

IMPORTANT READING MATTER SELECTED FROM THIS WEEK'S NEWS FOR THE GUARDIAN'S SATURDAY SUBSCRIBERS

(Special by Phone.)  
**SUMMERSIDE, Mar. 11**—The first meeting of the new town council, Summerside took place in the council chamber at 7.30 tonight. Mayor Morrison and all the councillors were present. The following officers for the town were appointed: H. J. Massey, town clerk; Daniel Hamilton and J. G. Jordine, assessors; Dr. John Jardine, medical officer.  
 Chief of the Fire Department Thomas Johnson, salary \$60; assistant, William Mathieson \$30; Engineer Fire Department, Joseph Hickey; salary \$24 a year wharfinger, J. F. Lafferty, \$24 per cent; Street Committee, J. H. Gallant \$8 per week; Teamster Benjamin Slidbury, \$8 per week; Fence Viewer, Patrick Ryan and Leming Arsenault; Chimney Sweeper, E. McQuigley, 50c per fire; town recorder, Neil McQuarrie \$150.00 per year; Stipendiary Magistrate, Neil McQuarrie \$200.00 per year.  
 The following committees were appointed: Finance and purchasing—McLellan, Holman and Brazer; Streets—Holman, Lidstone and Tanton; Police—Tanton, Monley and Braze; Property—Lidstone, Holman and Tanton; Fire and Light—Braze, Lidstone, and McLellan; Assessors—Monley, Holman and Braze; Schools and Parks—McLellan, Tanton and Monley.  
 Coun. McLellan moved that a cordial invitation be extended to their Royal Highnesses the Duke and Duchess of Cornwall and Princess Patricia during their visit to the maritime provinces to visit the town of Summerside which was adopted.  
 In the matter of A. J. Phillips' resignation a claim against the town for improper discharge occupied the attention of the council. Coun. McLellan showed in a forcible manner that Mr. Phillips was justly entitled to a full month's salary. After some discussion it was decided to grant a full month's salary to Mr. Phillips for his service as policeman.  
 Coun. Braze offered a suggestion that the matter of tenancy was to be tentatively dealt with and that a more stringent law should be in force.  
 The matter of a third policeman then came up before the council. Coun. Tanton moved that the third policeman be abolished and that John Seed and Albert Oakes be appointed town policemen for the coming year at a salary of \$40 per month. After a heated discussion the motion was carried by a vote of 4-2.  
 A letter from the Board of Trade asking that the town erect their own slaughter houses and rent them to the butchers also to start at once to build permanent streets was read. This letter was laid over till next meeting for consideration.  
 Much interest was manifested in this the first meeting for the new Councilors.  
 The contention was that two policemen are sufficient protection for the town of Summerside. The late council in their dying hours had gone out of the way in appointing a third policeman.  
 By last night's meeting the new councilors formally stood up to the policy by which they were elected on election day.

**NEW YORK, Mar. 11**—A world-wide strike of coal miners is regarded by the coal trade as more than a likelihood if the negotiations now in progress between the anthracite and bituminous workers and employers in this country do not result in a settlement of working conditions.  
 With more than a million coal miners on strike in Great Britain, 154,000 miners Germany voting to quit work to force higher wages, a severe coal shortage in Europe must be faced.  
**SYDNEY, N. S., March 7**—A terrible accident occurred at Glace Bay last night, which resulted in the death this morning of Mrs. Jas. Campbell, Mrs. Campbell, who resides at McLeod's Crossing, was calling at a neighbor's house, a Mrs. Gouthero's and was rocking a cradle near the fire place, her back to the fire.  
 In some manner her clothing caught from the grate and in a second she was a mass of flames. In her frenzy she ran out into the snow and threw herself into it, but the fire in her clothing was extinguished by persons who, attracted by her screams, ran to her assistance. She was carried back to her own house and lived about seven hours. Mrs. Campbell was married about six months ago, and is survived by her husband.  
**NEW YORK, Mar. 11**—A London cable says: "The beginning of a new week sees the coal strike no nearer a settlement. Optimists expect much from this week's conferences, but the overwhelming opinion is that the south Wales strike will continue another month."  
 Miners in Northumberland and Derbyshire are still determined to give wage.  
 "Meanwhile the industrial upheaval grows from bad to worse and prominent railroads are further reducing their service this week."  
**NEW YORK, Mar. 11**—A special cable to The World from Berlin says: "King George of England has taken out a patent through the German Crown Prince for a coal-saving range which His Majesty perfected during the long months of enforced idleness in the Highlands and elsewhere following his father's death."

