Rookie Gives Bruins 2-1 Victory Over Americans; Canucks-Leafs Play Draw

NEW YORK, Nov. 18—(CP)—Rookie Porky Dumart whipped home a last-period goal tonight to give Boston Bruins a 2-1 win over New York Americans and keep them out in front of the pack on the American side of the National Hockey League.

The win left the Bruins undefeated. Minus their brilliant defenseman Eddie Shore, as well as forwards Ray Getlife and Charlie Sands, the Bruins were pre-game underdogs against the improved Amerks. But they came from behind with a goal in the last two minutes to break a tie and earn the decision.

The defeat, second in a row for the Amerks, dropped them to a second place tie in the International section with Montreal Canadiens who deadlocked Toronto Maple Leafs tonight.

Little Eddie Wiseman sent the Amerks off in front with a 35-foot shot late in the first period. With Jack Portland in the penalty box, flash Hollett knotted the count for Boston with an unassisted marker midway of the second session. The winning counter came from Dumart, who took a blue-line pass from Milt Schmidt with less than two minutes remaining.

Americans: Goal, Robertson; defence, Jerwa, Murray; forwards, Chapman, Carr, Schirmer. Subs; Day, Stewart, Anderson, Wiseman, Lamb, Shill, Emms, Smith, Klein.

Boston: Goal, Thompson; defence, Portland, Clapper; forwards, Cowley, Goldsworthy, Beattie. Subs Welland, Hollett, Dumart, Schmidt, Jackson, Bauer, Hamill, Hill.

Officials: Babe Dye and Bert McCaffrey.

SUMMARY

First Period
Americans, Wiseman (Emms, Anderson) 14:51
Penalty—Lamb.

Second Period
Boston, Hollett 10:48
Penalties—Portland, Jerwa.

Third Period
Boston, Dumart (Schmidt) 14:45
Penalties—Smith, Cowley, Emms, Dumart.

CONACHER INJURED

MONTREAL, Nov. 18—Harvey Beckson's last minute goal in the third period gave Toronto Maple Leafs a 6-6 draw with Montreal Canadiens tonight, moving Leafs three points ahead of the second place Canadiens and New York Americans in the National Hockey League's Canadian section.

Close to 8,000 saw Leafs come from behind three times in the wide open till that may have cost Toronto the services of their high scoring right wing, Charlie Conacher, who suffered a possible fractured shoulder when he crashed into the goal post at the end of the second period. Conroy was taken to hospital for X-ray examination.

Rod Lorrain and Johnny Gagnon put Canadiens two goals ahead in the first four minutes of the first period, but Buzz Boll cut the margin to one with a goal in the last minute of the session. Syl Apps tied the score half way through the second period. Paul Haynes made the 12 minute mark but Leafs evened it up again on Kelly's point two minutes later.

In a blazing third period each team scored three times. Haynes got Canadiens fourth and his second goal five minutes after the start and Toe Blake gave the Frenchmen a good working margin with another point at the halfway mark.

But Leafs kept boring in and Hornor made it 6-4 on a gang attack. Joffre Deslats gave Canadiens their two goal lead again at 13:41 and two minutes later Gordie Drouin sliced it to 6-5. Then Jackson came through with his tieing counter at 13:54 and the teams went into a dull overtime that ended without further score.

THROWN ON FENCE

(By The Canadian Press) BIRMINGHAM, England—After winning the Packer Handicap here, Thornton threw his jockey, G. Wells, onto a spiked fence. He was cut about the hands and legs and was unable to ride again that day.

REMEMBER WHEN

The Amateur Athletic Union of Canada, meeting in Winnipeg Nov. 19, 1933, refused professional and amateur athletes permission to intermingle but granted reinstatement to salaried players three years out of competition.

Medical Care For C. N. R. Employees

MONTREAL, Nov. 18—The specially equipped medical service car which has been assigned to the lines of the Canadian National Railways in Eastern Canada has arrived in Montreal in charge of Dr. Louis P. Robert, recently appointed traveling medical examiner for the railway, while in Montreal Dr. Robert will conduct medical examinations, including eye and ear tests, of trainmen and engineers.

