

GROWING OLD WHILE YET YOUNG

What a number of women there are who feel that these words exactly suit their case.

There are thousands of females all over our land, broken down in health and dragging out a miserable existence, overburdened with disease peculiar to their sex, apparently growing old while yet young.

MILBURN'S HEART AND NERVE PILLS

Mrs. W. J. Russell, Vasey, Ont., writes: "At one time I suffered greatly from my heart and nervous system, and the shortness of breath was so bad I could scarcely do my housework."

The price of Milburn's Heart and Nerve Pills is 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

STOMACH TROUBLES

To wrong action of the stomach and impaired digestion a host of diseases owe their origin.

When the food is imperfectly digested the fullness is not derived from it by the body, and then stomach troubles start to appear.

BURDOCK BLOOD BITTERS

Miss Lizzie Furlotte, Jacques River, N.B., writes: "I was very much troubled with my stomach and did not know what to do. I consulted several doctors, got medicine from them, but all to no purpose."

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 103,000. The Guardian's daily circulation is therefore as 1 to 14 of population in the city in which it is published, or 1 to 13 of the population of the Province.

St. John has a population of 40,000 and the Province of New Brunswick 320,000. The Telegraph and The Sun are perhaps the foremost.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals.

The point is this, that The Guardian covers the field of its circulation three or four times as well, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite journal is endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and P.