SAVED FROM THE SURGEON'S KNIFE

"Fruit-a-lives" cured Appendicitis  
**NEWBURGH, Ont., Feb. 12th, 1910.**  
 "Just about a year ago, our daughter Ella (fourteen years) was taken with terrible pains in the right side. We at once put her under the care of a first-class doctor, who pronounced it a case of Appendicitis and advised an operation. We took her to a Hospital in Kingston where she was again immediately examined by an eminent specialist. He said she had Appendicitis and must be operated on at once, if we wanted to save her life.  
 "Luckily for us and for her, an uncle came in with some 'Fruit-a-lives' and insisted on Ella taking them. Good results were apparent almost from the first dose, and the treatment cured her. 'Fruit-a-lives' saved our daughter from the surgeon's knife and to-day she is enjoying the best of health."

**NEW YORK, Mar. 11**—A London cable to The Tribune this morning says: "Capt. Amundsen admits it is possible that Capt. Robt Scott reached the South Pole before him."  
 "He left a substantial memorial which he says may have been afterwards swept away by storms."  
 "On the whole, however, he considers it very unlikely that calm weather prevailed all the time there."  
 "Like a good sportsman, however, Amundsen hopes that Scott has been successful also."

**WASHINGTON, Mar. 11**—A far-reaching decision, upholding the right of parties to dictate absolutely whether or not patented articles may be sold by retailers, and declaring the legal investor's monopoly in selling contracts, was made by the Supreme Court of the United States on a divided opinion, three members dissenting.  
 Attorney General Wickersham, Solicitor General Leppanann and a large assembly of lawyers were present in court and apparently regarded the decision as epoch making.  
 The Chief Justice, while declaring that Congress should act to head it off, said untold evils would follow today's construction of the patent laws.  
 He said under today's ruling the patent laws could be stretched to include every household article.

**SOURIS, Mar. 11**—The town Council held their first regular meeting in the town hall tonight Mayor McLean presided and Couns. H. H. Acorn, A. B. Paquet, Bernard Creamer, Capt. McDonald and W. J. Brennan were present.  
 The minutes of the last regular and one special meeting were read by the town clerk and adopted.  
 A number of small bills for printing, opening up drains, cleaning sidewalks, etc. were received and disposed of.  
 The following appointments were made: Michael McCormack was reappointed town magistrate. C. C. Carleton was reappointed town clerk. J. T. Garrett and A. F. McQuaid were appointed auditors. Street Committee: Couns. H. H. Acorn, A. B. Paquet, W. J. Brennan, Side walk committee—Couns. Brennan, Creamer, Capt. McDonald and Augustine White. Finance Committee—W. J. Brennan, Bernard Creamer and Augustine White.  
 Police officer Hughes was reappointed to that office. Fire Capt.—F. Lavie and Coun A. B. Paquet were appointed fire wardens.

**NEW YORK, Mar. 13**—The anthracite coal operators and united mine workers alike profess an unyielding adherence to their attitude concerning the miners' demands.  
 The situation looks very blue and indications point to a strike, declared Pres't White of the miners.  
 The owners claim that increased cost of the production of coal renders it impossible to shave the profits finer.  
 It would mean that the consumer of the domestic variety would be obliged to pay a difference amounting to about 67 cents per ton.

**Keating's Kills Roaches**  
 Cockroaches cannot live when Keating's Powder is sprinkled or blown into their crevices. It is a harmless powder—stainless and odorless—yet it is a wonderfully potent exterminator of every form of insect life. It may be sprinkled freely upon the pantry shelf. Sold by all druggists.

**NEW YORK, March 11**—Impelled by a premonition that her son had been shot, when she heard pistol shots, Mrs. Philomena Galle rushed from her home to a poolroom across the street in time to receive the body of her son, Thomas Galle, in her arms as he dropped dead. She held the ten men in the place at bay until the police arrived and arrested them.

**SPRINGFIELD, March 11**—The contest between the Rev. John Ellis, pastor of the Chicopee Unitarian Church, and his wife, Harriet C., for the custody of their five-year-old daughter Olga, whom the mother alleges was taken away from her when she was committed to the Northampton Insane Asylum on February 10, was begun at a hearing in the Probate Court today.  
 At the hearing many charges will be pressed against the pastor by his wife's attorneys, because of her confinement in the insane asylum.  
 Mrs. Ellis was released from the asylum on the report of Dr. J. H. Houston, which stated that she was sane at the time of her commitment and during the time of her detention.  
 On the evening of February 10, Mrs. Ellis states that she was at work in the kitchen of her home, when her husband called her into the parlor, where she found Dr. Bodfish and Dr. C. H. Prindle, who swore to affidavits declaring her to be violently insane. Outside the house a police officer was waiting and she was hurried to the railway station and taken to Northampton by train.  
 During her confinement, she communicated with her brother, Christopher J. Cox of Revere, by telephone. He secured the services of his attorney and her release was obtained.  
 The Rev. Mr. Ellis still declares that his wife is mentally unbalanced and claims that she has tried to commit suicide and that she has threatened his life on many occasions.

