

THE CENTRAL GUARDIAN

IT PAYS to buy in the Province.

THE EXPRESS.—The express from the west did not arrive in Charlottetown last night until 1 a. m. The delay was due to the late arrival of the Express, in turn due to the L. C. R. train connecting with the boat at Point du Chene being three hours behind time. The cause of this, it is learned, was the burning of a C. P. R. bridge.

SYMBOL OF PEACE.—Even although the lion and the lamb have not yet consented to lie down together, it is encouraging to note that symptoms of universal peace are not wanting. Yesterday a farmer driving a magnificent span of horses tied them to the wheel of an automobile standing in front of a store, while he went in to do some shopping. His shopping concluded, he found the erstwhile enemies calmly surveying each other without a sign of fear or distrust. It may be that, in view of the larger conflict in Europe, the little differences on this side, including that between the horse and the auto, may be forgotten.

How To Get Rid of Dyspepsia

Don't Rely on Medicine; Don't Go On Freak Diet; Common Sense and an Antacid Usually All That Are Needed.

"If you have dyspepsia, indigestion, sour stomach, belching, distress after eating, heartburn or any other stomach trouble due to hyperacidity (the usual cause of stomach troubles), you should take no medicine to act upon the stomach itself. That is positively not the way to cure the trouble. Again, you should not half starve yourself by going without the nutritious food that you need to rebuild waste tissues. Some foods are not good for people even when in perfect health—very rich, sweet, highly seasoned dishes. Avoid these, but eat fairly substantial meals of plain foods. Eat slowly. Even if you drink nothing but water, you should not drink with meals. Drink before and after eating. Do not take pepsin or other artificial digestants. If you follow the foregoing simple instructions it is probable that you will not need any medicine at all except, if you want to call it medicine, a little antacid after meals. The best antacid is ordinary bisurated magnesia, which can be purchased at any drugstore. This is not to act upon the stomach but upon the contents of the stomach. The antacid, as you can learn by consulting your dictionary, or encyclopedia, is merely to neutralize or counteract the excess acid so the stomach can digest the food normally. Take a teaspoonful of bisurated magnesia in a little cold or hot water after each meal. You should get immediate relief, even if your case is severe. Careful, moderate eating and the use of bisurated magnesia should put your stomach in normal condition in a short time; if you have not allowed dyspepsia to advance to the extreme stage of developing stomach ulcers.

MASONIC FUNERAL.—The members of St John and Victoria Lodges, A.F. and A.M., are requested to meet at the Lodgeroom, Masonic Temple, at 1.30 p.m. to-day to attend the funeral of late Brother R. R. Hodgson.

INTERCESSORY SERVICE.—The first of the nightly meetings of intercessory prayer on behalf of our soldiers was held in the Y.M.C.A. last night, with a small attendance. It was a very helpful meeting, and it is hoped that there will be a larger attendance to-night.

WOMEN'S INSTITUTE MEETING.—There will be a meeting of the residents of Murray River on the evening of the 13th October at 7.30 in the Murray River Hall, for the purpose of having the work of the Women's Institute explained and to organize an institute in that district. Miss Hazel Dunbrack and assistant, Miss Hazel L. Sterns, will address the meeting. Ladies and gentlemen are cordially invited.

TRADE DEPRESSION IN SYDNEY.—A recent visitor to Sydney, N. S., in conversation with a Guardian representative yesterday, declared that Sydney is at present a very dull city, owing to the industrial depression which is hanging over the steel and coal works. These immense manufacturing plants are the means of distributing thousands of dollars in their weekly pay-rolls. They are now practically closed, and the workers are husbanding the little resources that they have in order to tide them over this difficult period.

THE PEOPLE'S.—Chapter X. of "Our Mutual Girl," in which several baseball heroes figure as well as illustrations of New York's prevailing dance craze, the Maxixe, delighted large houses at the People's Theatre last night. Other features of the splendid programme were "The Shattered Tree," a splendidly presented drama, "The Rose of San Ivan," a thrilling drama of early California life; and "Hubby's Surprise" and "It Came by Freight," two side-splitting comedies.

