## Ch'Town Boy Reported Killed

### W. A. Sutherland Said To Be Victim Of Automobile Accident In Monterey, Mexico.

(Canadian Press)  
MONTREAL, Que., Nov. 25.—W. A. Sutherland, whose death is reported in Monterey in Mexico was born in Charlottetown and has been in Mexico since 1924. Up to December of last year he was chief accountant of the bank of Montreal's branch at Monterey and at that time was promoted to the post of manager, a position he held until the time of a fatal automobile accident. Mr. Sutherland is a brother of Mrs. W. R. Cruickshanks, wife of the manager of the Royal Bank of Canada in Newcastle, N. B.

### New President

Pascual Ortiz Rubio, newly-elected president of Mexico. Rioting and disorders accompanied his decisive victory, resulting in the death of 24 persons and scores injured.—Copyright 1929, Pacific and Atlantic Photos, Inc.

### U. S. After Site In Ottawa

(Special to the Guardian)  
WASHINGTON, D. C., Nov. 25.—The United States has its eye upon a particular piece of property in Ottawa as a site for a Legion, and is said to be prepared to wait some time, although the owner has given no indication of being willing to sell. In the meantime, it is understood, little is being done to provide a residence for the United States Minister. The lack of a residence, while it was not the cause of the resignation of Hon. William Phillips, the first Minister to Canada, is said to be contributory.

## MAY ACCEPT

(Canadian Press)  
NEW YORK, N. Y., Nov. 25.—The Standard Oil Co. of New Jersey has made an offer to acquire the Anglo American Oil Co. Ltd., a leading distributor of petroleum products in England through an exchange of stock, it was announced today. Standard offers to exchange one share of \$5 non voting preferred stock of the Standard Oil Export Corporation, a subsidiary, for each 5-9 share of Anglo American ordinary stock. The offer has been approved by Anglo American directors.

## Appointment Of Dunning Expected Soon

OTTAWA, Nov. 25.—The appointment of Hon. C. A. Dunning as Minister of Finance will likely be announced by Prime Minister Mackenzie King, within the next few days. The appointment of a man to succeed Mr. Dunning as Minister of Railways may be held in abeyance for some time.

The train which brought the Prime Minister back to the Capital also carried Hon. Charles Stewart and Hon. Dr. King as well as Mr. Dunning. The death of Mr. Robb may delay the opening of Parliament. Had Mr. Robb not been stricken, he would likely have had a considerable portion of the estimates and the budget ready by now. It was therefore important that the uncertainty as to who should be finance minister be dispensed as soon as possible, in order to get ahead with the program of parliament. Mr. King takes the position that it is better to assemble parliament somewhat later, if need be in order to have enough business ready to keep the commons going at full steam once the session is opened.

CINCINNATI, Nov. 25.—Jack Sharkey, Boston, was rated as the nation's leading heavyweight but not the official champion by the National Boxing Association here today. The heavyweight title was declared vacant.

Children's Aid Society—The Annual meeting for election of officers and transaction of other business will be held in the City Council Chambers, Thursday night, November 28th, at 8 p. m. The public are invited.

## CAPTURED IN U. S. WATERS WITH 20,000

### Cases of Liquor Aboard —“Stormy Petrel” Runs Into Bad Weather.

(Canadian Press)  
NEW YORK, N. Y., Nov. 25.—The 150 ton sailing vessel Stormy Petrel which was captured at Portchester, N. Y., today with 20,000 cases of liquor aboard, cleared Bridgewater, N. S., Oct. 10th., with a cargo of laths and a month later, after running into bad weather, which stripped her of her sails was towed into port at Boston by a coastguard patrol boat. Although the coastguard craft had been dispatched specifically to examine the Stormy Petrel, nothing suspicious came to light while the sailing craft was in Boston harbor and she cleared for New York.

## HEAVY GALE IN ENGLAND

(Special to The Guardian)  
LONDON, Nov. 25.—The greater part of England for the second successive week end was last night swept by high winds, accompanied by rain, hail and lightning in many places. The south was chiefly affected and a 70 mile an hour wind drove the storm into Folkestone, so that the streets looked like miniature rivers.

## Alberta Day At The Fair

(Special to the Guardian)  
TORONTO, Ont., Nov. 25.—Today will offer an unusual but important combination of events in the progress of the Royal Winter Fair, which is entering its second week and second half of its eight day schedule, for it is to be Alberta day, Governor General's day and “Dog Day.” It is Alberta Day by virtue of the official designation applied to it by the directors in paying tribute on succeeding days to the place of each province in the progress of Canadian agriculture. Breeding achievement and manufacturing special features will draw attention to the resources and achievements of Alberta, and at night there will be a grand parade of prize winning Alberta livestock during the horse show in the Coliseum. Alberta Government officials will be in attendance, and Premier Bracken or G. S. Carlyle livestock commissioner of the province, may speak.