**LONDON, March 13**—Conferences between the British coal mine owners and delegates of the strike miners, under the auspices of several members of the cabinet and presided over by Premier Asquith were resumed this morning.  
 The Premier at noon expressed satisfaction at the course the negotiations are taking.  
 The distress which has been caused throughout England, Scotland and Wales as the result of the great coal strike is becoming more acute, more particularly in Wales.  
 In that country practically the life of the people depends upon the output of the coal mines.  
 In the city of Cardiff alone the chief constable reports 700 families in immediate need of relief and in all the mining towns, now that the strike pay of the miners is cut down by the miner's union, there will be need of assistance unless a settlement of the dispute is quickly reached.  
**LONDON, Mar. 13**—The British coal dispute is not yet settled.  
 The joint conference of delegates and mine owners set for four hours this afternoon at the foreign office under the presidency of premier Asquith without reaching any definite conclusion.  
 They adjourned till tomorrow.

**BOSTON, Mass., March 13**—Rev. Arthur Hersee, son of a prosperous Woodstock, N. B. lumberman, was taken to the insane asylum at August 1st today.  
 Mr. Hersee was accompanied by his wife, Mrs. Ada Hersee.  
 Mrs. Hersee has made no plans for the future, but will probably live in Augusta to be near her husband.  
 Rev. Mr. Hersee was engaged in mission work in South Vancouver, B. C., up to the first of this year when he felt he had a message from God directing him to come to Maine and take charge of Shiloh, after Rev. Frank W. Sanford was committed to Atlanta jail.

**BOSTON, March 11**—With her clothing entirely burned from her body, Miss Flora McPhee, whose home is at Mount Hope, (P. E. I.), remained in a bath tub for four hours yesterday afternoon before she was discovered and rushed to the Somerville Hospital, where she died last evening from the effects of the burns.  
 Miss Minnie McKay, a cousin, who lives in Cambridge, is the only relative of Miss McPhee here, and that young woman is making arrangements to have the unfortunate girl's body returned to her old home, pending the expected arrival of her parents, Wm. and Mrs. McPhee. The father is said to be in St. John today, and it is supposed he will reach here tomorrow.  
 The condition of Miss McPhee when she was found was such that she could not give an explanation of how she was burned. She was employed in the home of President Drummond, of the Warren Beef Company, and was alone in the house. A man who entered the cellar to attend to the furnace found there fragments of the girl's burned dress, and then came the investigation which revealed the tragedy. It is supposed her clothing became ignited from the gas stove in the kitchen, and that in her agony she ran to the cellar and finally to the bathroom in frantic attempts to put out the blaze.

**BOSTON, March 7**—A big fleet of arrivals struck T what yesterday afternoon and during the night, including a number of off shore crafts which have some dandy sails, which are numbered among some of the best of the present winter season.  
 The schooner Gov. Foss, Captain Fred Thompson and Vanessa, Capt. William Firth, have the largest fares of the morning, each hauling for 35,000 pounds each. Capt. Wallace Bruce who has established an enviable record in the market fishery this winter, is also at the dock with 75,000 pounds, 30,000 pounds of which are cod. Other nice fares are the schooners Squanto, 78,000 pounds, Muriel, 55,000 pounds, Cynthia, 92,000 pounds, Stiletto, 47,000 pounds.

 READ MRS. HERRICK'S SWORN STATEMENT  
 STATE OF NEW YORK } ss: ROCHESTER, N. Y.  
 COUNTY OF MONROE }  
 Nancy A. Herrick, being duly sworn, deposes and says: "When I was a girl I had a head of heavy, long, dark brown hair which was the envy of my friends and which attracted the attention and remarks of strangers, but as I grew older it commenced to come out. When my hair was quite thin and gray, I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur to try a bottle; and you can imagine my satisfaction when I found my hair was fast coming back to its natural condition. I continued to use Sage and Sulphur until my hair was as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I began using Sage and Sulphur and my hair is in splendid condition."  
 Sworn to before me this 11th day of July, 1901.
