One of them expressed it, "You could cut cancer with a knife, handle cancer with cut hands and not be in the least danger of contracting the disease, simply because cancer is not a germ disease."

CHINESE SMUGGLING GAME IS DETECTED

MONTREAL, May 24—That there is in Montreal a secret agency for the smuggling of Chinamen through to the United States, has long been the opinion of the police authorities. The latest attempt to run the blockade is reported from Burke, New York State, where Chinese Inspector E. G. Sperry and George W. Ketcham, of the Malone detective house, made an important capture on Saturday. A white man, named Napoleon La Bounty, of Montreal and a batch of eight Chinamen, whom La Bounty was endeavoring to pilot over the boundary line. The Chinese inspectors had received a hint that a cargo of smuggled Chinamen was on the road, and laid a successful ambush for them near the Burke township, on the main turnpike road leading across the line. The batch of contraband Chinamen was rounded up in a bulky wagon drawn by a spanking team. When the wagon was held up no resistance was offered, the driver and his passengers discreetly deciding on a peaceful and bloodless surrender. The horses and wagon were turned over to the customs officials, while La Bounty and the Chinamen were brought to Malone, and lodged in jail. La Bounty is to be arraigned before United States Commissioner E. C. Lawrence, on the charge of aiding and abetting Chinamen to unlawfully enter the country. The Chinamen will, no doubt, be deported without delay.

He was acquitted, the jury deciding his act to be justifiable.

SEMI-MILLIONAIRE'S WIFE GETS DIVORCE

CINCINNATI, May 24—Mrs. Lizzie Auel Hunter was granted a divorce yesterday from Perrin Hunter, president of the American Carriage Company, after she had testified to the shattering of an unusual romance. Mrs. Hunter and her husband were both employed in the office of her husband's father's business when they were married twenty-one years ago, she said. Soon after their marriage the young couple set up in business for themselves, and the wife assisted her husband in the management and office work of the concern, giving up home life to make their venture a success. At the end of ten years of work Mrs. Hunter retired from the participation in her husband's business and devoted herself to making a home. While devoting herself to household affairs Mrs. Hunter said she learned that her husband was lavishing attentions on other women, principally his stenographer, Miss Ida Grubbs, whom she named as co-respondent. Testimony was offered showing that on Hunter's frequent business trips to Palm Beach and other points in the South Miss Grubbs secretly accompanied him. They were seen together in New Orleans. Hunter is rated as worth \$500,000. The question of alimony was settled out of court. Hunter is reported to have settled \$100,000 on his wife. They are both middle-aged and have no children.

NO REASON FOR WAR

NEW YORK, N. Y., May 24—James Bryce, the British ambassador, was the guest of honor and the principal speaker tonight at the Victoria Day dinner, commemorating Queen Victoria's birthday, given by the British Schools and Universities Club at Delmonico's. One hundred and fifty guests were present, among them being Dr. John H. Finley, of the College of the City of New York, Dr. Francis L. Patton, former president of Princeton University, and J. M. Clark of Toronto. A toast was drunk to "the king" and "the president," and after some preliminary speeches, Mr. Bryce responded to the toast "the empire." As he arose every dinner sprang to his feet and the room echoed with cheers. The ambassador paid an eloquent tribute to the memory of Queen Victoria and then said: "I feel an interest in the prosperity of the United States, only second to my interest in Great Britain, and I believe the citizens of the United States have an attachment to our empire. This is a good thing for the peace of the world. The two nations are of one mind and have one heart and desire to promote peace among other nations. I see no reason in the world anywhere for war and I hope that such an occasion may never come."

A SAD DISCOVERY

While walking along the shore at Fulton's Marsh on Sunday night about nine o'clock William Murphy of Bunbury saw an object of some kind lying out in the mud of the Marsh. Upon making an examination he found it to be the body of Mrs. Ham who disappeared from her home some two weeks ago. The brother of the deceased, being informed of the discovery took charge of the body. Coroner Johnson of Charlottetown was notified and decided that an inquest was not necessary. No marks of violence whatever were found on the body, though having been twelve days in the water, it was on the verge of decomposition. Interment took place yesterday at one o'clock to the Cross Roads Cemetery.

HORSE RACING AT DIGBY'S PARK

DIGBY, May 24—There was not as large a crowd in Digby today as had been expected, owing to the disagreeable weather during the early morning. The high wind which prevailed cut down the excursions from St. John and Granville. It also interfered with the yachtsmen plans, and the boats remained at their moorings with the exception of a few small open launches which were run in smooth water in the Racquette and along the shores. The baseball team did not arrive from Yarmouth. At the Driving Park the races were fairly well attended and resulted as follows: Free for all—in three straight heats, won by Kingsborough, owned by Capt. L. D. Morton, of Digby. 2.30 class, also in three straight heats, by Lookaway Boy, owned by Chas. Morton, of Centerville, Digby Neck. Colt race won in best three out of five, by Brenton King, owned by R. E. Feltus of Lawrencetown. Harry Marshall, of Bridgetown one of the drivers, met with an accident which overturned his rig and narrowly escaped serious injury. No damage has been reported from yesterday and today's Easterly gale the biggest storm ever recorded at this port for the season of the year.

Ottawa Government Permits Armed Vessel to Enter Lakes Despite Treaty.

MONTREAL, May 25—(Special)—The United States gunboat Nashville passed through the Canal today, en route to Chicago to serve as a training ship. She is an armed vessel and the question was raised whether she had a right to enter the lakes. Neither the United States nor Canada can maintain armed vessels on the lakes. This, however has been held not to apply to training ships. The Canadian Government made no protest against the Nashville going through, and arrangements have been made to pass her through unchallenged. She has a hundred young men in training on board.

ELECTION RETURNS ARE NOT ALL IN

ST. JOHN'S, Nfld., May 24—The steamer Nagle arrived from White Bay on Saturday. She had been jammed in the ice there since Monday, May 20. She carried twenty-four ballot boxes of the election in St. Barbe, the one constituency where the result is not yet known. Nine boxes have been collected from the West Coast, and 13 have yet to arrive. There is no chance of getting those before June 1, and their arrival then is conditional on the ice. As the new Legislature has been summoned for May 31, and the election returns cannot be finalized until later, a postponement of the opening of the Legislature is inevitable. Governor McGregor remains in office here until the close of the first session.

FOUR MORE TRIPS BY BIG AUTOMOBILES

ponsored by Miss Winnifred Beer, Montague, should have read 857,980. By some unaccountable error the printer placed the figure of Miss Muriel Morton, after Miss Beer's name. It will be good news for The Guardian's jolly party that, in addition to the five sight seeing tours by big automobiles in New York and Boston, there will be two extra trips by autos to each of above cities, thus making a grand total of nine. On the arrival of the party in Boston from Yarmouth, on a lovely June morning, there will be three automobiles in waiting at Long Wharf to convey the eight happy ladies and their escorts to the Commonwealth Hotel. This will be furnished by The Taxi Motor Club, Cot. Motor Mart, Park Square, Boston. The same company will have three automobiles ready a few days later to carry the party from the Commonwealth Hotel to the Metropolitan S. S. Co's pier, when leaving for New York. On arrival in the latter city the New York Taxicab Co. of 622 west 57th st. will furnish three automobiles to transport the eight happy ladies and their escorts from the Metropolitan pier to the Victoria Hotel, and after days of sightseeing in the second largest city in the world the same company will carry them by automobiles from the Victoria Hotel to the Metropolitan S. S. Co. pier. But more will be said in a future issue about the luxuries which will be furnished by the above two companies.
