The twenty Annual Meeting of the St. John Baptist Alumna Association, held in the Convent class-room on Sunday, Oct. 6th with a very good attendance of members.

The minutes of the last Annual Meeting were read, followed by the President's address in which she spoke of the necessity to train and direct children to make the most of their school years, the need of more devout prayer and the cultivation of a spirit of helpfulness, as opposed to a narrow selfishness so characteristic of our time.

The next number was "Convent Days" the Treasurer's report, showing a favorable balance after all obligations were paid was then read by Miss Eleanor Desroches.

Special Meetings At Cross Roads Christian Church

A special mission is being conducted by the Rev. James P. McLeod, M. A. of Toronto who is working with the All Canada Committee of Churches of Christ (Disciples) in Canada.

Mr. McLeod spoke to large and appreciative audiences on Sunday. In the morning on "The Church—The Body of Christ" and in the evening to a united meeting of the Cross Roads Christian Church and the Alexander Baptist Church on "The Promises of God."

During the week he is giving a series of five lectures on the origin, plea and programme of the church, emphasizing particularly their stand for Christian unity.

They have been preaching unity for the past 140 years, having originated in a desire for unity and in an attempt to practice unity.

At the service on Monday evening Mr. McLeod briefly sketched the beginnings of the movement in the early years of the 19th century and called attention to his rapid growth until now there are to be found in North America some 200 churches with a membership of nearly two million ministers.

Mr. McLeod went on to say that this unity movement, under God fitted in with his eternal purpose which he purposed in Christ Jesus to bring about the salvation of the world through the agency of a united church.

He emphasized the fact, that throughout the history of the movement attention has always been called to divisions in the church, "anti-Christian, anti-natural and anti-scriptural" and a call has always gone forth to Christians to unite and heal this open sore of the church.

Then, too, this movement for unity was a part of that great persistent in the church which kept calling, through the centuries, to the church to regain and maintain the unity of the people of God in spirit, peace and love.

And lastly Mr. McLeod said that this call to unity was the logical and natural fruit of the Protestant Reformation. The division of Protestantism was not caused by splits in the unity of the people of God, but by a great change which was a separate revolt against Rome led by such giant leaders as Luther, Zwingli, Calvin and Cranmer.

If these separate units could be brought together, each contributing the element of truth which it had, together they could go on together into a fuller and more worthy conception of the church and into greater triumphs of the cause of Christ.

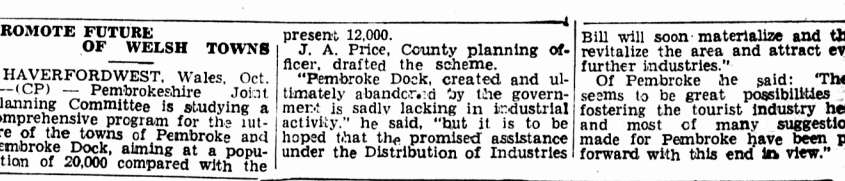

This unity movement began humbly at the beginning of the 19th century with at its inception a voice calling in the night of sectarianism. It was not popular. It was frowned upon. Men gloried in their divisions. Now a great change has come over the church. The road to unity is now open. The church is traveling it with zeal seeking the way. It is entering upon a new phase of its existence.

We members of these churches of this 19th Century movement for unity feel that we have had a part in bringing about this almost universal agreement to bring about a new government of the people of God that would might be saved.

These meetings at Cross Roads Church will continue until Friday night. (Patriot please copy.)
