PARIS, Feb. 22.—President Loubet's first message to parliament was delivered yesterday.

HAVANA, Feb. 22.—(Special)—Gomez was given a great reception at Matanzas.

He will enter Havana on Friday and a great welcome awaits him there.

Gomez, in a speech said Cuba must decide its own future and he admits the problems are serious. He urges all to forget that war divided them. His ambition is to see Cuba free and independent and its people united. He offers the olive branch of friendship to the Americans but does not want annexation.

HONG KONG, Feb. 22.—[Special]—Aguinaldo in a proclamation laments the hostilities, but blames the Americans and says the Filipinos prefer the corrupt Spanish dominion to the odious American, and will perish rather than accept conditions.

The Americans are in complete control of the Island, the Negroes and natives being submissive.

NEW YORK, Feb. 22.—(Special)—Joe H. Choate, the new ambassador to England, sailed this morning.

ADDRESS OF SYMPATHY.

Murray River, Feb. 4th, 1899.
TO MR AND MRS. GEORGE MURDOCK AND FAMILY.

We the undersigned on behalf of Dawn of Day Lodge, No. 13 I. O. of G. T., beg leave to address you a few words of sympathy in this your hour of trial and bereavement.

It has pleased our Heavenly Father to call home to himself your son George, our brother. We will greatly miss him in our meetings in which he always took great interest and from which he was but seldom absent. But we know that much as we miss him, you must miss him very much more. The home circle has been broken; there will always be the vacant chair.

While we deeply sympathise with you in your sorrow, we know our sympathy is only a faint shadow of the great sympathy of Him, who stands with arms out-stretched ready to receive and comfort His people. He wept over the grave of Lazarus. He understands all about us. He knows our griefs and carries our sorrows. He came to bind up the broken hearted; to give the oil of joy for mourning, the garment of praise for the spirit of heaviness. His eye searcheth us. He knows all our hidden sorrow, and we trust by the strength that comes from Him alone you will be able by His grace to cast all your care upon Him and realise that the hand that wounds can also heal. We trust you may be able to realise that while you have one less here, you have one more treasure in the better country, one more to welcome you when you too go up higher.

We will miss and mourn our brother in the lodge room; you will miss him in the home; but let us all try to think of him as one of those who have joined the great throng and with songs on their lips and palms in their hands, sing praises unto our God, and is not dead but gone before.

Signed on behalf of Dawn of Day Lodge.

GREAT JUMPS

Performed by J. F. Davidson Last Night.

Miss Fannie and Mr. John Davidson's Fancy Skating.

Miss Fannie and Mr. John F. Davidson, the champion fancy skaters of the world, made their second appearance in Hillsboro rink last evening. Considering the stormy weather and the fact that so many had witnessed their first exhibitions, there was a fair attendance. They skated singly, then together, as on Monday night, going through many of the same performances and also introducing a few new ones. Their exceedingly well executed manoeuvres gave to the spectators several moments of extreme pleasure. They were dressed in different costumes from those worn on the previous night which were equally becoming.

The greatest event of the evening, one which called forth wonder and amazement, was the daring jumps made by John Davidson. Jumping posts were placed near the centre of the ice and the cross bar placed at a height of 3 feet 6 inches. Mr. Davidson then circled one end of the rink and approached the uprights with a fair speed on. It was no trouble for him and he went over with ease. The bar was raised 2 inches higher and again he almost seemed to float over the pole.

At 3 feet 9 inches the bar was then placed and with a swifter rush he glided over it with apparent ease, making a clean jump.

He then placed three barrels together in a row on their sides and with a few strokes he bounded over them. Placing one of the barrels on end he astonished the audience by going over it with many inches to spare and when he added another barrel his feet in clearing them brought forth much applause. Then he placed the three barrels ends up side by side in a row and with a few swift strokes he made the jump which gave to the audience the best exhibition of the kind ever shown here. It was no great effort for him and with his feet close up to his body he leaped over the barrels without any difficulty. It was a pretty sight as he bounded through the air and the audience loudly cheered his wonderful performance. Music was furnished during the evening by Galbraith's band and the spectators were allowed to skate after the performance.

When you are nervous and sleepless, take Hood's Sarsaparilla. It makes the nerves strong and gives refreshing sleep.

ALFRED A SUICIDE.

LONDON, February 20.—It is now definitely known that Prince Alfred of Saxe-Coburg, grandson of the Queen, and son of the Duke of Edinburgh, committed suicide at Meran, Austria, whither he had been taken from Berlin, and placed in a private sanitarium. The cause of the Prince's removal from Berlin was a gambling scandal, compromising him gravely. He shot himself in the head, the wound proving fatal after several days. It was given out by his family that the Prince was suffering from brain trouble.

WASHINGTON'S BIRTHDAY.

Celebrated By The American Students of St Dunstan's.

