This pair is of the Tuplin-Dalton strain, and are large, healthy animals. The remainder of the foxes will be delivered as soon as all the pens are ready. After deducting expenses, the foxes are only costing \$15,000 per pair, ranching at cost and the stock is being rapidly taken up.

CHEAP OR DEAR? WHICH?
A NOTE FOR FOX INVESTORS.
Some cheap things are dear. For instance, the payment of 10 or 15 per cent to inexperienced ranchmen who bring few foxes to maturity, or a cash payment to one who rears none.
Mr. John R. Dinnis, who stands without a peer today on P. E. I. as a ranchman, and whose ranch pays taxes on more foxes than any other single fur farm, is ranchman for the John R. Dinnis Pedigreed Foxes at his most moderate rate of 25 per cent in spite of the fact that his average production of young foxes is almost 100 per cent greater than the average of all the Island ranches.
Mr. Dinnis, under his contract, takes all risks and if profits are not produced he pays all expenses. So that some dear things are cheap.
Stock can be purchased only from Mr. Dinnis, Mr. Jones or Mr. Cameron at office at 15 Blenheim St. The Exchanges do not sell it. 2054-10-13MmW31.

\$28,000,000 IS PRICE FOR THE PLANTS
TORONTO, Oct 13—Mayor Hocken submitted to the city council this afternoon all the papers in connection with the negotiations for the purchase by the city of Toronto Railway company and Toronto Electric Light company. No action was taken, and it is likely that the whole project will be discussed at a special meeting of the city council to be held later in the week. It is expected that an agreement will be reached in time for the question to be submitted to the ratepayers on January 1st. Besides the correspondence between himself and Sir William Mackenzie, the mayor submitted the reports of the expert valuers engaged by the city.
For the railway, these were B. J. Arnold, of Chicago, and John W. Moses, of Toronto; for the electric light plant, R. A. Ross, of Montreal. The price to be paid for the railway property is \$22,000,000, and for the electric light plant \$8,000,000.
This is how Mayor Hocken figured out the value of what Toronto would get in buying the Toronto railway for \$20,000,000, from the expert's report:
Net present value \$ 8,894,483
Intangible value (profits, etc.) 10,713,553
Increase in real estate 627,035
Net civic car line deficit 670,886
Total 22,242,404
Toronto railroads 336,447
Total 22,242,404
The estimate of the Toronto Electric Light company's assets made by R. A. Ross and others is summarized as follows:
Present value 5,339,617
Real estate 793,137
Total 6,132,754
This leaves the sum of \$1,867,246 to be paid for franchise and business if the city buys at \$8,000,000. The amount to be saved in economy of operation is estimated by civic officials at \$150,000, which would provide interest and sinking fund on \$2,300,000.

MILITANTS MAKE POLICE RELEASE LEADERS
LONDON, October 13—After a fierce struggle the police arrested Miss Sylvia Pankhurst at Bow Heaths, in the east end of London, tonight, where she was making a speech. But when they got her outside the building, with the intention of placing her in a tax-cab and rushing her to Holloway jail, the militants attacked the police so savagely that they let her go and she escaped.
Miss Pankhurst, who has an unfinished term of imprisonment to serve was not recognized until she threw aside the disguise which enabled her to elude the police and enter the building. She was warmly applauded as she stepped on the platform, but had been speaking only a few minutes when detectives, accompanied by a body of uniformed police with drawn truncheons, entered the hall and made a rush for the platform.
The audience rose to their feet and chairs began to fly through the air. Some of the people in the galleries even dropped benches on their heads. The police gained the platform, and for ten minutes a desperate battle waged, the officers using their clubs freely and those on the platform utilizing chairs as weapons.
The police succeeded in dragging Miss Pankhurst down to the floor of the house while reinforcements cleared the hall. Outside, the struggle was renewed with greater fury. Men and women were thrown down and tramped upon. Concentrating the attack on the policemen who had the militant leader in their grasp, the women, with the assistance of several men succeeded in tearing her from their grip, and she slipped away. Some of the women afterwards complained of having been thrown down and kicked by the police and many, after the fracas, were seen nursing bruises. Miss Zelle Emerson, of Jackson, Mich., whose imprisonment caused such a furor several months ago, was one of those injured. Mrs. Lee, who presided at the meeting and took a conspicuous part in the attack on the police, was arrested.
Miss Pankhurst later announced her intention to address a meeting at the Popular town hall tomorrow night.
In these words the militant suffragettes, at a meeting tonight summoned to take advantage of the wedding of Prince Arthur of Connaught and the Duchess of Fife, "for the good of the cause."