“QUEBEC DAY”  
TORONTO, Ont., Nov. 25.—The agricultural strength of the Province of Quebec was particularly demonstrated at the Royal Winter Fair on Saturday. It was officially “Quebec Day” and not only was prize winning livestock paraded in the arena, but in the actual judging of the day, Quebec exhibitors captured many major awards. Premier Taschereau was guest of honor of the day. And speaking to the thousands of people who crowded the arena at the evening horse show, he conveyed greetings from his Province. He was introduced to the gathering by D. O. Bull, President of the Royal, and, speaking before a microphone, his remarks were broadcast through a series of amplifiers to all parts of the arena. Premier Taschereau's presence was a true acquisition to the Royal Fair. It was not merely that the day was dedicated as “Quebec Day,” that made his presence significant. It was rather that the words which he let fall upon the crowded arena at the coliseum so nicely conveyed that old French culture in which wisdom is spiced with wit.

(Special to The Guardian)  
TORONTO, Ont., Nov. 25.—Of more than 40,000 theatres in the world, half are located in the United States and Canada.

## Employed In New Process

C. Lorne Campbell, Toronto engineer, at left, has become associated with William F. Hinton, at right, in a new process for extracting crude oil from Alberta's bituminous sands by a process developed by Mr. Hinton and W. C. Laughlin, New York mining engineers, which will produce a total of about 35,000,000,000 barrels of gas-oil.

## Undisturbed Here By Every New “Ism”

### Divorce Looked Upon In Prince Edward Island As An Admission Of Failure, Says Chief Justice Mathieson In Interview With American Writer. Governor Hertz And Other Citizens Expressed Similar Interesting Opinions.

In an interesting writeup on Prince Edward Island in the December issue of the American Magazine, Mr. William B. Dutton lays particular emphasis on absence of divorce proceedings in the Province, there being only one divorce granted in the Province from 1888 to 1927. Mr. Dutton, who pays warm tributes to the tourist attractions of the Island as well as its freedom from serious crime, unemployment, and poverty, seems particularly to have been impressed with our divorce record. During his visit here he interviewed Chief Justice Mathieson, Governor Hertz and

## Interesting History Of The Old K. Of C. Home

The property where the new C. N. R. Hotel is to be built, on the corner of Pownall and Kent Streets, has a very interesting history. The building occupying the site formerly, the Knights of Columbus Home, which is now demolished, was built by Sir Robert Hodgson, who was chief justice in 1853, and lieutenant-governor 1874-79. The fine residence was erected during Sir Robert's term as governor, and at the end of that time, he occupied the residence till the time of his death. The lot at that time included the property to the rear of the hotel site and extended back as far as Fitzroy Street. On the death of Governor Hodgson the property descended to his son R. R. Hodgson and his daughter, Mrs. Judge Hensley. At Mrs. Hensley's death the property came into possession of her three daughters, Mrs. H. W. Longworth, Mrs. George McLeod and Mrs. Rose. In 1914 the property was sold to the Roman Catholic Episcopal Corporation and held by that body till 1923 for the Knights of Columbus. At that time the K. of C. were empowered to hold land to the value of \$20,000, as compared with the \$5,000 limit previously allowed. The Roman Catholic Episcopal Corporation again took over the property last spring with the view of erecting a new school, however, the site was bought by the Canadian National Railways for the purpose of building a hotel in Charlottetown for that company.

## Island Foxes Carried Off Honors At The Fair

TORONTO, Ont., Nov. 25.—Foxes from P. E. I. carried off honors at the Royal Winter Fair on Saturday night. The fox show attracted great interest thousands viewing the animals valued at more than \$20,000. R. B. Humphrey, of Kensington, P. E. I. who was a prominent exhibitor took first prize for male foxes whelped previous to 1928 and for females whelped before 1928. Mr. Humphrey achieved another success with a female whelped in 1928.

## Crashed 150 Foxes, 500 Mink Shipped

(Canadian Press)  
WASHINGTON, Nov. 25.—Lieut. George T. Cuddy, one of the Navy's best known flyers, was killed today in testing the new British all-metal aeroplane recently purchased by the Navy.

## Fell Twenty Feet Badly Injured

Mr. Herbert Millman of Burlington, met with a very serious accident on Sunday afternoon. He had gone out to the barn to feed the stock and whilst putting down the hay from the loft for the horses, in some unaccountable way missed his footing and fell headlong to the concrete floor twenty feet below. He laid there unconscious for some time before any one found him. A doctor was immediately sent for as it was seen that his injuries were serious and after they had been attended to he was brought to the Prince County Hospital, arriving there at about 10 p. m. Examination revealed that he had suffered a broken jaw, a broken rib, a dislocated wrist and injuries to his right hand, besides numerous cuts and bruises. Despite the serious nature of his injuries he is now reported to be resting as comfortably as can be expected.—S.

## Governor General Much Impressed With Winter Fair

### Suggests Reason

HON. J. A. MATHIESON  
Chief Justice of the Supreme Court of Prince Edward Island, whose answer to an interviewer on why he has no divorces in this Province is reprinted in today's Guardian from The American Magazine.

