The members of the Jubilee Mission Band of Hamilton gave an entertainment in their hall on Monday evening, Oct. 13th. Albert Simpson filled the position of chairman in a very suitable manner. The program consisted of music, recitations and dialogues. Although the whole was well rendered special mention ought to be made of the recitation of little Florence Hill which was remarkably well done for one so small. Rev. Mr. Fraser gave a very interesting and encouraging address. The neat sum of \$13 was realized.

YESTERDAY afternoon the Kindergarten in St. Paul's Schoolroom presented an animated picture, decorated with bunting and flags, and almost filled with little ones and their parents who came to see the children enjoy themselves. The occasion was the first celebration of Thanks giving Day in the new Kindergarten, and judging by the animated and pleased expression on each of the three score little ones they thoroughly enjoyed themselves, going through the exercises very prettily. Tables in the adjoining rooms were set for a dainty repast and were decorated with the various fruits of the harvest in a tasteful and becoming manner. Among the large number of visitors present was Mrs. E. Chandler, (nee Miss Sayre), who was received with evident pleasure by the little ones. Misses Barrett and Dutcher merit great praise for the success of their first Thanksgiving celebration.

THERE passed peacefully away at the residence of her son-in-law, Wm. A. Newson of Kingston, on Oct. 6th, after a lingering illness which she bore with Christian patience, Sarah Jane Maxfield, widow of the late John Chandler, in the 83rd year of her age. Mrs. Chandler was born in Yorkshire, England, and came to this island with her father when she was eleven years old. She leaves one son, Henry M., of Charlottetown, and two daughters, Mary A., wife of J.C. Corney of Charlottetown, and Amelia, with whom she resided at the time of her death. Besides she leaves twenty-six grandchildren and ten great grandchildren, also one sister, widow of the late James Ramsay of Misouche. She passed within the veil trusting in the Saviour, with whose saving grace she became acquainted more than sixty years ago. In her last moments she had the blessed assurance of life beyond the grave, and the Christian's final victory in the resurrection morning. The funeral services, October 8th, were conducted by Rev. A.F. Browne, the text being "I know that my Redeemer Liveth," Job 13:25.

**A SUNDAY OBSERVANCE.**—We had the pleasure on Saturday last of meeting William Sterns, who for so many years of his long life, enjoyed, and still enjoys the confidence and esteem of so many in and around his old home at Merrill, P. E. I., or in fact wherever he is known. He was born in Truro on the 12th, of October 1819, moving away with his parents, we think, in May of the following year, and yesterday, Sunday, Oct. 12, 1902, was the first anniversary of his birth, although he has often of late years been here, that he has spent in his native town.—It is decidedly interesting to hear the old gentleman talk of old times, as he compares things as they were and are.—He has now passed his 83rd milestone and well remembers the scenes at the celebration of the Coronation of Victoria, when at the procession in which he took part, they carried the old perforated tin lanterns and birch bark torches. "But" said he at the celebration in honor of King Edward VII. some of which I was glad to witness at Dartmouth and Halifax; it was: "press the button and all is light."—Truro Sun.

**CATARRH OF THE STOMACH**

A Pleasant, Simple, but Safe and Effectual Cure for it.

Catarrh of the Stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gasses, causing pressure on the heart and large and difficult breathing, headaches, sickle appetite, nervousness and a general played out, languid feeling. There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be rapidly, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared. According to Dr. Harrison the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic, Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. R. S. Workman, Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge there from passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I can not find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use." Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, Catarrh of stomach, biliousness, sour stomach, heart burn and bloating after meals.
