**TIGHT LITTLE ISLAND.**—The manager of the Bank of Commerce at Halifax, commenting on conditions in the Maritime Provinces, says Prince Edward Island has saving deposits of about \$10,000,000 and is per capita, probably the richest rural community in the Dominion, says the Montreal Gazette. It would seem from this that it is a favored land, the people can grow in comfort and general wealth without worrying that their numbers stand still.

**A VERY DELIGHTFUL** evening was spent at the home of Ernest and Mrs. Rogers, Miscouche, on Friday, when their daughter Miss Laura entertained a number of her friends. The evening was pleasantly spent in music and games. About 12 o'clock the company repaired to the dining-room where a sumptuous repast was served after which the party broke up.

**ANOTHER VISITOR.**—And lo, a little squirrel has come forth from his winter lair to pay Charlottetown a visit and incidentally to interview the weather bureau as to conditions for breaking up his home in winter quarters. The little chap perched comfortably on a gatepost in the west end of the city contentedly munching away at some food stuff which he held in his forepaws. He was quite at ease and very amiable till some mischievous boys, for want of something better to do, disturbed his serenity by trying to catch him. It was quite a chase and master squirrel did his ancestors justice in the way he dodged and climbed to elude his tormentors. Finally he reached the friendly arms of a big tree and scampering to the topmost branches seated himself and defiantly challenged the youths below to "come catch me if you can."

**ALLAN FRASER.**—A wide circle of friends and acquaintances will learn with deep regret of the death of Allan Fraser, which sad event took place after a short illness of apoplexy at his home at North Bedeque on Tuesday evening, the 21st inst., in the 72nd year of his age. He leaves a sorrowing widow, seven daughters and one son to mourn the loss of a kind and loving husband and father. The members of the family, are—Mrs. Chester Moody, Colorado Springs, Col., Mrs. John McMurray, Summerside, Mrs. Harry Lea, Summerside, Mrs. James Burns, Medicine Hat, Alberta, Mrs. Ernest Inman, Lot 16, and Misses Marion and Daisy, and Ira at home. Mr. Fraser was held in much esteem for his kind and generous nature, for his more than ordinary intelligence, and his personal worth and he will be much missed in the community in which he lived. His funeral, which was very largely attended, took place on Thursday the 23rd inst. and the service was conducted by Rev. Alexander McKay of Bedeque. The pall-bearers were—John McCaull, John Curtis, Robert Hogg, Harry Cannon, Hudson Montgomery and George E. Auld of Charlottetown, brother-in-law of the deceased. His remains were laid to rest in the old family burying ground at lot 16, there to await the call when the trumpet shall sound and the dead shall rise.

Already two new milk routes will be added to the list for the coming season as also many additional patrons on the several routes. **NO ICE.**—It is many years since the natives of Souris have seen the harbor so clear of ice as it is this year. On Jan. 22nd John J. and Frank MacDonald rowed out in an open dory from Norris Pond shore. They remained out a few hours and returned none the worse of their adventure.

**POPULAR SOCIAL.**—A very successful social was held in St. Margaret's Hall on Jan. 22nd. Despite the bad roads the hall was crowded to its utmost to hear the excellent program which was well delivered by the St. Margaret's Dramatic Society. After the program came the sale of pies, the handsome sum of \$132 being realized.

**ACCIDENTS ON ICE.**—Yesterday afternoon, although the wind was raw and cold, large numbers enjoyed a walk on the Hillsboro ice. Ice-boating was also indulged in and one young lad, who was standing near the Hillsboro Boating Club was run into by an iceboat, knocked down and fell into the icy water. The accident was quite unavoidable as the driver was endeavoring to avoid two young men who were in his path and did not see the little lad. The boy, who was badly stunned, was immediately picked up and carried into the boating house, later to his home and the doctor called in. Happily the accident was not serious although the little fellow was badly shaken and received a nasty bump on his head. The boat was also badly broken. Another accident occurred near the bridge when a chap, operating a small iceboat, had the misfortune to get into a springhole. He received a thorough wetting and had

**ALBERRY PLAINS.**—On Friday, the seventeenth of January, the ratepayers of Alberty Plains held their first examination in their recently removed and remodelled school-house. Almost all the pupils were present. The time spent in examining was from one to four o'clock in the afternoon. The pupils were examined in all their subjects of instruction and were examined in all by their teacher. In the drill on the English of the advanced class, figures of speech, sentence structure, meanings of words, parsing and analysis were taken up and on them considerable time was spent. Traces of careful teaching were noticeable in all the subjects. At the close of the examination brief speeches were made by J. F. Jenkins, Joseph Praught and Thomas Hynes, in which they expressed their much satisfied feelings of the school and of the character of the work. The pupils were treated to candy. A present was given to the teacher. A few remarks then closed a well spent evening.

**MURRAY HARBOR.**—John L. and Mrs. Hawkins' brother of Halifax, N. S., and enjoying a well-earned vacation here returned home, Mr. Hawkins, who is the foremost farmer of White Sands, has been greatly missed during his absence, both in ecclesiastical and secular circles in both of which he is a prominent figure. On Saturday, Jan. 11th, a meeting of the shareholders of the Murray Harbor Black and Silver Fox Co., Ltd., was held in the hall at Murray Harbor for the purpose of signing incorporation papers. The people of Murray Harbor and vicinity are evidently taking hold of this enterprise with more than their customary zeal, as money is coming from untold sources, even the "widow's mite" being among the contributions. On the evening of Wednesday, 15th, a pie social and entertainment was held under the auspices of the Baptist Church of Murray Harbor. An excellent program was given, after which the pies were auctioned by David Glover in his usual satisfactory manner. A handsome sum was realized.

