

Turn over a new leaf

Now that the warm days are here leave the heavy, over-heating foods for something lighter and easily digested. Kellogg's Toasted Corn Flakes supply plenty of nourishment to the body to enable it to do its morning's work in comfort. The thin, brown flakes are palatable as well as being quite digestible.

—BALL GAME.—The ball game on Thursday evening between the Pioneers and Red Sox, resulted in a victory for the former with a score of 14 to 11. Their batteries were Messrs Buote and McNeill, batteries for the Sox Messrs Pidgeon and Mountain. Mr. L. J. McCullough was umpire and Mr. Paul Durant base judge.—H.

—SUCCESSFUL GARDEN PARTY.—A snug sum was realized at the Garden Party held on Thursday evening on the Convent grounds by the ladies of St. Mary's Academy. The booths and tea tables were well patronized and a pleasant evening spent by all who attended. Proceeds in aid of the convent.—H.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Drug gists, 75c.

—POLLY ANNA CLUB, O'LEARY.—In the town of O'Leary there exists and flourishes what is known as the Polly Anna Club. This does not convey much meaning and an explanation may be required. The members are all "girls of the feminine sex." It is named Polly Anna after a lovable character in the Polly Anna series of stories. This young lady has made it a fixed rule to always be cheerful under even the most depressing circumstances. Hence the club takes its name, and the members all resolved to be as bright and cheerful as possible. Practically all the members have a brother or sweetheart at the front, some have two (brothers) fighting for King and Country. During their absence the members hold social gatherings, for the double purpose of dispensing cheerfulness and of raising funds for the different benevolent schemes. Some time ago they had a very successful social night, at which a nice sum was realized. On the evening of July 22nd they had a sale of ice cream, which was generously patronized by the public. The sum of \$22.48 was raised, and will be used for Red Cross purposes. In a recent issue of this paper, it was stated that the amount was raised by the local branch of the Red Cross Society, the credit should have gone to the Polly Anna Club—Member.

SIEGE BATTERY NOTES

Gunner Packy Murnaghan has been promoted provisional Bombardier of No. 5 Siege Battery.

Gunner Harry Donovan has been appointed Chief Cook of No. 5 Siege Battery.

Sgt. E. Sterns of No. 5 Siege Battery is spending a furlough at Bonshaw.

Gunner Mollison, of No. 5 Siege Battery, who was in Summerside on furlough returned to Charlottetown yesterday.

Sergt. Major Rex Lea and Gr. Harold Lea, of No. 5 Siege Battery, returned yesterday from Victoria, where they spent a furlough with their parents.

If Thursday night's "Camp Fire" concert is not a success in every respect it will not be owing to lack of enthusiasm and determination on the part of the 5th Siege Battery boys. The laddies in khaki are practising faithfully, and will not be satisfied unless the entertainment exceeds expectations. The concert was to have been given last night, but it was decided to change the date. Thus it will celebrate most appropriately the second anniversary of Great Britain's entrance into the war—the heinous slaughter which every man in the Battery hopes to assist in ending.

The choir surprised not a few people at Zion Church two Sunday's ago. The boys expect to make even a more creditable showing on Thursday night however. Practices will be held for an hour every night before the entertainment.

Although the programme is being arranged hurriedly, owing to the fact that the Battery may leave for overseas in the immediate future, there is every reason to believe that it will be an eye-opener to many.

The boys have organized an orchestra, which will render the latest musical selections, and besides, vocal solos, duets and quartettes will be outstanding features.

Charming Dresses for the Summer Months \$3.25 to \$7.50

Dainty styles and materials, delicate colors and trimmings lend beauty and attractiveness to these frocks. They display the season's most fashionable features in Voiles, Crepes and Muslins, with large collars which are beautifully finished with plaited silk and lace—the short skirt cut on flaring lines gives each dress a very smart appearance: colors in pink, blue, maize, sand, white and black.

TAFFETA SILK SKIRTS

Styles were never more becoming than they are this season, and you will be delighted with these beautiful models of black taffeta silk. The material was chosen with the utmost care and we can assure you that its wearing quality is all you could wish for in taffeta silk. The designs are in keeping with the fabric cut on flaring lines with short skirt which makes them an ideal outing skirt: sizes 23 to 27.

Try **BEAVER FLOUR** Both Ways

Make up a batch of Bread and Rolls with it. Then bake a Pie and Cake.

Notice the fine, even texture—the absence of holes—the delicate, nutlike flavor, of the Bread. Then consider the lightness and flakiness of the Pastry. You'll never go back to the coarse, almost tasteless western wheat flours, after once enjoying the flavor of the good things made with Beaver Flour. Order a sack today.

YOUR POTATO CROP Will be Increased and QUALITY IMPROVED by Spraying with BORDEAUX MIXTURE

READ what a New Brunswick farmer has to say—
Andover, N. B. July 11th, 1916

Gentlemen,—
Replying to your inquiry, beg to state that I used \$60.00 worth of your Prepared Bordeaux Mixture last season on 18 acres of Potatoes. I sprayed 4 times, using 10 pounds of prepared Bordeaux Mixture, to 50 gallons of water per acre. My average yield was 125 barrels per acre of merchantable potatoes with less than one bushel of rot in the whole field. I also left a small portion of the field not sprayed. These unsprayed potatoes died down three weeks earlier and only gave me an average yield of 90 barrels per acre. I therefore consider that I got an increase of 35 barrels per acre by using prepared Bordeaux and figuring at the rate of \$1.00 per barrel I made a net saving of \$570.00 by spraying.
Yours truly,
H. LEE BEDELL

We carry PREPARED BORDEAUX in stock ready for use and solicit your orders, either in quantities sufficient for your whole crop, or in small lots for experimental purposes.
