$30,000,000. Reports throughout Maine today was "good" or "under control." An estimated 100,000 acres of woodland were blackened.

Latest figures released by the National Fire Protection Association, 2,500; permanent homes destroyed, 336; summer homes, 220. Communities affected, 26. There also are about 3,900 displaced persons.

All National Guardsmen and police patrol the streets of ruined villages and towns.

Today the Red Cross planned to serve 15,000 meals in Maine to homeless and displaced persons—and firefighters.

SMOKE FROM FOREST FIRES 60 Miles At Sea

HALIFAX, Oct. 26—(CP)—Clouds of heavy smoke from forest fires in Maine and the Maritimes reached 60 miles to sea, Capt. G.E. Cove reported today when he brought the liner Aquilana into port.

"There was certainly a strong smell of smoke," he said. "Even the weather was hazy because of the fires. A strong wind was blowing at the time driving the billows of smoke out to sea."

Toronto Player Joins St. Mary's

(By The Canadian Press)
HALIFAX, Oct. 26—Scoring sensation in Toronto minor hockey last season, George McBride, 15-year-old right winger, arrived in Halifax today to join Halifax Junior St. Mary's, defending Maritime champions.

Last season George led Bell Athletic Club of Toronto to the Ontario Junior Hockey Association title and the King Clancy Trophy. Twice during his short career he has scored 17 goals in a single game.

This will not be his first fling in hockey. Last season he played two games with Toronto Young Rangers and he was also in the St. Mary's lineup when the Halifax club played Oshawa Generals in the Dominion junior elimination series early this season.

Apple Harvest To Be Completed This Week

KENTVILLE, N. S., Oct. 26—Harvesting of the Annapolis Valley's below-average 1,200,000-barrel apple crop will be completed this week, growers reported today.

Although loss from wind was less than last year, this season's crop is almost 1,000,000 barrels short of 1947's yield.

Size and quality of the crop was reported as good.

Eastern United Church Y.P.U. Fall Rally

The fall rally of the Eastern Presbyterian Young People's Union in the United Church met in Hoaritz Memorial Hall, Charlottetown, on Thursday, October 23rd, at 3 p.m. The theme was "One Christian World."

The Mt. Herbert Y.P.U. opened the afternoon session with a very impressive worship service under the leadership of David Hutch, Mrs. Winston Wood, Ralph Raynor and Mrs. Ralph Raynor, including a violin solo by Ralph Raynor.

On behalf of Trinity Y.P.U., Jean MacLennan warmly welcomed the Young People; Pearl Greene of Montague Y.P.U. responded.

The president, Edna Fraser, then took charge of the business period. The minutes of the Spring Rally were read and approved. Rev. A.S. Adams was appointed chairman of the Resolutions Committee with Mrs. Ralph Raynor and Mrs. D.W. MacPherson, Ralph Bruce, were appointed on the Press Committee.

Rev. D.W. MacPherson and Rev. T.E. McLennan led the discussion which centered on the sub-theme "The Church Faces the World Today."

Following the discussion the members adjourned to the Social Hall where box lunches were shared and ice cream served by Trinity Y.P.U. A social time under the direction of Jean Ramsay, and a sing-song led by Jean MacLennan were enjoyed by all.

The evening session opened at 8 p.m. The resolutions which were drawn up are as follows:

- Resolved that the heartiest thanks of this Rally be extended to Trinity Y.P.U., the minister, Rev. T.E. McLennan, and the session of Trinity United Church for making our meeting possible; also to Rev. D.W. MacPherson and to Rev. T.E. McLennan for their kind contributions to the discussion part of our programme.
- Resolved that we express our appreciation to the Mt. Herbert and Trinity Y.P. Unions for the fine worship programmes prepared and to all others who have helped with this Rally.
- Resolved that in our opinions racial discrimination is contrary to the principles of Christ. We therefore urge our Y.P. Unions to give this matter serious study and be prepared to defend the rights of all races irrespective of class or colour.
- Resolved that all Y.P. Unions within our Presbytery be urged to secure material concerning the International Food and Agriculture Committee of United Nations with a view of making a study of world problems relating to social and economic conditions of other nations.
- Resolved that the Union interest themselves in the sending of parcels to stricken Europe.
- Resolved that the Union be encouraged to conduct a visitation among the families in their local communities for the purpose of increasing interest in church attendance.
- Resolved that a copy of these resolutions be published in our local papers and church papers, also that copies be sent to each Union in the Presbytery.

Jennie Barwise, one of the representatives from Trinity Y.P.U., gave an interesting report of the Maritime Y.P.U. Conference which was held at Sackville in July.

Roll call revealed a good representation of Unions present.

Guest speaker was Don Reid, Maritime representative to the Oslo Youth World Conference, who spoke very interestingly of his trip and impressions of the Oslo Conference which he summed up as (1) The spirit of Friendliness and Fellowship which prevailed among the World Youth throughout the Conference; (2) New Hope for Christian Youth; (3) New Courage for Christian Youth. He mentioned that even representatives of countries who had been enemies during the war were firm friends when they met as Christian Youth. Over 70 nations were represented to proclaim the theme of the Conference "Jesus Christ is Lord."

A hearty vote of thanks was extended to Mr. Reid for bringing such a splendid word picture of the Oslo World Christian Youth Conference.

The concluding and inspirational Worship Service was led by Trinity Y.P.U. Those taking part were Peggy MacLaine, Claude Campbell, Beverly Smith as soloist and Shirley Darrach pianist. The reporting of the Mizpah Benediction brought an enjoyable and helpful Rally to a close.

This will not be his first fling in hockey. Last season he played two games with Toronto Young Rangers and he was also in the St. Mary's lineup when the Halifax club played Oshawa Generals in the Dominion junior elimination series early this season.

Although loss from wind was less than last year, this season's crop is almost 1,000,000 barrels short of 1947's yield.

Everything happened so suddenly that they were heaped up in the carriage before they had a chance to realize anything had gone wrong, one passenger said.

"I thought it was raining. A shower of water poured into our carriage. Then I realized it was water out of the embankment near us," he added.

Only three coaches out of 14 remained on the line.

Both the engineer and fireman are believed to have died. Repair work was going on at the spot where the accident happened and it was believed that the engine jumped the points while crossing from the main line to an independent line.

Chaperone? Oh, No Not To Elizabeth

(By NORMAN CRIBBENS (Canadian Press Staff Writer)
LONDON, Oct. 26—(CP)—Like her great-grandmother, Victoria—who a long before the days of the suffragettes showed that a woman has a mind of her own—Princess Elizabeth has already influenced the ways of British society.

For one thing, she has killed the chaperone or pre-war days dead.

Nowadays guests go to dances patronized by the young princess with no more ceremony than the village girl goes to a local "hop"—without footmen or dogwags in tow.

Young society women arrive at the front entrance clutching their long skirts to keep them out of the dust. Young guards and naval officers' whiz around in battered sports cars and sometimes battered motorcycles.

Sometimes parties of laughing girls arrive sitting on each other's knees, old family cars. Many have rusted homes, jobs in offices, schools, stores and hospitals and hurried into their glad rags.

Certain Formality

The princess herself still keeps up a certain formality and invariably goes to dances in her own chauffeur-driven car. Since her engagement she has not been escorted to a dance by anyone but her fiancé, Lieut. Philip Mountbatten.

But right up to the time her engagement was announced she was still to be seen in a third party, usually an older person, to accompany her. But Elizabeth didn't dance in those days and since then she has summarily dispensed with chaperones.
