

When Women Get Together

What do they talk about? Their ill-health! They tell about their aches and pains, describe their symptoms in detail, endeavoring to prove their special trouble the most trying and dangerous. Why do they do this? Because they crave sympathy and need help. Many a woman has never known a really healthy hour, yet has kept on her feet and accomplished her daily duties, thinking sacrifice really meritorious. Ninety-nine times out of a hundred these women become chronic dyspeptics. You can tell that by their lack-lustre eyes, spiritless movements and sallow complexions. Dyspepsia is the forerunner of many fatal disorders; it always precedes consumption. If you are wise, you will take some invigorating herbal preparation such as **Karl's Clover Root Tea**, which has been in use for nearly fifty years, and has never been known to fail in curing all bowel and liver troubles. It gently stimulates the whole digestive system so that your food is perfectly assimilated and converted into pure, rich blood, which keeps the nervous system of the body healthy and the muscles firm and strong. Your back-aches, headaches and sleeplessness will all vanish under the influence of this grand remedy, **Karl's Clover Root Tea**. Ask your druggist for it, or write to R. C. Wells & Co., 52 Colburn street, Toronto, Ont., and they will send a sample package free of charge. Sold throughout the United States and Canada at 50c. and 60c., and in England at 1s. 6d., 2s. 6d.

A MOVE is on foot to organize a Lacrosse Club in Summerside. Quite a number have already signified their intention of becoming members. The Club will be called the Crystal Lacrosse Club.

REMEMBER DR. McNeill's paper Monday evening in Willard Hall on "Some Function of the Brain." This is a most interesting subject and needless to say will be intelligently handled by the Doctor. All are cordially invited.

THE new store of Messrs. Rogers & Rogers will be opened for business this evening. A look at the two show windows will give a partial idea of the show inside, but you must go through the establishment to thoroughly appreciate the extent of the change made by this enterprising firm. All are cordially invited to the great opening tonight.

PERSONAL MENTION.

Dr. McLaren of Brudenell, was among the visitors to the city yesterday.

Capt. M. McDonald was among the guests at the Davies yesterday.

Messrs. Olive & Waring Steamboat Inspectors, St. John, arrived in the city last night.

Miss Minnie Whear arrived home last night from Minneapolis, Minn., where she spent the past winter.

Dr. Davies will arrive by the S. S. Fram which is due to-day from Liverpool. The Doctor is taking the round trip.

Mr. D. W. Finlayson left yesterday afternoon for Murray Harbor North, where he intends purchasing grist, saw and carding mills.

Dr. and Mrs. Borden, of the Sackville Ladies' College, expect to sail for Paris the middle of June, and will probably extend their trip on the continent.

J. A. Brennan of Alberton, P. E. I. has been in town some days on business. It is rumored that Mr. Brennan proposes moving to North Sydney and starting business.—Sydney Herald.

Mr. Dever, president of the Dairy Association in Prince Edward Island, has been in town for some days, introducing the product of his association.—Sydney Herald.

Mr. Al. Slipp, of Halifax, has opened a horse-shoeing business in Sydney. Mr. Slipp is owner of the horse Taunton, which has been in charge of Mr. Robert Johnston for the past four years.—Sydney Herald.

Mrs. (Rev.) McInnis of Minnesota, accompanied by her little child is visiting her parents, Mr. and Mrs. Wm. Coffin, Grafton St. Mrs. McInnis was also accompanied by her sister Miss Florie Coffin who has spent the past six months visiting her sister.

Rev. M. A. McLean, who has received and accepted a call from the Truro Baptist denomination, will preach his farewell sermon in Calvery Baptist church Sunday night. The reverend gentleman's proposed departure from North Sydney is very much regretted by not only the Baptist congregation, but by our citizens generally. The Truro Baptist congregation are getting an able and efficient pastor and the town a good citizen.—Sydney Herald.

A CERTAIN METHOD for curing cramps, diarrhoea and dysentery is by using Pain-Killer. This medicine has sustained the highest reputation for over 60 years. Avoid substitutes, there is but one Pain-Killer, Perry Davis' 25c. and 50c.

Excitement at Hogg Island.

