AN IDEAL TOUR

To the Pacific Coast and the Alaska-Yukon-Pacific Exposition.

Because of the fact that the Alaska-Yukon-Pacific Exposition is being held in Seattle, this year, crowds of people from the east will be attracted to the Pacific Coast. In fact many who have long wanted to visit the Coast will make an effort to do so this year because of the extra attractions which the west will have to offer and the low rates which have been established; because too, that many have learned by experience that the personally conducted tour is the ideal way to travel and get the most real enjoyment and value out of a trip many are naturally looking for such a tour. The same has been provided for by the Grand Trunk Railway System, and on July 16 a special train party will leave Montreal. The party will be made up of people from New England, northern New York and Canada and will be composed of teachers, business and professional men. The fact that the

service of this road which is early one of the finest equipped railroads in the country, with the only double track between Montreal and Chicago and one of the finest roadbeds in America, is at the disposal of the party, and that the party is to be personally conducted by E. C. Bowler of Bethel, Maine, who has long since established a reputation of making his tours truly ideal, is sufficient guarantee that those who take this tour will get the tour of a lifetime. No effort has been spared by the railroad or Mr. Bowler to this end, the route from start to finish is the best that can be had between ocean and ocean; every possible detail looking to the comfort and pleasure of the party have been considered, and a rate which seems almost impossible with the service has been made. The party will be limited to the capacity of the train, and any desiring to secure accommodations should apply at once for full information to

E. C. BOWLER, Bonaventure Station, Montreal, Quebec.

LAMP EXPLODING CAUSES DEATH.

TORONTO, May 26—Mrs. Frederick Ryan was burned to death at St. Catherine's. A lamp exploded setting fire to her clothing. When the clothing was removed about \$400 in bills was found. They had been scorched, but were perfectly good.

NO MORE FIRE LUMBER.

WASHINGTON, May 26—The Senate sounded the death knell of free lumber. Democrats in a large proportional percentage than Republicans went on record for duty. The Senate will fix a rate on rough lumber, not lower than \$1 per thousand, and possibly \$1.50 per thousand.

Grand Manan, N. B.

May 23rd, 1908. Mr. W. H. McLean, the popular physician of Grand Manan says "Empire Lincture cured Colic in a valuable mare of mine after other liniments had failed. The mare was off her feet and two hours after taking Empire Lincture she was up and eating and another bottle made a complete cure." I have seen nothing to equal it in my stable as a remedy for local sprains and colic. I have also found it an effective remedy for the horse.

You are at liberty to make whatever use you wish of this as the above statement is true in every detail.

Truly yours, W. N. McNEAL.
