### PUT OLD ENEMY TO UTTER ROUT

Tells how to lift off that touchy corn without hurting one particle.

Hospital records show that every time you cut a corn you lay a lock of blood poison which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of this freezone on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without burning or even irritating the surrounding tissue of skin.

## To the Farmers of Prince Edward Island

### IMPORTANT NOTICE

Owing to the scarcity of Swede Turnip Seed for the coming seeding season farmers are urgently advised to use the utmost care in sowing their Turnip Seed this season. When Swede Turnip Seed has been plentiful and the price low farmers have been in the habit of sowing two pounds and upwards per acre but this quantity can be reduced with good results and from one to one and one-half pounds is plenty of Seed to sow per acre; care being taken in setting the Drill so the Seed will not run out too fast and in this way the quantity of Seed available for the present Seeding season will probably be enough and there will be no serious shortage, but if the usual amount which has been sown in past years is continued this year there will be quite a shortage through no fault of the dealers, this year who had placed their orders early last year but as Seed comes from Great Britain the British Authorities allowed only 50 per cent of the orders to be filled and shipped, although the dealers in that country had the Seed ready to ship but they were prevented from doing so by the government stating that the Seed would likely be required for home seeding.

We would suggest when sowing the Turnip Seed that all the holes in the canister be plugged with the exception of say two holes, close together, then at each revolution of the canister the Seed would be dropped about the right distance and if one hole should miss letting the Seed through the second is liable to act. This would effect a large saving in the Seed, whereas if all or the greater part of the holes in the canister are left open a lot of the Seed is wasted as the plants are only hoed out. This of course applies to the ordinary hand Turnip Seed Drill and not the larger Horse Drills.

We trust this request coming from the Department of Agriculture as well as from the dealers will be carefully observed by the farmers; not only as there is a scarcity of Seed but the price is very high this year and if the farmer can save a dollar or two on his Turnip Seed order he is that much in pocket and will have just as good a crop of Turnips.

## OUR OTTAWA LETTER

(Continued from page four)

man has been making trouble for the sterner sex. Correspondence tabled in the House of Commons the other day indicates that it was a female clerk in the Cost of Living branch of the Department of Labor, drawing a salary of \$700 a year, who brought about the resignation of W. F. O'Connor. This "female of the species," according to Mr. O'Connor, refused to be disciplined by any one except the Minister, openly boasted to other employees of her father's influence with the Minister and in this way greatly interfered with the discipline of the branch. O'Connor called the attention of the Minister to this condition of affairs, and not getting the satisfaction he thought he was entitled to, sent in his resignation which was promptly accepted. The Ex-Cost of Living Commissioner claims that he had the right to discipline clerks in his branch. The Minister claimed supremacy in his Department. This is the situation in a nutshell. There is nothing in the story that the resignation of Mr. O'Connor was forced by certain interests with which that gentleman was on terms of estrangement.

## IN MEMORIAM

### MISS NELLIE FLYNN

The death occurred at her home after a lingering illness at the age of 20, of Nellie, youngest daughter of Mr. and Mrs. Anthony Flynn of the P. E. I. R. Although she had been alling for quite a while her death came as a surprise to her many friends by whom she will be greatly missed. She was of a quiet and pleasant disposition and to know her was to love her. She was visited daily by her pastor and was fortified by the last rites of the R. C. Church. She leaves to mourn besides a sorrowing mother and father, two sisters and one brother, Mrs. John Martin, City; and Susie at home and Anthony in Cambridge, Mass., to whom the deepest sympathy goes out in their sad bereavement. The funeral leaves her late home 177 Water St. this Wednesday afternoon at 3 o'clock to St. Dunstan's Cathedral, thence to the R. C. Cemetery.

MRS. ANNIE MacDONALD

At Souris, on Tuesday, April 14th, there passed from our midst Mrs. Annie Macdonald, in the seventy-eighth year of her age.

Mrs. Macdonald enjoyed excellent health until a few weeks prior to her death, when she contracted cold and despite medical attention and careful nursing, she passed to the Great Beyond.

Her death was calm and peaceful, a fitting final to a gentle, Christian life. An estimable woman, deeply religious, benign and mild mannered, she possessed the indelible gift of winning and retaining friends. She is survived by one brother, Mr. Daniel Fisher of East Point, and leaves to mourn two daughters, Miss Mary Macdonald and Mrs. Margaret Fisher, both of Souris, who have the sympathy of the entire community in the loss of a loving mother and true friend.

The funeral rites at church and cemetery were performed by her pastor, Rev. Father John A. Macdonald.

A FRIEND.

MRS. DANIEL CAMPBELL

On Friday evening March 28th, 1918 after a brief illness, of only a few days from pneumonia, Mrs. Daniel Campbell, Coleman, passed away, notwithstanding all that loving hands and medical science could do to relieve her. Besides a sorrowing husband she leaves to mourn, two sons, John and George and three daughters, Margaret, Maud and Loretta, all at home. Her aged parents Mr. and Mrs. B. Haywood of Elmsdale also survive her, two of her brothers, W. D. and V. Wallace Haywood, reside in Vancouver and another, Benjamin B., lives in Golden Prairie, Sask. Two sisters, Mrs. Alexander Milligan, Brae, and Mrs. Seymour Thompson, Elmsdale, mourn the loss of a kind and loving sister.

The body was conveyed by train to Elmsdale on Saturday, March 29th and buried in the family plot of the