## WAS WEAK AND RUN DOWN. NOT ABLE TO DO HER WORK.

Many women get run down, and are unable to look after their household duties, owing to their nervous system becoming unstrung. Day in and day out they have to go through the same routine of work, sweeping, dusting, cooking, etc. No wonder their work gets on the nerves and they become run down.

When a woman gets into this state there is only one thing for her to do, and that is, to get something that will build up her system.

For this purpose there is not an equal to Milburn's Heart and Nerve Pills. Their restorative action is felt on every organ and tissue of the body, and in a short time the weakness will give place to strength and vitality, and make life worth living.

Mrs. Henry McIntosh, Oliver, N.S., writes: "I would recommend Milburn's Heart and Nerve Pills to anyone who is weak and run down. I was not able to do my work, nor rest at night for four years. After taking seven boxes, I am completely cured, and I would recommend them to anyone suffering from nerve or heart trouble."

Milburn's Heart and Nerve Pills are 50 cents per box; 3 boxes for \$1.25, all delivered or mailed direct on receipt of price by The T. H. Taylor Co., Hamilton, Toronto, Ont.

# Big Ben

Don't set your mind—set Big Ben

Don't bother your head about getting up. Leave it to Big Ben.

You ought to go to sleep at night with a clear brain—untroubled and free from getting up worries. You men, if you are up to date farmers, work with your brains as well as with your hands. Such a little thing as "deciding to get up at a certain time in the morning" and keeping it on your mind often spoils a needed night's rest and makes a bad "next day." Try Big Ben on your dresser for one week. He makes getting up so easy that the whole day is better.

Big Ben is not the usual alarm.

He's a timekeeper; a good, all-purpose clock for every day and all day use and for years of service.

He stands seven inches tall. He wears a coat of triple-nickel plated steel. He rings with one long loud ring for 5 minutes straight, or for 10 minutes at intervals of 30 seconds unless you shut him off.

His big, bold figures and hands are easy to read in the dim morning light. His large strong keys are easy to wind. His price, \$3.00, is easy to pay because his advantages are so easy to see. Big Ben is sold in Prince Edward Island by the following jewelers:

**THINGS ARE BOOMING.**—In the current issue of the Royal Gazette there are notices of application for the incorporation of three joint stock companies and also a notice announcing the incorporation of a Fox Exchange and Realty Company. Of the three first mentioned one is an oyster culture company of which Leslie D. McNutt, Thomas McNutt, Malpeque, and Howard R. Hillson, Charlottetown, are the Provisional Directors. This company has acquired 180 acres of barren bottom in Richmond Bay and is capitalized at \$60,000. The intention is to begin operations during the coming summer. The Guardian understands that the stock is being rapidly taken up. Of the others, the Tignish Silver Black Fox Company, Limited, is capitalized at \$90,000, and is being promoted by Senator Murphy, J. A. Hackett and Dr. J. A. Johnson, Tignish, and others. The Englewood Silver Fox Company, Limited, capitalized at \$99,000, promoted by W. H. Mayne, Springfield, Geo. H. Mayne, Emerald, John B. Sinclair, Springfield, and others. Letters Patent have been issued for the incorporation of the "P. E. Island Fox Exchange and Realty Co., Ltd.," of which mention was made in a former issue of The Guardian. These "straws" show how the wind is blowing at present in Prince Edward Island. The oyster business which is now one of the biggest things of the horizon is already booming and, with Richmond Bay to work in, will unquestionably be one of the biggest things the province has known.

**TUESDAY.**

H. A. Richardson, general manager of the Bank of Nova Scotia, and C. H. Easton, general manager of the Bank of New Brunswick, arrived in St. John Friday from Halifax, where they have been attending a meeting of the shareholders of the Bank of Nova Scotia. Mr. Richardson has many friends in Charlottetown.

# A BAKING SUCCESS WHICH YOU CAN DUPLICATE IN YOUR HOME WITH BEAVER FLOUR

George Weston, the baker, made Toronto blended flour city.

When Manitoba wheat flour first appeared, it became popular because it made a big loaf. But the bread was heavy, coarse, full of holes and not especially tasty.

George Weston thought there were enough people in Toronto who would appreciate the difference between quality and quantity—and he determined to bake a real, old-time, home-made loaf, using blended flour.

At that time, Weston was running only two ovens. In a week, he had to start new ovens, and it was not long before he was selling FIFTY THOUSAND LOAVES A WEEK.

Today, 75% of the bread baked in Toronto is made of blended flour.

There is no doubt in the world but that "BEAVER" FLOUR is better in every way than any western wheat flour.

"BEAVER" FLOUR, milled of Ontario wheat and a little Manitoba wheat to add strength—makes a deliciously light, tasty loaf of bread—makes a big loaf—and makes more loaves to the barrel. "BEAVER" FLOUR is equally good for pastry, because it contains so much of the choicest Ontario fall wheat flour, the finest pastry flour in the world. What George Weston did in Toronto, you can do in your own kitchen with "Beaver" Flour.