EXAMINATION.—The standing of Uigg pupils for the month of September is as follows:—Grade VII.—1, John Ross; 2, Neil Vickerson; 3, Evelyn McLeod. Grade VII.—1, Ada Campbell; 2, Mary McLeod; 3, John McLeod. Grade VI.—1, Louisa Murchison; 2, Louise McKinnon; 3, Leavitt McLeod. Grade V.—1, Minnie White; 2, Edie Campbell; 3, Bertram Betts. Primary Department, Grade IV.—1, Emmerson Huggan; 2, Mary McPherson; 3, Leslie Huggan. Grade III.—1, Russell McLeod; 2, Peter Murchison; 3, Fenton Dawson. Grade II.—1, Margaret Martin; 2, Christina McLeod and Jean White; 3, Chester McPherson. Grade I., (senior)—1, Florence McLeod; 2, Malcolm McLeod. Grade I., (junior)—1, Gordon McLeod; 2, Kathleen McLeod; 3, Blair McLeod.

CONCERT AT POWNAL.—A concert, consisting of vaudeville, songs, moving pictures, etc., will be given in Pownal Hall by Dr P. L. Hermans and party on Saturday evening, Oct. 10. The receipts will be given to the Red Cross Fund. The advt. appears elsewhere in this issue.

THE EARL GREY.—By the Northumberland last night there came back to Charlottetown those members of the crew of the D.G.S. Earl Grey who live here. The Earl Grey, as is known, is lying at Halifax, and her usual crew have been paid off, the Admiralty taking over the vessel for war purposes and putting a naval crew aboard. Captain Murchison, the Earl Grey's commander in the "piping times of peace," is expected to arrive here to-night.

A PLEASANT EVENING.—The first lecture-lesson at the Baptist Young People's Union last night was very successful. Miss Blanche Boyver sang a solo with much acceptance. Rev. Z. L. Fash conducted the lesson on "The World Before the Bible." He showed that the Bible was the best known book in the world to-day and yet there was a time when the world was without the Bible. Before the Bible there were isolated and infrequent revelations, but they were not equal to those of the Bible. Men had religious impressions before the Bible, but these tended to traditions and legends and became much corrupted. Men had visions and spiritual apprehensions, but because they had no standard for guidance they were unsatisfactory and incomplete. There is a law of nature in the heart which reveals God. This we call conscience, but that needs a standard. There was a revelation in nature before the Bible, as there is to-day. The North American Indians had that, but they were cruel and bloodthirsty. Nature is harsh and forbidding and unkind in her laws. There was a revelation of God in other books before the Bible. They taught something about God, but they were obscure. They lacked coherence, intelligence and redeeming power. The Bible was needed. Imagine for a moment what the world would be without the Book of Books. We owe everything in the land to our Bible. Mr Ross Bethune read an interesting paper on "The Worth of the Bible." He said it had a place as no other had in joy and in sorrow. He quoted apt passages of Scripture to prove his points. He showed that the Bible teaches us that the load is not ours to bear alone in temptation. This book shows us the value of the future and the way to prepare for it. The greatest value, however, of the book attaches to the revelation which it gives of Jesus Christ. The Bible ennoble the home. It has enriched art and literature. It has made known the brotherhood of man as no other book has done. It reveals the righteousness which alone exalthe a nation. Mr A. F. Webster gave an interesting paper on "Bible Lands." He asked the audience to think of the value of thinking. Did you ever try to stop thinking? Think big thoughts. The biggest thoughts are in the Bible. Here we learn about sin and forgiveness. These are big

PERSONALS

Mrs (Rev.) William Dobson, Halifax, is visiting in the city, the guest of Mrs S. W. O'Grady.

Hon. Charles Dalton was a passenger to the city by the late train last night.

Miss Susie McLeod and Miss Grace McKay who have been spending their vacation at Orwell Cove, returned to Boston on Saturday.

The Misses Lena and Irene Horne and Mrs G. E. Henderson were passengers to the city from Summerside on Saturday night.

Rev. Dr. Fullerton and Mr. T. C. James, Charlottetown, left yesterday to attend the Presbyterian Synod in Halifax.

Miss Katie Currie, Amherst, N. S., arrived in Charlottetown last night for a visit to her aunt, Mrs. Charles Patterson, King Square.

Among the passengers from the mainland arriving by the late train last night were Mr. and Mrs. Ivan Reddin, returning from their wedding tour.

Mr M. C. Delaney, chief whip of the Provincial Conservative party, was in town yesterday in connection with the business of the North Tryon Silver Black Fox Co., Ltd., and reports that the Company has had good luck this season.

