## BRINGING UP FATHER

**"PENMANIZE YOUR UNDERWEAR BUYING!"**

# Different types of men require different types of Underwear

If you are robust, never catch cold, easily kept warm, you need radically different underwear than if you were easily chilled, had poor circulation and were subject to colds. Furthermore, occupation is a factor. The man who drives or rides to work in a warm car, works indoors all day and rides home at night, doesn't require the underwear-protection needed by the man whose work is outdoors in all kinds of weather.

Because there is such a difference in men's underwear requirements and because it is important to any man that he wears the correct type and weight, we present the accompanying chart for your guidance.

Your needs are met in one or other of the Penmans lines described. Find your type, then order by the Penmans name and number and you'll enjoy maximum underwear comfort and protection this Winter.

Since 1868 Penmans Underwear has been "the standard of excellence". The name stands for high quality, for fine workmanship, for easy comfort, fit, durability and the utmost value. You can't go wrong in buying Penmans.

**Ladies! A Word to You!!**

Bring this new idea to the attention of the men of your family. You're interested, of course, in keeping them well and comfortable.

Look over the chart yourself. Perhaps you can help with a decision that will mean much to the health and well-being of those whose health and well-being mean everything to you.

For fine quality, sterling worth and long life there is no underwear quite so good as

**MEDIUM**

Penmans No. 95 is the finest natural Merino underwear made. For fifty years Canada's most popular medium weight. Gives healthful protection in coldest weather, yet is not too heavy for indoor wear. **LIGHT**

Penmans light weight pure wool underwear is the highest grade made in the world. Easy to wear, light, yet very warm and comfortable. Recommended for those who work indoors, yet need sufficient protection to guard them from chills when they are outdoors.

**HEAVIEST**

Penmans Serviceable Scotch Kilt A good heavy grade for outdoor workers or in districts subject to severe cold weather in Winter. Has the weight and the warmth, without too much bulk.

**FLEECE-LINED**

For those requiring maximum protection, we recommend Penmans No. 37. Extra heavy and fleece-lined. Suitable for outdoor workers. The soft cotton fleece next to the skin makes it most comfortable to wear. Durability unexcelled.

**BALBRIGGAN**

No. 222, 223, and 46 are extremely light cotton underwear suitable only for those who keep warm easily, are immune to colds and not liable to chills from sudden temperature changes. Not recommended for any but those accustomed to wear very light undergarments all year around. Made in short or long sleeve and leg lengths.

**FINE ELASTIC RIB COTTON**

For those who require warmth and ample protection, yet do not prefer woollen underwear, we recommend a choice from the various Penmans fine elastic rib cotton lines. Easy-fitting and durable-made in all the different styles.

Billy had fallen into the bad habit of betting. In the hope of curing the boy, his father and uncle decided to make him lose by taking on any bets he proposed, which they knew they would win.

The following morning Billy met his uncle.

"I bet you sixpence you've got corns," said the boy.

Uncle accepted the challenge.

"But what proof can you give?" said Billy.

"Easy," said the other. "I'll bet off my shoes and socks and show that you're wrong."

Presently uncle's bare feet were exposed and Billy gave him the sixpence.

During the morning uncle met the boy's father.

"Our scheme's going fine," he said and went on to explain how he had won sixpence from the boy. "And prove that I was right," added the uncle. "I took off my shoes and socks and showed him my bare feet."

"What!" ejaculated the boy's father. "Only last night that boy bet half a crown he'd see your bare feet!"
