

IMPORTANT READING MATTER SELECTED FROM THIS WEEK'S NEWS FOR THE GUARDIAN'S SATURDAY SUBSCRIBERS

Special to The Guardian. TORONTO, Sept. 6.—Submarine telephones were used for the first time in connection with the timing of the motor boat races on the lake this afternoon.

Special to The Guardian. CHATHAM, N. B., Sept. 6.—The exhibition here opens on Monday and entries exceed any previous record. Large additions have been built for live stock. Two days racing is assured.

Special to The Guardian. GILMORE, Neb., Sept. 6.—Thomas Her, driving a 1,000 gallons butter milk cart, upset in a depression in the road. He was caught underneath the milk which split and drowned him.

Special to The Guardian. LONDON, Sept. 6.—The General Synod of the Anglican Church opened today.

Among other resolutions the No Temperance will be introduced by the Dioceses of Toronto, Saskatchewan, Ontario, Algoma and Rupert's Land.

Special to The Guardian. LONDON, Sept. 6.—Mrs. Cecil Thurston, Irish authoress, was found dead this morning at a hotel in Cork. She was the daughter of Paul Madden, ex-Mayor of Cork. Her latest novel, Max, is very successful.

ROCKLAND, Me., Sept. 4.—Thru boiling seas and in a gale of wind, which had piled their vessel on Gunning Rock, at the entrance of Port Clyde harbor, the crew of four men, together with Mrs. John Keen, wife of the captain of the Ellsworth, Me., schooner David Faust, were hauled to safety by the crew of the Burnt Island life saving station in a frail chair by a life line.

Captain Keen and his men arrived here today, relating their narrow escape and the fact that their vessel will be a total loss. The schooner David Faust was bound from Boston for Stockton.

Running before the gale, the schooner was headed by Captain Keen for Port Clyde harbor on Burnt Island. It appeared as if she was to make her haven in safety and evade the storm, but just at the entrance to the harbor the schooner struck on Gunning rock and there was wrecked by the elements. The lifesavers could not launch a boat in the great seas which combed over the beach and distressed vessel alike and Mrs. Keen was sent through the gale-tossed waters in a frail chair, to which she was lashed. The chair was guided on its way by a life line.

Special to The Guardian. HALIFAX, Sept. 4.—A record crowd attended the races and exhibition today. Weather conditions were perfect.

fect. The race summary is as follows: THREE YEAR OLD TROT. Cochoato Lady 1 2 1 Achille The Great 3 1 2 Miss I. C. R. 2 dis. Time 2:23 1/2.

2.22 TROT AND PACE. Hilda S. 2 1 1 2 1 Nellie Oaks 5 3 2 1 2 Ruth Hatheway 1 2 3 3 4 Pauline R. 4 5 4 4 3 Freda Rosey were drawn after third heat.

Best time 2:20 1/2. FREE FOR ALL. Frank Patch 1 1 1 Vesta Boy 3 2 2 Leonard Wilton 2 5 3 Royl Knight 4 3 4 Spooney Boy 5 4 3 Best Time 2:13 1/2.

The provincial horses showed up in excellent style. Mr. Stewart, Southport, and Dan Steele, Summerside, are receiving hearty congratulations. Vesta Boy chased Frank Patch close and in the third heat drove him to the mark of 2:13 1/2.

HALIFAX, N. S., Sept. 2.—Perfect weather today and a record crowd attended exhibition and races in which the wise ones were all disappointed as in every race a dark horse won out.

In the 2.25 trot and pace, there were twelve starters, Ginger and May Daniels were picked as favorites. Although Ariel Wood started in the second tier he soon forced his way to the front and was never headed.

In the 2.15 trot and pace, Mary Cromwell was the favorite. Osewego Boy, owned by Victor Douse, won by a nose in every heat and lowered his mark to 2:15 1/2, this giving him the honor of being the fastest green pacer this year in New England States and the Maritime Provinces.

Osewego Boy won his race on Friday as well. The 2.20 trot was the greatest surprise to the thousands present. Briar Queen, four years old, owned by H. Ledyard, won the second heat in 2:18, breaking the Maritime record for the four-year-old trotters held by Brazilian for so many years.

Horsemen will remember last year at Charlottetown Dominion D. and Briar Queen struggled hard for first money but the son of Brazilian won out, being forced to break a maritime record.

In yesterday's race Briar Queen was made to trot five heats before the judges could decide the winner. Mamie P. was a troublesome competitor, having forced Walter H. to trot the first heat in 2:16 1/2 and was only beaten by a nose. Mamie went a good race as previous to this grilling contest she worked through lameness.

Saturday's programme proved the best ever witnessed on the Halifax speedway; out of the thirteen heats raced eleven were better than 2:20. The following is the summary:

2.25 TROT AND PACE. Ariel Wood, one, one, one. Nick R., two, two, four. Ginger, four, eight, two. Hilda S., three, three, three. Jahanto, eight, four, six. Robert L., six, five, eight. William, five, six, five. Jay Wilkes, eleven, seven, seven. Mary Daniel, twelve, nine, eleven.

Best Chelsea, ten, ten, distanced. Nellie Oaks, seven, twelve, distanced. Leonard M., nine, eleven, distanced. Best time 2:15. 2.20 TROT. Briar Queen, six, one, two, one, one. Walter H., one, two, one, two, two. Mamie P., two, four, five, four, four.

