

SAVED FROM HERSELF.

Mason, Que.—Just two years ago, the residents of this pretty village viewed, with alarm, the change that crept over Florence, the daughter of Mr. Jamison. From a bright, carefree child, she emerged into young womanhood, worn and wasted. It became a "nine-days wonder." There was no radical trouble and yet her health perceptibly failed. Finally, physicians were consulted. They prescribed—failed to do any good—and were discharged. All at once, Florence began to improve. Her eyes brightened, the color returned, and today, there is not a brighter, happier, healthier girl in Canada. "I was a martyr to constipation," writes Miss Jamison. "I had every symptom of kidney irritation and had been told by physicians that my kidneys were affected. I consulted a number of physicians and took various remedies, but received very little benefit. Then I was advised to try 'Fruit-a-tives.' After I had taken half a box, the constipation was relieved—headaches left me—in pain in the back was better—and I could sleep. "Fruit-a-tives" always cure kidney trouble, because they cure the cause. They stimulate the liver and kidneys to increased action. Get a box—take them properly—and cure yourself to stay cured. Made of fruit juices and tonics. 50c a box; 6 for \$2.50. At druggists or sent on receipt of price. Fruit-a-tives Limited, Ottawa, Ont.

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada. With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community. Charlottetown has a population of 12,000 and Prince Edward Island has 103,000. The Guardian's daily circulation in the city in which it is published, or 1 to 13 of the population of the Province. This is the management believes unexcelled by any daily newspaper published in Canada. Take one or two comparisons with other leading newspapers in other cities and Provinces. St. John has a population of 48,000 and the Province of New Brunswick 320,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as 1 to 6 of the population of that city and 1 to 4 of the population of the Province. Or again: Toronto has a population of some 230,000 and the Province of Ontario about 2,200,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50,000. That is as 1 to 4 of the population of Toronto and 1 to 44 of the population of Ontario. The point is this: The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada. These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite Journal's endorsement by the reading public among which it circulates, and how completely it covers the field as an advertising medium in this City and Province.

ONLY A Common Cold,

but it becomes a serious matter if neglected. Pneumonia, Bronchitis, Asthma, Catarrh or Consumption is the result. Get rid of it at once by taking Dr. Wood's Norway Pine Syrup. Obsolete coughs yield to its grateful soothing action, and in the racking, persistent cough, often present in Consumptive cases, it gives prompt and sure relief. In Asthma and Bronchitis it is a successful remedy, rendering breathing easy and natural, enabling the sufferer to enjoy refreshing sleep and often effecting a permanent cure. Let them take Milburn's Heart and Nerve Pills; there is no remedy to equal them for making pale faces rosy, weak hearts and shaky nerves strong, flabby muscles firm, and infusing new hope and ambition into life. Mr. W. J. Churchill, Lombardy, Ont., writes: "I was troubled for three years with a weak heart and nervousness. I could not sleep and ever so little food would distress me. I also had faint and dizzy spells, and doctored with three doctors but was growing worse. After taking three boxes of Milburn's Heart and Nerve Pills I feel as well as ever I did. They are the best pills on earth." Price 50 cents per box, or 3 for \$1.25 at all druggists, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If We Could Look at the Heart of a Pale-Faced Person!

Few people ever stop to consider what pale to the countenance means. In the first place it indicates an absence from the blood of the rich, red, life-giving elements so requisite to health; and in the second place it indicates a weakened heart action. These two things act and react. If we could look at the heart of one of these pale-faced people, we would see it flabby, weak and palid. No wonder they are easily tired, get out of breath quickly, have palpitation, are nervous and downhearted. Their muscles are poor, their stomachs disordered, and their lives are seldom free from misery. Let them take Milburn's Heart and Nerve Pills; there is no remedy to equal them for making pale faces rosy, weak hearts and shaky nerves strong, flabby muscles firm, and infusing new hope and ambition into life. Mr. W. J. Churchill, Lombardy, Ont., writes: "I was troubled for three years with a weak heart and nervousness. I could not sleep and ever so little food would distress me. I also had faint and dizzy spells, and doctored with three doctors but was growing worse. After taking three boxes of Milburn's Heart and Nerve Pills I feel as well as ever I did.