Employees connected with the Canadian National train services are required to undergo periodical tests as to physical and mental fitness. The same applies to sleeping and dining car employees to ensure their freedom from communicable diseases as a protection for the passengers of the railway. All water supplies, including drinking water on trains, are also subjected to periodical examination to ensure their purity.

Dr. Robert was formerly medical examiner and epidemiologist of the C. N. R. Health Department, Montreal. He holds a certificate of public health from Johns Hopkins College, having undertaken a post-graduate course in public health and hygiene in the noted medical center. He was educated at the University of Montreal and took his medical degree in 1930.

Back To Farm

"I figured if I could beat Krieger I'd go back, but now I don't know. I'm going back to my farm now and check up on my 2,000 chickens and 60 cows—you see if I do decide to quit the ring, I'm going to become a full-time farmer."

More battle scarred than Battaglia, Krieger had nothing but praise for his opponent.

"He was better than when I outpointed him a year ago in Pittsburgh," he did more counter-punching and as we're both that type of fighter, he made it tough for me. Frankie's a nice boy, fights clean, and I still rank him among the world's best 10 middles."

In fistiana's limelight since he carried the Maple Leaf to the lightweight finals of the 1928 Olympics at Amsterdam, Frankie just smiled when told of Krieger's praise.

Del Baker To Manage Tigers?

SAN FRANCISCO, Nov. 18—The San Francisco Examiner said today it had learned, Del Baker would be named manager of the Detroit Tigers this season and Manager Mickey Cochrane would be given an executive position. Baker, a former Pacific Coast League catcher, managed the club while Cochrane was recovering last season from a skull fracture when he was hit by a pitched ball.

Challenge

Joe Malinsky, Sydney boxer, is out with a challenge to fight any welterweight or middleweight in Prince Edward Island. Write his manager, C. STULL, P. O. Box 144, Sydney, N. S.

Refused Demand

The exit of the three big sports from the A.A.U. fold started after last year's convention at Regina had refused the C.A.H.A.'s demand for a broader definition of amateurism. But Hamilton, tall and grey-haired, told reporters he believed there was more than that behind hockey's breakaway last spring and behind the subsequent departure of basketball and lacrosse.

"Personalities more than anything else," were responsible, he declared between committee sessions. "Somebody said something at a banquet and somebody gave an interview—in other words, one thing led to another."

"Really, there never were any great differences of opinion between the A.A.U. and the Canadian Amateur Hockey Association."

Financial Loss

The address said branches of the Union were the greatest sufferers through the loss and their financial losses will have to be made up from some source or other if the branches can continue financially.

(Results of the splits were not shown entirely in the registration committee's report, for some branches did not have figures up to date. But the central Ontario branch showed a drop in athlete registrations from 4,373 in 1933 to 2,100 this year. Alberta figures slipped from 1,208 to 309, British Columbia from 1,712 to 1,278, but Quebec only from 3,797 to 3,121.)

Lacrosse and hockey have common ground in the demands which instituted the break, the president said, in "what is commonly known as pay for broken time."

Lacrosse, however, according to press reports, had made a "clear-cut statement of policy in regard to part time payment, while hockey has officially adopted the part time payment clause of the International Ice Hockey Association."

"I would say in all sincerity," Hamilton continued, "that if hockey enforces the International Ice Hockey Association's written clause in this regard the world will not be able to point a finger of scorn at it. I am convinced that causes other than those actually showing on the surface made the break."

Big Trading Session Looms In Baseball

(By The Associated Press) NEW YORK, Nov. 18—Taking into account the fact that there are only 31 more shopping days till Christmas, baseball's big league managers are dusting off old but "swap-able" ivory and bringing bankrolls into the open for what may be the biggest buying and trading session in years.

Every pilot, from Joe McCarthy of the Yankees to hoping Santa Claus is good to him.

McCarthy, despite his world champion wallopers, could find a lot of use for another starting pitcher, could also use an infielder.

Need Punch

Giants have an eye out for at least one pitcher to back up Hubbell, Melton, Castleman, et al, and definitely need punch in spots, particularly those spots at first base and centre field.

Jimmy Dykes, puffing away at his big black cigar, has already shouted his need for a third-sox can't go on forever with their old-man pitching corps.

If Chicago Cubs can get Van Lingle Mungo from the Dodgers, their only worry will be an outfielder, or an infielder.

