...WEDDING BELLS—The marriage of Miss Bessie Jenkins to Mr. Thomas Parker, of New Glasgow, N. S., formerly of Georgetown, P. E. I., took place at the home of the bride's father, Georgetown, Monday at noon. Rev. David Jones, Rector of Holy Trinity Church, performed the ceremony. The rooms were tastefully decorated for the happy event with cut flowers. The bride looked lovely in a traveling suit of brown with hat to match. There were no attendants and only the immediate friends of the bride and groom were present. The many costly gifts show the popularity of the young couple. Immediately after the ceremony a dainty luncheon was served and the happy young couple left on the afternoon train for New Glasgow, where they will make their future home, followed by the best wishes of the large crowd which assembled at the station to see them off.—G.

## THAT TIRED FEELING

Relieved by Hood's Sarsaparilla, Which Renovates the Blood.

That tired feeling that comes to you in the spring, year after year, is a sign that your blood lacks vitality, just as pimples, boils and other eruptions are signs that it is impure; and it is also a sign that your system is in a low or run-down condition inviting disease. It is a warning, which it is wise to heed.

Ask your druggist for Hood's Sarsaparilla. This old standard tried and true blood medicine relieves that tired feeling. It cleanses the blood, gives new life, new courage, strength and cheerfulness. It makes the rich red blood that will make you feel, look, eat and sleep better.

Be sure to get Hood's, because it is the best. There is no other combination of roots, bark and herbs like it—no real substitute for it—no "just-as-good" medicine.

### THE MARKETS

ST. JOHN, May 25.—Chicago Market wheat No. 2 red 1.54 at 1.56 No 2 hard 1.54 at 1.56 1/2. Corn No 2 Yellow 75 1/2 at 76 1/2 others nominal. Oats No 3 white 53 1/2 standard 53 1/2 at 54 1/4. Rye No 2 1.18. Barley 73 at 79. Timothy 5 at 6.25 Clover 850 at 1275 Pork 17.85 Lard 9.70 Ribs 9.87 at 10.37.

CHICAGO, May 19.—Heavy rains in the West caused another decline of two cents on wheat today. Corn shows a loss of 1/2c. and oats 1/4c. Liverpool quotations were lower today and the uncertainty as to the character of the German answer to the United States kept the market dull.

WINNIPEG, May 19.—The demand for wheat today was good and sales for export were large, the price continued steady. Oats however closed a 1/4c. lower.

TORONTO, May 19.—Local business is extremely dull today, but prices remained steady.

MONTREAL, May 19.—There is very little doing in the grain market today. It is a little weaker all round except in oats where the tone of the market is steady with little doing.

The baled hay market continues firm.

Hogs: The market continues firm at the advanced prices of yesterday.

Eggs:—The receipts today were 1,671 cases as compared with 3,167 for the corresponding date a year ago. The tone of the market is firm with wholesale prices to the trade 22c. per dozen, stamped selected stock 24c. and No. 2 eggs 20c.

### BRITISH SPIRITS AND IDEALS

(Continued from page two)

sworn is to be made hateful as never before, and selfish covetousness and the fighting beast in our nature are to be arraigned afresh before the judgment seat of Christ, to show, if they can, why they should not give place at once to the Spirit of the Judge himself, who leads forth His hosts and makes war in righteousness with the sword which proceeds out of His mouth. And it is certainly evident today that the reason and conscience of the nations are taking their places beside the Judge on His throne, each of them clothed with an aspect which promises much for the future.

Thus ended our interview and your correspondent deems it of sufficient interest and value to place the same before the readers of the Guardian, not only as an act of justice to the reverend gentleman himself, but as a deliverance that will meet with the hearty approval of all thinking British men.

CHARLOTTETOWN, May 21st, 1915.

### SOURIS BOARD OF TRADE

The annual meeting of the Souris Board of Trade was held on the 21st inst., in the Bank Building.—President, R. C. McLean in the chair.

The following officers were elected for the ensuing year viz:

President—R. C. McLean, re-elected.

Vice President—J. D. Burpee.

Secy.—Treasurer, Archd. Currie, re-elected.

COUNCIL.

Hon John McLean, J.J. Hughes, M.P. A. L. Fraser, ex M.P. J. A. White, C. E. Ellsworth, Dr. A.A. McDonald.

BRANCH OF ARBITRATION.

C. H. S. Sterns, H. D. McEwen, A. F. McQuaid, E. D. Fraser, W. B. Leard, Donald F. Keays, M. A. Paquet, Augustus McDonald.

On motion of A. L. Fraser seconded by C. H. S. Sterns, Secretary, was requested to ask the agent of Marine and fisheries to place a gas or bell buoy at a suitable distance outside of Souris breakwater for the guidance of ships into port during foggy weather and dark nights.

In view of the European war it is expected that a large number of summer tourists who formerly went to Europe will this summer visit Canada, and that P. E. Island will probably receive its share, it was moved by C. H. S. Sterns, seconded by J. D. Burpee, that a resolution be forwarded to Premier Matheson asking that for this summer automobiles be permitted to run between Souris and Charlottetown on week days every day of the week, or at least on special days, to induce more tourists to visit our shores.

It was also considered that this would serve to demonstrate as a test to ascertain if Autos were really a thing so much to be dreaded as their opponents contended, or such a benefit as their advocates would show them to be.

Secretary was also instructed to get a copy of the agreement between the owners of the S. S. Lady Sybil plying between Pictou and Magdalen Islands via Souris to ascertain the freight rates, as it appears by present rates charged between Pictou and Souris that the steamer can apply optimal rates, whereas from Pictou to Magdalen Islands there is a fixed tariff.

There was a strong expression of opinion that all business men and others who take an interest in public matters in eastern Kings should become members of the Souris Board of Trade, and attended its meetings. Meeting was adjourned to meet again when replies had been received to the foregoing enquiries.

## NEW INDUSTRY

The outbreak of the War and the consequent shortage of goods which were formerly imported from Europe in ever-increasing quantities, has given rise to a condition which necessitated the production in Canada of many lines of merchandise for which Canadians had always been content to look to other countries.

One of the first, and most successful, of the new Canadian industries which have sprung up since the war started is the St. Catherine's Silk Mills, Limited. The men behind this new enterprise which has grown in six months, from an idea, into a well entrenched institution, with distribution from Coast to Coast, are thoroughly conversant with every detail of the silk business. One is an expert glove maker with 20 years' experience. Another is an executive of broad experience and marked ability. Another is a financier with a wide knowledge of silk weaving and production. And a fourth is a Manufacturers' Agent with an established business of his own, and a valuable connection with the dry goods trade from Halifax to Vancouver.

These four men have successfully launched a new Canadian industry which bids fair to become an important factor in the commercial and industrial development of the country.

Every process from the weaving of the silk to the cutting and finishing, is now in operation in the St. Catherine's Silk Mills.

The raw silk imported from Japan, and every machine in use in these mills is the most modern of its kind in the world.

The production of the St. Catherine's Silk Mills are—"Queen Quality" Silk gloves in long and short Tricot and Milanese weaves. "Queen Quality" Italian Silk Lingerie, including Undershirts, Knickers, Tango Bloomers, Camisoles, Nightgowns, Combinations, Union Suits, Undervests, Kimonos, Boudoir Caps, Opera Caps, and Motor Bonnets.

These goods are now sold by more than 250 leading stores in the principal towns and cities of Canada, and the list of dealers is rapidly increasing.
