

THE QUEEN'S COUNTY GUARDIAN

Head Office in New Prowse Block—Charlottetown

The latest news, first of all.

The tide will be high this morning at 8.09 and tomorrow morning at 9.16.

Wm Dellatorre, of the Citizens' Yacht Club, Sydney, has been taking in the Exhibition.

Ernest C. Scott, formerly of Charlottetown, now of Sydney, was here during Exhibition week visiting relatives.

The highest temperature registered Saturday was twenty-six degrees above zero and the coldest was fifty-eight above till nine p. m.

Among the guests at the Queen Hotel, Halifax, are Dr J. T. Jenkins, Dr O. S. Strickland, H. Kelly and Mrs Kelly, Charlottetown.

Owing to a mix up in the mechanical department, the tide calendar and local reference to same, have not agreed for the past two days.

Mrs J. P. Tanton, Mrs Lowman Combs and children, and Miss Elsie Tanton, City, left Saturday morning to visit friends in Halifax and attend the Exhibition there.

Yesterday was Children's Sunday in all the Presbyterian Churches in Canada. The interesting service held in St James Church was conducted by the Pastor, Rev T. F. Fullerton.

Yesterday was Rally Day for the young folks and their parents and friends in Central Christian Church. A special service was conducted by the pastor, Rev J. F. Floyd, in the afternoon and a sermon appropriate to the occasion was preached in the evening.

The daily average circulation of The Guardian, for week ending September 18th, was 7,327 copies a day. The circulation of The Guardian is greater than that of all the other Daily newspapers on Prince Edward Island combined. Attention is called to the statement in another column.

The Superiress of the City Hospital was the happy recipient of six hundred and four dollars and forty cents (604.40), net proceeds of Tag day. She cordially offers sincere thanks to the kind ladies of the Auxiliary and to all who willingly devoted themselves for the success of the charitable undertaking.

Among the outward passengers from this City Saturday were Mrs W. H. Croskill to Boston; Miss Ethel Kelly to Boston; Rev J. K. Fraser to Charleston, S. C.; Johnson Clark to Amherst; Miss Elsie Cameron, Cranston, to Boston; Fulton and Mrs Adams to Moncton; Mrs B. D. McDonald and Miss Rosie Ryan to Boston; A. F. Tomlins to Woodstock, Ont; B. O. Turnbull, Mrs Turnbull and family to Everett, Mass.

The Sharples Separator Co had a splendid exhibit in their booth in the Exhibition Building at the recent Provincial Exhibition. H. A. McArthur, the representative of the company for the Maritime Provinces, was in charge and ably demonstrated his separator to the many visitors who favored this booth with a call. The great point claimed to bring this separator superior to other makes is the Tubular skimming system in place of the bucket bowl. It is said that it skims close under all conditions, produces perfectly smooth, frothless cream, and runs with two-thirds less of the power required to drive other makes. The Sharples Tubular has a most convenient, durable and desirable arrangement of running parts, uses less oil and requires fewer repairs than other separators. Its low supply can do away with top heaviness, common in other style machines, and can be filled without climbing a chair or step ladder. The milk in the supply can, being low, is always in sight, and accidental overflowing is impossible. The cream obtained from the Tubular Separator will yield more butter, from the same amount of milk, than it is possible to secure by using disc, cone, vane, wing or any other bucket-bowl construction. It appeals to the housewife in the absence of drudgery when cleaning time comes, the parts necessary to cleanse only numbering three, which can be thoroughly washed in as many minutes. Wash a few parts—that's the easy way—the way with the Sharples Tubular. A compact booklet is being distributed by the Maritime Representative and these, with catalogue, can be had on application.

Carpenter-Morton roofing lays 30 inches to the weather, so it is not as liable to sag or buckle as other Roofings. It is fire resisting and waterproof and will wear for years. Fennell & Chandler carries a complete stock and sells it under an absolute guarantee of durability.

Take our Emulsion of Cod Liver Oil with Gusiacoel when troubled with asthma, bronchitis or any lung trouble. It never fails to give relief and in most cases effects a cure. An excellent preparation for children. Only 40c per bottle. A. W. Reddin, Phem B., Sunnyside.

Commencing Tuesday June 1st. The S. S. "Northumberland" will leave the Company's wharf daily, except Sunday, at 8:20 o'clock a. m. Returning will leave Pictou about 4:30 p. m. A. W. WAKEFORD, Manager
Charlottetown May 29th 1909.

The Northumberland arrived here at eight thirty Saturday night and the mail train at eleven fifteen.

At St Peter's Cathedral yesterday, Rev Canon Simpson was assisted in the services by Rev Father Quinn, of St Clements, Philadelphia.

George Dingwell of Dingwell Bros, Sydney, leaves this morning on return, after spending Exhibition week in the City.

A. O. Robb, of the Robb Printing Co, Sydney, has been visiting Charlottetown during Exhibition week and leaves on return this morning.

A dangerous hole in the sidewalk on the north side of Bayfield Street, between Queen Street and Elm Avenue, which has existed too long already, requires immediate attention.

Mrs Sydney Grey, City, who has been in Seattle, Washington, visiting her sisters there, returned home Friday night. While in Seattle Mrs Grey visited the A. Y. P. Exposition.

Rev T. B. Grestorex, lately of Dartmouth, N. S., occupied the pulpit in St Paul's last evening. Rev Mr Grestorex, will have charge of St Paul's congregation until November 1st.

A very annoying disturbance took place yesterday afternoon on Rockford Street, at the western end of the Jail Square. The fracas was a disgraceful occurrence, especially when happening on Sunday. The arrival of the officers of the law on the scene put a damper on the combative propensities of these engaged in the dispute and after a struggle, Richard Higgins was gathered away to the charges against him before His Honor this morning.

The Brixton Burglary was the title of the screaming comedy presented by the Colonial Stock Company at the Opera House Saturday night. The weather was not all that could be desired but despite this fact the house was well filled. In speaking of the different members of the Company it is not proper to specialize but just to make passing comment. Frank Oliver, Carl Blayth and J. W. Hartman capably and comically filled the roles of the three principal plotters who were always in new troubles and never properly out of any of their many difficulties. Mallory, Hopkins and Paul Hillis created sixty laughs per minute and, with the others, were warmly applauded. Mabel Reed and Myra Crowe the distressed and worried better halves, and Edith Warren, James' flustered intended, merited great praise between smiles.

Our New "Modern" A. A. Waterman Fountain Pens

We believe are equal in mechanical construction, to the best pen made.

In addition to this, they have the following undeniable advantages.

- 1 They are self-filling, filled in a twinkling.
- 2 As there is no joint they cannot leak and soil the fingers as many good pens do.
- 3 The act of filling also cleans the delicate ink channels and prevents clogging.

We have the best \$1.00 pen on the market.
