Millinery  
Trimmings

### Spring Ideas 1910

NOTHING emphasises stronger the supremacy of our millinery showing than the enormous business carried on in this department. A large staff of competent, skilled milliners are designing and originating according to the dictates of the world's greatest fashion centres. Our showing of millinery is pronounced by all millinery critics to be the greatest showing of high grade millinery at such moderate prices—it's up to you to realize the saving.

### Ladies' Suits \$12.90

This is of repeat order of those \$12.90 suits that were sold out before we had them rightly stocked. They are exceptional value and should prove real interesting at this very time. Ask to see them and remember they are priced, net **12.90**

### Men's Clothing

This showing of men's and boys' clothing includes the high class, authoritative, distinctive kinds, such as Semi-Ready, besides our high class ready made clothes. Then behind it all is our up-to-date tailoring department.

### DISCUSSION ON THE PLAN FOR AMALGAMATION.

ST. JOHN, April 20—The joint committee representing the three Baptist foreign mission boards of Canada, held two sessions yesterday afternoon and evening in the board rooms, Prince William Street. A scheme of amalgamation was drafted which will be submitted to the boards for consideration. If they approve of the matter they will send it to the convention which will meet in the fall. The scheme as outlined contemplates the appointment of one board for the whole of Canada, consisting of thirty members. These will be appointees of the existing bodies. It is not contemplated to close up any of the existing offices. The country will be divided into three sections. The office in St. John will have the management of the business for the eastern section, and that in Toronto for the Upper Canadian section, while another in Winnipeg will look after the affairs of the western section.

It is also proposed to appoint one general secretary for the whole of Canada, who will have charge of the correspondence of all missionaries in the field and other work of a like nature. It is altogether likely that this official will have one or two assistants. The tentative scheme of amalgamation, after being discussed by the boards, will be by them handed over to the Maritime Baptist convention, the Ontario and Quebec convention, and the Baptist Union of Western Canada, which will meet in August, October and November next. If these bodies approve of the matter, as submitted to them, they will be asked to nominate members for the Canadian board. When this is formed the necessary legislation has to property will be sought for. This Canadian board will receive reports from the offices in the three sections and be the executive body for the whole work.

For about forty years past the Canadian Baptists have been carrying on mission work in India. The fields lie adjacent to each other in the Telegu country, and it has long been the desire of many connected with the work, both at home and in India, that these fields might be amalgamated under one management. If they are united it is said the Canadian Baptists will have one of the largest mission fields in India, with a staff of nearly seventy missionaries among a population estimated at 4,000,000 Telegus. The committee will meet again this morning at 10 o'clock to further consider the scheme.

## Shirts that Speak the Authorative Style Tendencies for Spring

JUST A FEW WORDS ON this season's popular styles. Soft shirts are going to be very popular this summer. These shirts will be made in flannel, silk and linen mixtures, crepe and China and Japanese silks. Stiff bosoms are being much worn during the spring months, and the negligee effects in spite of the growing popularity of the pleats, the plain bosoms will be by no means neglected. Percales, Madras, light weight chevots, fine cambrics and fine Oxford basket weaves are the popular fabrics.

In pattering, stripes are the 'call'. There are also many cross stripes being shown in soft shirts. Black and white effects are fashionable, as are also grey tones, blue and white effects, lavender, green, pink, tan and brown.

With our enlarged shirt department and immense showing you can depend upon getting the right style at popular prices.

75c, \$1.00, 1.25, 1.50 to 2.25.

### Spring Styles

### Spring Ties

Our spring showing of ties include the popular spring styles in silk stripes, in double color treatment, tails and amure ground weaves, swivel cord silks, broche, bengalines and moires. Designing panel effects are real popular. Pastel shades, browns and greys are well placed in the color schemes—the real spring shades are numerous and certainly offer a range for selection.

### FELL ON THE STOVE.

### BABY IS BADLY BURNED.

The young daughter of Mrs T. S. Dougal, 523 Flora Avenue, Winnipeg, was arranging some of her doll's washing on a clothes rack, beside the stove, when she fell, and her hand, being thrown out to try and save herself, came in contact with the side of the hot stove. She sustained a serious burn, and her screams brought her mother quickly to the spot.

"I sent to the druggist for the best remedy he had for burns," she says, "and he sent me a box of Zam-Buk. He said that there was nothing to equal it. I applied this, and it soothed the pain so quickly that the child laughed through her tears. I found up the hand in Zam-Buk, and each day applied Zam-Buk frequently and liberally, until the burn was quite cured.

"The little one was soon able to go on with her play, and we had no trouble with her during the time the burn was being healed. I would recommend all mothers to keep Zam-Buk handy for emergencies of this kind."

All druggists and stores sell Zam-Buk at fifty cents box. Post free from Zam-Buk Co., Toronto, for price, and you are warned against harmful imitations.

### CHEAPER FOOD IS PREDICTED.

NEW YORK, April 20—The present sensational drop in the price of potatoes may mean cheaper food of all kinds. Farmers are closing out their supply of old potatoes, for as little as twenty cents a bushel, which is the lowest price in many years. Other foods are also cheaper. As a result of its investigation, the American Agriculturist for April 23, will say:

"A marked decline has occurred in the prices of certain food products. If this decline continues much longer, the commissions that are investigating high prices will find themselves out of a job. The high point in wheat last year, the present market at Chicago shows a decline of 17 cents a bushel. The decline in corn from the high point of last year is 19 cents and oats 20 cents. In other words, the present wholesale price of oats is 32 per cent below the highest prices of last year. Corn is off 24 per cent, and wheat 14 per cent.

"These declines in grain are reflected in millfeeds. Wheat bran is now selling in the west at \$5 or \$6 a ton. Less than previous high quotations a decline of 21 per cent, while millings have declined at New York points about \$3 a ton or 12 per cent. Even cottonseed meal is off \$3 to \$4 or 8 and 10 per cent. Cotton itself is a fraction of a cent a pound less than in January, showing a decline of about 5 per cent.

"With good crops in 1910, we may expect the price of food to consumer to be considerably lower than during the past 12 or 18 months, although we do not look for a return to the phenomenally low prices of 19 or 20 years ago.