KING'S COLLEGE HAD A CLOSE CALL
WINDSOR, Oct. 13.—Smoke was seen issuing from one of the windows of King's College, between ten and eleven o'clock this morning. On investigation a blaze was discovered in the clothes closet of Room 5, in the upper story of the middle bay. The college fire apparatus was at once set in motion and an alarm was sent in. The firemen responded promptly but the students had the fire under control before the arrival of the brigade. However, the latter cut through the ceiling and inner roof to make sure that the fire was completely out. Ten or fifteen minutes more headway and old King's would have had small chance of being saved. The origin of the fire is a mystery.

ALWAYS CONSULT THE PHONE DIRECTORY.
It is surprising the large number of people in Charlottetown who, when they want to inquire about their Morning Daily Guardian or subscription, ask Central for the News phone No. 132-2, instead of 132-2, or when they want to inquire about advertising ask Central for the Subscription phone No. 132-2, or for the News Phone No. 133, instead of 132-3; or when they want the News or Editorial Department ask Central for the Subscription phone No. 132-2, or the Advertising phone No. 132-3, instead of 133, although all those departments and their respective phone numbers are plainly given in the telephone book. Some people, instead of looking at the book, even phone one want will greatly lessen the work of other department. All this is a great waste of time on the part of the person phoning, the operator at the Central, and the clerk in the department wrongly phoned. The news staff, on an upper floor, cannot give the necessary information about either advertising or subscriptions, nor the advertising staff about subscriptions or news, nor the subscription staff about advertising or news. In other words the clerks know and can do but their own work in their own departments, and if it were otherwise they would be continually running from one department to another, upstairs and down, mixing work, wearing themselves out and causing the greatest possible confusion. On and after 6 p. m. daily it is useless to ask for any phone numbers except 132 and 133.
Patrons who consult their phone books for the numbers they really want number to ask for to get the patient Central telephone and Guardian clerks and thus help make their lives much brighter and happier.

whether as a display advertisement, announcement, business local, classified, ad or otherwise. When for church or charitable purposes they seldom ever say so, or do not enclose sufficient money to pay for same, all of which will be returned by first mail in the event of the item not being chargeable, or if more money is sent than necessary to pay for the item the surplus will be returned at once, there being a greater discount for cash with order for advertising of churches etc than for regular business. In all such cases the Advertising department communicates with the sender as quickly as possible by mail or phone, often paying the messenger service to get them to the telephone if not too far distant, thus saving all possible time. People write this office to know if News, Letters to Editors, etc., are charged for, and to all such there is but one reply—all items, etc., of a money making nature, even though they be somewhat of a new nature, are chargeable. For instance, the advance notice or notices of a concert, lecture, pie social, picnic, etc., are chargeable if there is an admission fee, silver collection, sale of pies or sale of food or refreshments, etc. Advance notices of purely religious services, even though a silver collection is to be taken up, are not chargeable. The particulars of any of the above, after they have been held, are, however, news and thus not chargeable. The news of the past, present or future business, which is still being conducted, is chargeable, if it is apparent that the object is to make the business more widely known and thus increase it. Versus accompanying death notices are also chargeable. Even items which are actual news and not chargeable but once in either Morning Daily or Evening Daily or both are chargeable for more than one insertion, as they are thus not news.
The above facts are given for the purpose of assisting persons who have items, etc., to mail to this office.
