

Nervous? There are many causes of nervousness, but poor blood heads the list. The doctors call it anemia. The blood lacks red corpuscles. At your first opportunity, consult your doctor about taking Ayer's Sarsaparilla. Ask him if he has anything better for weakness, debility, nervousness. If he has, take it. If not, take Ayer's Sarsaparilla. Get well, that's what you are after.

FOR YOUR STOMACH.

When you eat your dinner tonight take a thought about your little stomach. First you fill it with soups, then fish, meats, salads, a dozen and one other things, and wind up with ice cream, coffee and perhaps wine. You see you are pretty hard on your stomach to make it bear all these cultivated tastes of yours, eating and drinking, morning, noon and night. Is it any wonder that it is sore, tired, painful and tired? How can it help burning, paling, giving off fermented gases? Why don't you try Hutch tablets? Get them at any drug store; give your stomach some assistance. Take it a day or two and you will have to confess that Hutch is the greatest preparation for pains in the stomach you ever came across in your life. Don't forget! Take one after each meal. This makes Hutch do the most good. A big bottle 200 for \$1.00. For sale by all druggists.

TOMATOES, TOMATOES.

We had a slight frost last Sunday night but no damage reported. We would advise parties intending to put down green tomatoes for chow chow, pickling cucumbers or small onions etc. not to put off. "Procrastination is the thief of time" and the next frost may do an immense lot of harm.

We have now some fine green tomatoes, red and white onions, peppers and pickling spice, small white pickling onions, cucumbers and a limited quantity of cauliflower.

Our celery, you should see it. Ripe tomatoes will be scarce this season, other vegetables quite plentiful, excepting potatoes.
