GIRLS! GIRLS! YOU MUST TRY THIS! DOUBLES BEAUTY OF YOUR HAIR

FOR 25 CENTS YOU CAN MAKE YOUR HAIR LUSTROUS, FLUFFY AND ABUNDANT.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant, and appears as soft, lustruous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected, or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

SCHWAB HAS A MYSTERY.

LONDON, November 14.— Charles M. Schwab sailed for New York on the Adriatic. He refused to say anything about his trip to England except to remark: "I hope before a great many years to write an autobiography and I trust that when I do so I can tell the full story of the last three weeks."

"Mr. Schwab has occupied a suite of rooms at the Savoy Hotel for ten days and has consistently declined to be interviewed. It is known, however, that in private conversation a few days ago he made the remark that "Lord Kitchener is the best president the United States Steel Corporation ever missed."

NEW BRUNSWICKER GOT AHEAD OF GERMANS.

ST. JOHN, N. B., Nov. 14.—The way in which J. G. Lewis, a New Brunswick man who is chief officer on the British steamer Messina saved his ship from capture soon after the outbreak of the war, by hoodwinking the German officers is the subject of a lengthy story in the Melbourne, Australia Herald. The Messina was at Naurra Island in the South Pacific Ocean, loading, when the commander, Captain Anderson, was asked by the German officers stationed there to come ashore. This was before the official declaration of war had been known and the captain fell into the trap and was held by the Germans. This was on the morning of August 10.

About two hours later a boat containing an officer and about a dozen armed men approached the Messina and informed Chief Officer Lewis that he had come to take the ship in the name of the German government. The chief officer calmly informed the Germans that they could not come aboard, ordered "full speed ahead" and steered for Ocean Island, in the Solomon Group, about 160 miles away. Despite the fact that a wireless message had been sent from Nauru to any German warships that might be in the vicinity to take or sink the Messina, the steamer arrived safely at Ocean Island.

It is supposed that a wireless message sent from Nauru to the German headquarters at Rabaul, German, Guinea, telling of the detaining of the captain and the escape of the Messina was intercepted by British warships that were seen in the neighborhood about that time, for the German authorities at Naura received an answer that they had no business to interfere with shipping and that they must let the captain of the Messina leave immediately. Captain Anderson therefore joined the vessel again at Ocean Island on Aug. 10.

Mr. Lewis, the chief officer on the Messina, is a son of Captain D. Lewis of Escuminac, N. B.

IN MEMORIAM

ANNIE DORIS MacAUSLAND.

Much sympathy is expressed to Daniel and Mrs. MacAusland, Northam, on the loss of their little daughter, Annie Doris, aged 2 years and 2 months, which sad event took place on Thursday, Oct. 29th, 1914. Death was due to pneumonia with complications. Little Doris was a general favorite with those who attended and knew her best, especially her Aunt Mary, who devoted all her time to the little darling. The funeral was largely attended, the Rev. J. Bamford, Pork Hill, conducting the service at the house and church.

In a world of pain and care,
Lord, thou would'st no longer leave her;
To thy meadows bright and fair,
Lovingly thou dost receive her.
Clothed in robes of spotless white,
Now she dwells with thee in light,
Lost awhile our treasured love,
Gained forever, safe above.

THE LATE DR. D. R. FRASER M.D. OF MONTAGUE, P. E. I.

The late Dr. D. Roy Fraser died on Friday the 23rd Oct. and was buried on the following Sabbath afternoon Dr. Fraser was a graduate of McGill Medical College, Montreal. He started practising medicine in Montague about 8 years ago, and soon won for himself a place in the hearts of the whole communiey. He was a man of quiet unassuming manners thoroughly educated and widely read as a Doctor he was emminently successful and there was apparently before him a long and useful career. He was respected as a man, honoured as a Doctor, and loved as a friend. Not only did he live a blameless life; but he was a strong moral force in the community; identifying himself with all that made for the well being of society. He was at the time of his death a school commissioner, a member of St. Andrews church. vice leader of the choir... president of Young Mens' Guild. His father the late Mr. C. B. Fraser was one of the founders of the Presbyterian church in Montague, and the Dr. and his brother John were both Trustees, the latter being also Treasurer of the church. His death has made a great gap in Montague and Kings County, a gap that can not easily be filled. His funeral was from St. Andrews Church on Sabbath the 25th Oct. The building was crowded from pulpit to the door and the number unable to get into the church exceeded those within the building. The service was very solemn and impressive. The Minister, the Rev. David Wright's voice betrayed deep emotion as he conducted the service. The text was from St. Johns gospel XIV. 2. "If it were not so I would have told you." The choir of which the deceased was a leading member rendered the selections with deep emotion and pathos. On the platform was seen the chair which the late Dr. Fraser used to occupy draped in Black. The funeral procession was the largest ever seen in King's County. Over 150 carriages were counted. The Odd Fellows Society of which the late Dr Fraser was a member attended the funeral in full force and conducted their own impressive service at the grave, Lower Montague. Dr. Fraser was married a little over four years ago to Miss Aitken, oldest daughter of Mr. Samuel Aitken of Aitken's Ferry. The wife and her three little children (the baby is only two months old) are left to mourn their loss. The sympathy of the whole community go out to this bereaved family and friends.

AUTHORITIES FIGHT CATTLE DISEASE.

CHICAGO, November 13.—Spread of foot and mouth disease among the 936 prize dairy cattle under quarantine at the Chicago Union Stock Yards Assumed such proportions today that it was feared the infection could not be prevented from spreading. The cattle are valued at $2,500,000.

Dr. S, E. Bennett, of the Federal Bureau of Animal Industry said that forty new cases were discovered among the herd yesterday. The newly infected cows were separated from the isolated herd and taken to the vetinary hospital where forty-two other cases from the dairy show stock are under treatment.

Dr. Bennet said that consent would not be given to destroy the animals until there is no hope of saving them.

THIS "GERMAN SPY" FOUND TO BE EX-MAYOR.

WELLAND, Nov. 14.— By the detention of James Driscoll by the police and military authorities at Welland on the suspicion that he was a German spy, it was found that Welland was harboring unawares an ex-Mayor of Geneva, N. Y. He came to Welland some weeks ago and has been staying at the Dexter House. He had no apparent business in town and did not make any friends. He had nothing to say about himself and so suspicion grew. Investigations, however, showed that his real name was Ahrendeen and that he was for four years mayor of Geneva. At the present time he is being sued for divorce and his attorney advised him to seek some quiet place in Canada where the papers could not be served. He was released from custody.

THE KAISER OFFERS HIS MARBLE PALACE FOR SALE.

GENEVA, Nov. 14.—Emperor William is offering his marble palace, the villa of Achilleion, in Corfu, for sale. It was built in 1890-91 for the Empress Elizabeth of Austria at a cost of $5,000,000 and has since been improved. A syndicate of Germans and Swiss hotel men wished to buy Achilleion a few years ago, but they were outbid by the Emperor.

The Emperor's decision to sell the palace, it is stated, is the result of the uncertain attitude of Greece towards Germany and Austria. It is said he fears confiscation of the palace if Greece joins the Allies. A Swiss syndicate has been given an option on the place at a low price.