Miss Jessie McLaughlin, daughter of Mr Angus McLaughlin, of West River, who was operated upon in the Victoria General Hospital by Dr N. E. McKay, of Halifax, three weeks ago, is steadily improving in health. The operation was a very formidable one, and her condition at first was very grave, but under the skilful attendance of the doctor, she is gradually regaining her strength and is now well on the way to convalescence.

words full of meaning. Think of the lands of the Bible, and then think of what the Bible has done for the lands where it has been accepted. It is the Bible that gives us our liberty. We are here to-night because the Bible has made it possible. What would our Empire be without the Bible? We would be without God and without hope in the world. We would not know about Jesus Christ. Queen Victoria said England owed her greatness to the Bible. The Empire is now fighting to maintain the liberty of the Bible. Think of the lands where the Bible is not known and compare them with our own condition. They have no bright promise for the future. They have no hope beyond the grave. The evening was very profitably spent, and there was a good attendance. These pleasant Monday evenings are popular at the Baptist Church, and they are open to the public. Next meeting the subject of the lecture-lesson will be "The Need of the Bible." Miss Edith Sterns and Mr George L. Simons will give papers.

RIFLE SHOOTING

Ten of the members of the Civilian Rifle Club, Charlottetown, went to York yesterday afternoon and faced the celebrated York Rifle Association in "mortal" combat on their rifle range. The day was ideal, with perhaps too strong a wind for very high scores. The best of good fellowship prevailed throughout the entire match, which resulted in a very close finish, the Civilian sharpshooters winning out by five points. Mr. J. M. Crockett, of the York team, won highest individual honors, piling up 96 points in a tricky wind. Col. D. Stewart had the misfortune to have something go wrong with his elevation at the 500 yds. range, which accounts for the lowness of his score at that range. However at 200 yds. this veteran shot made up for the oversight by making 33 points out of a possible 35.

The following are the scores in full at the different ranges:—

CIVILIAN RIFLE CLUB.

	Yds	Yds	Yds	Ttl.
	200	500	600	Pts
G. R. Beer	32	32	30	94
Capt. W. S. Louson	30	31	31	92
E. Auld	32	30	29	91
Capt. E. McNutt	30	29	31	90
J. O'Brien	34	27	28	89
E. C. Love	30	28	28	86
Lt. W. K. Rogers	32	30	24	86
G. M. Moore	30	32	24	86
J. MacInnis	29	25	24	78
Col. D. Stewart	33	7	23	63
				855

YORK TEAM.

	Yds	Yds	Yds	Ttl.
	200	500	600	Pts
Geo. H. Jones	31	31	28	90
Dr. McDonald	29	33	27	89
Hammond Harper	30	31	26	87
J. M. Crockett	31	33	32	96
Col. Crockett	30	31	27	88
B. R. Brown	31	28	27	86
Wylie Gibson	29	30	24	83
Achie Mellet	31	27	26	84
Ebenezer Brown	29	21	28	78
Peter Brodie	26	23	20	69

other places have been invited, and several military teams are expected to enter the contest. The match will be at 200, 500 and 600 yards, commencing sharp 1 p. m.

SHOTS FIRED IN A BATTLE.

The question is often asked how many shots are fired in an ordinary battle, and although it would be impossible to make a guess in regards the small arms, the Scientific American, in its special war number of Sept. 5th, gives the following figures relating to the artillery:—

The number of rounds that will be fired in an ordinary battle can only be imagined. We have data from the Russo-Japanese war showing that at Liaopan one battery fired 2,600 rounds in one day, while another fired 3,304 rounds, making for each gun about 413 rounds in one day. This was not an uncommon occurrence and it shows the expense involved in carrying on a modern war. The most common projectile of the three-inch calibre is the shrapnel, which is in itself a gun, arranged by time fuses so that at the desired height it is made to burst, shooting forward out of a shell 250 lead balls, each effective to kill a man.

DR. A. W. CHASE'S 25c. CATARRH POWDER

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. a box; blower free. Accept no substitutes. All dealers or Edmanston, Bates & Co., Limited, Toronto.

The Latest News of the Fox Industry

Shows that the Cross or Patch Fox is becoming highly popular with investors. Companies formed last year with this class of foxes are paying very large dividends. There is always a good percentage of black foxes in a number of litters.

Blacks from Crosses are well furred, healthy and extremely beautiful. They will be marketable on a pelt basis at a high figure. The Cross fox industry is therefore a safe, sane and sound one, the low capitalization allowing the investor a chance to become interested on the ground floor—to start where the pioneer started and at practically the same cost. We offer at present.

15 pairs Cross foxes, 1914 increase. They are large, handsome, healthy, sound, strong and well furred with excellent Black and Silver markings, they were bought right and will be sold right. If you have a little idle money why not get into the fox industry yourself. Be a rancher. Own a pair of foxes and secure all the dividend for yourself. Think it over but don't take long, as the kind of foxes we have to sell will move quickly.
