Heroism Of Women

It may be the women in your own home who have to smile and make those around them comfortable and happy, while they themselves are racked with pain and misery caused by some woman's ailment about which they keep silent. Few men realize how common such heroism is. The best known remedy for this condition is Lydia E. Pinkham's Vegetable Compound, made from roots and herbs. For over 50 years it has been making sick and ailing women well and strong.