George Washington's birthday was celebrated in this city yesterday by the American students of St. Dunstan's college. A sumptuous dinner was held at the college and in the afternoon they, accompanied by Rev. Arthur M. Clark, of Boston, Mass. called at the United States Consulate when with Consul Vail an enjoyable hour was spent in social chat and music in honor of the event of the coming into this world of the first President of the great Republic. In the evening Father Clark entertained the boys to a supper.

The following are the names of those attending the College from the United States:

HOCKEY NOTES.

The Mohawks of St. John defeated the Crescents, Halifax hockey team. 1 to 0, at St. John on Tuesday night.

MATCH POSTPONED.

The match between the Abegweits and Stars has been postponed until Wednesday evening next, owing to the civic election taking place at Summerside on Tuesday.

WANTED TO USE NETS.

At Halifax on Feb. 17th, the Wanderers defeated the Chebuctos at hockey with a score of 8 to 1, five of which scores were secured before the close of the first half. The Wanderers are now champions. On coming to St. John the Crescents want to bring their goal nets, but Manager Tufts will not allow it. Nevertheless in return matches at Halifax the nets will be used.

IT ENDED IN A ROW.

MONTREAL, Feb. 19.—The Victorias defeated the Winnipeg Victorias on Saturday night in the Stanley cup hockey match, thereby retaining possession of the cup. The game broke up in a row over a dispute of the referee's decision. The Victorias left the ice and declined to play. That is the Montreal contention. The Winnipeg contention is that Referee Findlay declared the game off pending the submission of his decision to the trustees of the cup. The Referee gave the game to the Montreal Victorias.

GENERAL ELECTION EDITOR'S MAIL.

Toronto World Says Before 24th May.

An M. P. Shoots Himself—Conservative Declared in St. John, Liberal Elected in Huron—Laurier and Davies Return to Ottawa—Engineer Coste Resigns—Montizambert Promoted.

TORONTO, Feb. 22.—(Special)—W. F. McLean, M. P., in his paper, the Toronto World, says that Messrs. Blair and Tarte are both working to have a general election called on before the Queen's birthday.

It is believed they can carry New Brunswick and Quebec. Mr. McLean considers the election probable. The World made a similar prediction some months ago.

ST. JOHN, Feb. 22.—(Special)—Declaration day figures gave Shaw a majority of 23 over Reynolds. This increases the opposition to five in the new house.

OTTAWA, Feb. 22.—(Special)—Sir Wilfrid Laurier and Sir Louis Davies returned from Washington today. It is understood that Louis Coste has resigned his position to go into Yukon mining. He was Chief Engineer of the Public Works of Canada.

Robert Holmes, Liberal, was elected in West Huron to-day by over 200 of a majority. The victory is regarded by Liberals as a set back to Sir Charles Tupper and his new organization scheme, while Conservatives claim the Liberal majority was greatly reduced. Dr. F. Montizambert, superintendent of the Grosse Isle quarantine station, has been appointed Director-General of the Public Health with headquarters at Ottawa. His duties will be to act as sanitary adviser of the Dominion Government, general superintendent of quarantine and inspector of Tracadie lazaretto.

R. W. Jameson M. P. for Winnipeg, shot himself dead at his residence last evening while handling a revolver. Jamison attended the Board of Trade meeting yesterday. He had dinner as usual with his family and after it discussed the danger of carrying firearm with the members of his family.

He pulled a revolver from his pocket and began examining it. His wife turned her back for a moment and heard a loud report. The weapon had been discharged. The bullet entered Jameson's mouth and passed through the back of the neck causing instant death.

R. W. Jameson was born at Cape Town, Cape of Good Hope in 1851 and was a son of the late Lieut. General Sir George Jameson, K. C. S. I. He was educated at King's College, London and Trinity College, Cambridge, where he graduated. He was called to the English bar in 1876 when 25 years of age and the same year came to Canada. He studied in Toronto with Rose, Macdonald and Merritt, was admitted to the Ontario bar and practised in Toronto in 1881. In the following year he went to Winnipeg and was admitted to the Manitoba bar. He was elected Alderman in 1892, Mayor in 1895 and was returned to parliament at a by-election in 1897.

Lady Students' Rights.

SIR.—Would you kindly answer the following through your paper: Has Dr. Anderson, Principal of Prince of Wales College the authority to keep the lady students of the said College from attending the debates and mock court meetings in the afternoons? Have they not the liberty to take part in the above mentioned? If they have not I would like to know the reason why?—STUDENT.

[The question is too complex to admit a simple answer. There can be no doubt, we think, as to the Principal's authority. Doubtless he also has good reasons for any action taken. The propriety of the lady students attending the mock court would be governed by many conditions, as for instance, whether the young men desired their presence; whether the discussions and proceedings at the mock court are of a character to be profitable to young ladies, &c. Of these the Principal ought to be well qualified to judge.—ED. GUARDIAN.]

TENDERS for the building of a new wing to St. Dunstan's College were opened yesterday evening and the contracts awarded to Mr. James Gormely, Mr. Edward Duffy and others. Out of seven tenders received the lowest was accepted and the total amount of the contract is \$13,790.
