### Cartoon Posters.

The Plebiscite Executive has prepared two very effective cartoon posters for use in the campaign. One is headed "Have you a boy," and represents the license voter feeding boys to the saloon alligator. The other deals with the revenue question and shows how the forty million dollars spent in liquor is divided and what the people get in return. They are certain to make votes for prohibition. The executive are issuing them at less than twenty-five cents per hundred. The size of the posters are 18x12. Orders should be sent to the secretary, Mr. Carson, 214 St. James street, Montreal

### EDITOR'S MAIL.

#### A Good Suggestion.

Sir,—I do hope that provision is being made by the managers of the Plebiscite campaign to spread posters all over this province a few days before the 29th, say on the Friday or Saturday previous. Sunday, the 25th, should be a special day in every church. All should gather to celebrate the day, marshal the children and show to the world that an event of great magnitude is about to take place. Let there be simultaneous action by our clergy, teachers and Christian people.

WORKER.

**Co Keep Cool**

is the aim of the business man and the pleasure-seeker these oppressively hot days. Iced water is effective for a moment, but the reaction is worse, and besides, it is dangerous to drink when heated. Here is the remedy. A teaspoonful of

**Abbey's Effervescent Salt**

taken in a tumbler of water, makes a most refreshing and agreeable beverage. Besides quenching the thirst and cooling the blood, it tones the system, and its use keeps one in a state of perfect health.

Recommended by physicians and medical journals, and sold by all druggists, at 60 cents a large bottle. Trial size 25 cents.

This is the picture of a man who is healthy, clear-headed, successful and impartial—Lord Herschell, the Ex-Lord Chancellor of England. You may be very sure his blood is pure. The man who suffers from impure blood isn't likely to achieve eminence in any walk of life. You cannot pump impure blood into the brain, and expect the brain to be active and keen. If you feed the brain with impure blood, you are sure to have weak, sluggish brain cells. If you pump bad blood into the lungs, you will have weak lungs. Pump bad blood into the liver, and the result is torpidity of the liver. Feed the heart on impure blood, and the consequence is a weak heart. Wash the skin with impure blood, and the result is all manner of unsightly skin diseases. The best of all known blood purifiers is Dr. Pierce's Golden Medical Discovery. It makes the appetite hearty, the digestion perfect, the liver active and fills the arteries with the rich, red blood of health. It is the great blood-maker and flesh-builder. It cures all forms of eruptive skin diseases. It cures 90 per cent of all cases of consumption. It cures bronchitis, weak lungs, nervousness, nervous dyspepsia, rheumatism, blood, obstinate coughs and other ailments. It gives vigor and strength to the muscles and activity to the brain. Thousands have testified to the benefits derived from the use of this wonderful medicine. All medicine stores sell it.

Mr. E. B. Howell, of Derby, Perry Co., Ind., writes: "In the year of 1894, I was taken with a cold in my stomach and a weight which seemed like a rock. Everything that I ate gave me great pain. I had a bearing down across my stomach, and in a short time I was treated by three of our best doctors, but got no relief. I was so weak I could not walk across the room without assistance. I took Dr. Pierce's Golden Medical Discovery and one bottle of the 'Pleasant Pellets' improved very fast after the use of a few bottles. It cured me and thank God my cure is permanent."