## Highest Award In Scout Movement

(Special to The Guardian)  
TORONTO, Ont., Nov. 25.—The highest award in the boy scout movement, the Order of the Silver Wolf, will be conferred on Frank Arnold, K. C., this morning. Viscount Willingdon, as Chief Scout for Canada, will make the presentation in his private car at the Union Station in the presence of a few of the officials who have been closely identified with Mr. Arnold in his boy scout activities for many years. Mr. Arnold has been an active member of the boy scout council of Ontario for more than 15 years, and during the last nine years of this period has been the chairman of the provincial board of honor, a body whose special work is the examination of all applications made on behalf of scouts and scout leaders for awards for life saving and other meritorious acts. During his term of office Mr. Arnold has handled nearly 250 such cases.

## ALL SAFE ON FLAT ISLAND

(By M. McIntyre Hood, Canadian Correspondent)  
ST. JOHN'S, Nfld., Nov. 25.—Fishermen who visited Flat Island, off the coast of Newfoundland in Placentia Bay, reported no damage had been caused there, by the tidal wave that smashed Burin Peninsula, although the water rose to a considerable height. Anxiety had been felt for the residents of the low-lying island, unheard from since Monday.

## Alexander's Tomb New Carter Goal

LONDON, Nov. 25.—The Express today in a dispatch from Cairo says that Howard Carter, British archaeologist, has set a new goal for himself. When he has finally cleared the tomb of Tut-Ankh-Amen, which thus far has been his most widely-known discovery, it is said that he will seek the tomb of Alexander the Great, whom some writers have said was buried in a gold coffin at Alexandria.

## Ontario Launches Drive Against Drunk Drivers

TORONTO, Nov. 25.—Wholesale cancellation of liquor permits and driving permits may follow within the next few days as a result of an alliance which has been formed by the Provincial Department of Highways and the Liquor Control Board for the purpose of barring drunken drivers and too-frequent liquor buyers from both the liquor stores and the highways. Announcement of this entente against the dangerous drinker was made over the week-end by Hon. George S. Henry, Minister of Highways, it came as an implementing of the election pledges of Premier Ferguson, reiterated last week by both the Prime Minister and Mr. Henry, that the government was launching a new and more vigorous offensive against the drunken driver menace.

York, docking at Pier 21 and sails for Oslo and Bergen. The steamer is also taking about one hundred passengers and mail. Most of the foxes and mink are from Prince Edward Island, with some from ranches in other sections of the Maritimes. Several of the owners of the animals will accompany them on the steamer, while others of the animals will be in care of officers of the ship, who have full instructions as to feeding and looking after the welfare of the animals.

Special to the Guardian)  
TORONTO, Ont., Nov. 25.—His Excellency Viscount Willingdon, Governor General, visited the Royal Winter Fair today and for two informal hours meandered at will amongst the cattle and sheep and the pigs and the goldfish at the end of which he pronounced it “an excellent show,” escorted by D. O. Bull, President of the Fair, and W. A. Dryden, original President, and Alf Rogers, Honorary President, the Vice Regal Party made a thorough inspection of all departments, Lord Willingdon chatting informally with many of the attendants. “Wonderful,” was how he described the Fair to President Bull, before his departure. When the Vice Regal eye fell on the flying calf, which came by air from Albany, N. Y., to show at the Fair, a Vice Regal voice said “jolly enterprising fellow,” and a Vice Regal hand stretched out to stroke the glossy back. “I can't imagine a better way of transporting a calf,” the Governor General said. “He's certainly looking good after his trip in the air.” When he learned that the grand champion steer, owned by Ernest Robson of Danfield, was less than a year old, Lord Willingdon was, using his own expression “staggered.” “It's a real Fair,” he said smiling. “You've got the real goods here. Your Guernseys are the finest I have ever seen. I've never seen a better line up; it's great.” “He certainly knows his cattle,” was the naive comment of an attendant, when the Vice Regal visitor had passed along. Dr. R. M. Jenkins, “Christines Beauty” particularly provoked the Governor General's admiration. Lord Willingdon was immensely pleased by the goldfish, and the many beautiful blooms in the flowers displayed long commanded his attention and compelled his admiration. “Beautiful,” he said, “very very beautiful.” For him there was no fixed “stunery.” He moved as the impulse suggested. He first saw the cattle, then the flowers. He spent ten delighted minutes with the fish and then decided to see the sheep. Here he met “Jock” Stephenson, a young fellow, who had met “busting wild bronchos” at the Calgary Stampede, a year ago. “Jock” is tending sheep now for the C. P. R. farm at Tilley, Alberta, and he was acting as valet to a blue blooded champion, when the Governor General spied him today. “We've met before, I think, Viscount Willingdon said.” “Yes Sir,” said Jock, “at the stampede.” Of course, said the Governor General, and “Jock” told the Vice Regal guest what he knew about the Suffolk and Hampshire sheep he was watching for the C. P. R. people. He told him how they stay out all winter in Alberta and didn't mind it a bit. “They stay out in fifty below weather,” ejaculated Lord Willingdon, incredulously. “Sure they do,” said Jock. “That's nothing they are real sheep.” The Governor General chatted smilingly and with a “hope we'll meet again,” passed on to see the foxes, and the cats, and the dogs, and the rabbits, and all other aristocrats of the Fair. Lady Willingdon did not accompany the Vice Regal party today, but she will attend the horse show tonight.