Governor Leslie of Hogg Island, who is still at the capital, made the capture of the season last Thursday, when he succeeded in burying a bullet into the brain of a whale, that had loitered too near the seat of Government. The whale measures 39 feet in length and is now being cut up and hauled ashore to be converted into oil. This is a valuable capture and Governor Leslie has the congratulations of his colleagues in his good luck.

DURING the past five weeks the Summerside Presbyterian Church has been in the hands of Mr. R. E. Sobey and will to-day be handed over to the managers, transformed into one of the handsomest churches on the Island. It will be opened to-morrow for public worship when the pastor Rev. W. H. Smith, will conduct services at the usual hours. The interior of the church has been thoroughly renewed, the ceiling tinted, the walls papered, the woodwork painted and varnished; the pulpit renewed, the platform remodelled, the windows replaced by new ones with stained glass. Four electroliers have been put in; containing 53 lights in all, and producing a most pleasing effect. The church is now a credit to the congregation.

THE entertainment given under the direction of Prof. S. N. Earl of Charlottetown, Thursday evening was greeted with a full house, as his Summerside entertainments have been in the past, and will be in the future. The company on this occasion was a large one and the part taken by each was fully in keeping with the general excellent character of the entertainment. Throughout the singing by the Misses Earle, and Mr. Charles Earl richly deserved the enthusiastic applause they received. A recitation by Mr. T. F. Eagleston, and a dance by Miss Helen McDonald were well received, as was also a French song by Mr. Laliberte, the St. Cecilia Club consisting of the Misses E. Murphy, H. Anderson, L. Hogan and B. Gillis, mandolines; Miss Murphy, Banjo and Miss May Carroll, Piano, rendered some splendid selections. The operetta "Pauline or the Bell of Saratoga" which constituted the second part of the program was very creditably performed. The solos, choruses, trio, duets, etc. being very fine. Altogether the entertainment was a big success. The special from Charlottetown brought besides the members of the company quite a number of visitors.

HEART HUMBAG.

It is fashionable to-day to have a new heart scare every 24 hours. The commonest symptoms of dyspepsia or nerve trouble, such as palpitation, weak spells, loss of appetite and poor circulation, are magnified and distorted into serious signs of heart trouble, with the object of frightening the public into taking this or that heart remedy. If a hundredth part of the heart trouble we hear about were real, the cemeteries would be filled in a month. A wrong construction is put upon common ailments in order to humbug the people into the belief that heart disease is prevalent, where as real heart trouble, which is so sadly and suddenly fatal when it does occur, is a rare disease. Lopsided arguments cannot convince an intelligent people. Iron is a vital element of the blood. Too little iron means weakness, lack of spirits, pallid cheeks, shortness of breath, sleeplessness, nervousness, loss of vital force, ending in general break down. The iron in Dr. Ward's Blood and Nerve Pills is in the soluble form you need, in combination with other curative agents in such a manner that disease can't resist their action. You feel yourself getting well when you take Dr. Ward's Blood and Nerve Pills.

How to Make Shoes Wear.

Considerable difference will be found in the wearing qualities of two pairs of shoes of the same quality and make worn by different persons. No shoes worn continuously in the house and outdoors will give as much wear as a pair of shoes worn one day and then left to rest a day. It saves money to wear cheap house shoes within doors and let the shoes worn outdoors rest and get back into shape while the owner is within doors. Keep an old pair of shoes to wear under indiarubbers. The perspiration of the feet, which indiarubbers excites, ruins good leather. Select strong calfskin and keep it well-oiled in winter, for outdoor shoes. Low shoes are better for house wear because they give the foot a chance to be ventilated as the hand is. In spite of its continual exposure, the hand is not afflicted, as the foot so often is, with corns, callous place and chilblains. This is because it is continually exposed to the air. Even when kid gloves are worn, they do not compress the hand so much as the average boot does the foot, and they are not worn continually as a boot is.—Tribune.

Corticelli Skirt Protector should not be used as a binding—it is a physical impossibility for any kind of a binding to outwear a skirt.

Corticelli Protector Braid should be sewed on flat—not turned over—one or two rows of stitching—one at upper edge of braid and the second near the bottom of the skirt.

Put on thus it is a real "protector"—its perfect shade match makes a desirable bottom finish for any skirt.