Otherwise, a quick look around the circuit finds these needs: Pittsburgh Pirates—if money can buy fight and ginger, to last from April to October, the Bucs would be worth beating. A 20-game pitcher and a couple of home-run hammers wouldn't be so bad, either.

Detroit Tigers—Mickey Cochrane already is shopping around for pitching talent.

St. Louis Cardinals—Pitching, in large quantities, even if Dizzy Dean does come back. Also a catcher.

More Money

Boston Red Sox—Tom Yawkey is ready to take the rubber off the roll again and add to his \$3,000,000 investment—provided a top-flight pitcher, catcher of the same, and a heavy-duty outfielder can be purchased.

Boston Bees—If that pitching holds up, Casey Stengel is willing to be satisfied with acquisition of a third-baseman and a slychaser with a wallop.

Cleveland Indians—There's lots of room for a second baseman and a spare catcher.

Washington Senators—May trade first-baseman Joe Kuhel and outfielder Al Simmons for what they can get on the open market.

Cincinnati Reds—Need punch all over their lineup. The two Philadelphia teams are building up rookies. Brooklyn's top needs are flowers and soft music; the Dodgers need everything.

Urges Strong United Sports Organization

(C.P. By Guardian's Special Wire) MONTREAL, Nov. 18—If the Amateur Athletic Union cannot bring back into its ranks hockey and basketball, which have broken away in the past year, the A. A. U. through its branches, should organize those sports "so that all amateur sport in Canada will be under one union," Sheriff C. D. Shipley of Amherst, N. S., told the Union's convention today.

Reporting as chairman of the affiliations and alliances committee, Sheriff Shipley said: "This is a time for unity and cooperation, and I believe each should be willing to compromise, and thereby build a strong and united sports organization that will bring together all amateur athletes in every sport."

He did not refer to the Canadian Lacrosse Association, which followed the Canadian Amateur Hockey Association and the Canadian Amateur Basketball Association in breaking away.

The chairman outlined articles of alliance drawn up between the A. A. U. of C., and the United States Amateur Baseball Congress. The two organizations "shall complete all organizations, by the articles, sole organizations governing baseball in Canada and the United States."

Athletes competing in competitions involving baseball teams from the two countries "shall compete under the rules of the U.S.A. Baseball Congress, and must be in possession of international permits from their respective governing bodies."

Liberal Interpretation Of 'Amateur' Talked To Entice Groups Back To Fold

(By The Associated Press) MONTREAL, Nov. 18—The Amateur Athletic Union of Canada moved quickly tonight toward consideration of possible overtures to hockey, lacrosse and basketball as President J. W. Hamilton blamed the Union's break with those sports on "personalities."

Other matters ratified by the resolutions committee were dispensed with speedily by the A.A.U.'s 50th annual convention and it was indicated nearly half the meeting's time would be devoted to argument on measures which might lead to peace with the Canadian Amateur Hockey Association, the Canadian Amateur Basketball Association and the Canadian Lacrosse Association.

The discussion marking the convention's high point likely will be started by young G. Sydney Halter of Winnipeg, the second vice-president, who will propose that the Union allow its members to define amateurism more liberally. Under his proposed change in the constitution each member body would recognize the amateur definition of its own international governing organization.

Romnes Leads Chihawks To 3-1 Victory

(C. P. by Guardian's Special Wire) CHICAGO, Nov. 18—Doc Romnes, running wild for four minutes of the second period, led the Chicago Black Hawks tonight to a 3-1 victory over Detroit Red Wings that gave the Chicagoans undisputed possession of second place in the National Hockey League's American division.

It was the Hawks' first home victory of the season. A crowd of 9,000 spectators saw the steady improving Hawks exhibit their best passing of the campaign to grab the lead and then present a tight defence which withstood desperate third-period attack by the Stanley Cup holders. For the Wings it was their third defeat of the young season.

Romnes with help from Paul Thompson, put Chicago in the lead three-quarters of the way through the second stanza. Wally Kilrea then was penalized for boarding Johnny Gottselig and the Hawks, on shots by Thompson and Romnes, promptly rammed in two more goals, both coming within 14 seconds.

The final period, Art Wiebe, Hawk defenceman, was penalized for holding and Detroit, with a five-forward power play, averted a shut out on Barry's goal.

SUMMARY

First Period
Scoring: None.