CHARLOTTETOWN, P. E. I., Sept. 1.—Prince Edward Island will only send four representatives to support reciprocity, because she had only four to elect. She would send ten if she had that many members. There has been no issue here within my recollection that even approached it in popularity. It means everything to our Island.

Such was the emphatic statement of Provincial Premier Palmer, in an interview with The Globe tonight. The Premier's declaration was corroborated by a significant incident. A deputation representing both political parties informally waited upon Hon Mr. Fielding at Georgetown, urging the Minister of Finance to make arrangements for the improvement of communication between the island and the mainland, in order that the islanders might secure the full advantage of the service to the New England States in exporting their fish, potatoes and farm products under the operation of the reciprocity agreement.

Special to The Guardian. NEW YORK, Sept. 4.—The plot came into play again yesterday as the deadly weapon of supposed buck-handers on the east side. The murder was attended by decidedly unusual circumstances.

The victim, Frank Busso, a Sicilian, was shot dead while lying on his face on a table under a small shed in a yard in the rear of a tenement. Two white handkerchiefs were lying on the body, one above and one below the wound and an electric arc light was directly overhead.

The police believe the man was plied with drink until he became drowsy and was placed on the table and white handkerchiefs laid on him to mark the spot where the assassins should aim from a nearby window.

CHESTERFIELD, Va., September 1.—Henry Clay Beattie, junior, indicted for the murder of his wife, sobbed like a child yesterday when his gray-haired father, in a low, tremulous voice, told of the domestic infidelity of his son and the slain woman, Louise Owen Beattie. The testimony of the father in behalf of his son came at the close of a long day's battle by the defense against the evidence heaped up by the prosecution. Today the accused himself will go on the stand and the defense will rest its case.

ACCUSED'S GRANDFATHER GIVES EVIDENCE. Battering constantly against the testimony of Paul Beattie, cousin of the prisoner, as to the purchase of the gun, his delivery of it to Henry and his subsequent conversations with the accused, the defense introduced several witnesses to cast doubt on the veracity of Paul.

It emphasized that point when it produced David D. Beattie, Paul's grandfather and the uncle of Henry, who testified that Paul's character was not good. The most surprising refutation of the day against Paul's testimony came when Ernest H. Nebitt said that on Sunday, July 16, he saw Paul Beattie on the bridge where he worked, handling a single-barrelled shot gun. Paul had maintained ever since the coroner's inquest that he disposed of the shot gun the same day he got it, Saturday, July 15, by giving it to Henry.

Henry C. Beattie, senior, father of the accused, was interrogated for an hour just before court adjourned for the day. The white-haired man, his face deeply wrinkled and pale, spoke in a voice scarcely above a whisper. The father spoke highly of his son's character and controverted the testimony of many witnesses for the prosecution that Henry showed no signs of grief after his wife's murder. He declared that he sobbed and moaned almost all night after the tragedy.

After a few minutes' testimony by Mary Jackson, a colored woman, to the effect that she saw a bearded man in the vicinity of the murder on the Sunday before it happened, which on cross-examination she was unable to maintain, especially as she could not fix the exact date, court adjourned until today.

Special to The Guardian. BOSTON, Sept. 4.—By the rescue of a young girl from white slavery, police believe they have solved the mystery of the disappearance of pretty eighteen year old Helen Berens, daughter of a well-to-do Washington family and uncovered a plan of entic-

ing girls from convents and boarding schools for immoral purposes. Grace Gow Browner, with many aliases, was arrested under the new interstate law against white slavery. It is alleged that while posing transient boarder at a convent she inveigled the girl into accompanying her and since that time she has been held in duress.

Special to The Guardian. LONDON, Sept. 4.—A detachment of the Canadian Artillery on Saturday defeated a company of the London Territorials for the Canadian challenge cup, scoring 137 to 132.

The Canadians also defeated the Territorials for the Londonderry cup, although no award was made, neither team scoring sufficient points.

AMHERST, Sept. 3.—The whole community was shocked this afternoon by the report that Mrs. Steele, wife of Rev. D. A. Steele, D. D., pastor emeritus of the First Baptist Church, had died suddenly this morning at Toronto where she had been visiting her daughter-in-law, Mrs. Walter Evans, formerly the wife of the late Sydney Steele. Mrs. Steele had been in the best of health since going to Toronto two weeks ago, and only returned Saturday from a

trip to Niagara. The deceased was a daughter of the late Spinney and Martha Whitman, of Canso, and was married there in 1865 to Rev. D. A. Steele, then filling his first pastorate with the Canso Baptist Church.

She was 72 years of age. During the years which Mrs. Steele resided in Amherst she had by her beautiful character endeared herself to the whole community and perhaps no pastor's wife was more beloved by his people, that was the late Mrs. Steele. She was a helpmate of Amherst Church during the many years of his ministry here, and the news of her death will bring sorrow to many

homes. Besides her husband she is survived by one daughter, Grace, wife of ex-Mayor A. G. Robb, of Amherst, and two sons, Walter of Washington, and Oughton of La Grande, Oregon.

Dr. Steele was present and participated in the morning services of the Baptist Church this morning, assisting the pastor, Rev. Mr. Stackhouse at the monthly communion, and it was just after this service that H. W. Rogers received the telegram from his sister, Mrs. Evans, announcing the death. Dr. Steele is almost prostrated by his sudden bereavement, and the sympathy of all will go out to him in this hour of trial.
