WHERE CITY TAXES GOT IN ARREARS.

We near from time to time of the rapid growth and booming prosperity of Winnipeg, the metropolis of the Canadian prairie. It therefore jars upon one's sense of the fitness of things to read in the Winnipeg Free Press that since 1904 from one fifth to one fourth of the taxes assessed upon the citizens there have had to be collected by legal process.

The Free Press explains: "That so large an amount of taxes remains unpaid is not due to an accumula-

SAINT JOHN IS BUILDING MONUMENTS.

Saint John City is shortly to be written within a few months adorned with two new monuments, past to recall the memory and noble qualities of Champlain. Sir Leonard Tilley was unlike the French Discoverer in being a native of New Brunswick of which he came to be regarded as a favorite son.

The subjects are well chosen, and both are worthy of lasting memorials. There has been much said and

A REAL PATRIOT; REARS MONUMENT TO ADAM

GARDENVILLE, Md., July 10.

When Jas. P. Brady, a millionaire Baltimore contractor, completed his summer home here, he began to think of decorating the grounds.

"Get some statues," his friends suggested.

"Yes, it's statues I want," Brady agreed, but what kind?

"Stone reindeers, and a cast iron dog or two," suggested another.

Brady choked. Friends fled.

"I have it," chuckled Brady a moment after. He called up his friend, the monument maker.

A week or so after there was set up in the Brady front yard an ob-

long chunk of stone, perfectly plain on all sides but one. On that side was a tablet with this inscription:

"To the memory of Adam, the first man." And there was a little sun dial on top.

"It's a monument to Adam," Brady explained.

"And why not?" he demanded, belligerently, isn't it about time that somebody recognized his services to man'nd?"

—A correspondent writes: A luterfly was found by Miss Eva Cameron, Margate, which when measured was six inches from tip to tip of the wings.

A SAD MISHAP.

One evening recently a party of youthful enthusiasts went boating.

Their reasons for doing so need not be stated it is better for the reader to form an opinion of the matter of his own.

However they went and drifted about the bosom of the deep till hearing the sounds of music wafted across the water, they drew nearer the shore, ceased rowing, listened to the band for nearly an hour and then with deep regret commenced to start for home.

That time and tide wait for no man is a true and faithful saying and for want of water, the boat had stuck.

They pushed and shoved in every way possible with the oars but their energy was not wasted.

Then one of the men, a generous soul, calmly directed himself of his shoes and stockings, rolled up his trousers, and stepped boldly into the water.

Grasping the stern end of the obstinate craft he pulled and pulled and pulled till of a sudden his wishes were granted with a vengeance for the boat shot forward and he shot heels over head beneath it.

Fortunately there is no need to report a drowning accident for in due course of time the lost one was

WONDERS OF THE HUMAN BODY

Why Many People Never Need a Doctor.

You have a natural laxative in your body. Why, then, should you use a false purgative to move the bowels? Bile is nature's laxative. It is bile—and bile alone—which moves the bowels as they should be moved.

Constipation is a disease, OF THE BOWELS, but CAUSED BY THE LIVER. When the bowels do not move regularly and naturally, it is because the liver is not giving up enough bile.

Calomel, cascara, salts, senna, common pills and sweet loosengers and all the other purgatives do not act on the liver at all. They merely irritate and inflame the bowels.

"Fruit-a-lives" cure Constipation because they act on the liver. The fruit principles stimulate the liver to secrete and give up enough bile to move the bowels, while the tonics and antiseptics tone up and invigorate the muscles.
